be articulated from previous research and planning and designed sequentially to promote real and interesting learning scenarios and thereby achieve significant learning. From this perspective of teaching learning strategies, the reciprocal interaction between the student and the teacher becomes the focus of attention with a playful, motivating, interesting, and rewarding approach for the learner. The role of the teacher is conceived as fundamental in the teaching process to achieve the link between teaching learning and evaluation strategies. For this reason, multidisciplinary studies are welcome from all stages of the educational system with quantitative, qualitative, and mixed approaches and reviews promoting good teaching practices of reflection and innovation from these studies.

Methods for Teaching in Early Education Jennifer Ledford, Justin Lane, Erin Barton, 2019-03-04

Methods for Teaching in Early Education is a comprehensive textbook offering a thorough introduction to early childhood teaching methods with a particular focus on inclusive practices. Aligned with both NAEYC standards and CEC's Division for Early Childhood recommended practices, this text explores various early childhood teaching principles and strategies providing useful guidance for identifying and choosing between approaches. Covering topics from child directed strategies to working with professionals in early childhood, the authors provide extensive support to prepare teachers for classroom planning and instruction. Each chapter opens and closes with representative vignettes of the challenges faced by today's early educators and helpfully highlights key terms and objectives to inform learning goals. With the addition of sample worksheets, suggested exercises, and helpful references, this book fully supports future teachers in understanding how they might implement these strategies in practice. Methods for Teaching in Early Education will prove indispensable for students of teaching methods courses in both general and special education programs, providing a

comprehensive introduction to early childhood teaching strategies relevant for today's inclusive classrooms
