Monica Hill,2005-05-05 Many Chinese learners find it difficult to learn English words they are difficult to spell and say change forms from noun to adjective to verb have multiple meanings and are tricky to remember This book suggests ways that teachers can help their students to learn English words A problem frequently reported by Chinese learners is that they

are unable to pronounce words that they have met in written contexts They say their teachers have seldom taught them how to say the new words they find in their textbooks Research has shown that if Chinese learners are taught the pronunciation of new words when they first meet them the words are easier to learn Another problem is knowing when and how to use words accurately in the right context with the appropriate level of formality Harsh Words provides a theoretical background explaining how words are learned and then focuses on the Chinese learner in particular It covers vocabulary learning strategies learning words in isolation as well as in context testing vocabulary common Chinese errors with words and vocabulary activities to use in class One chapter deals with the use of IT in vocabulary development and suggests web sites and software that teachers may want to use with their students Each chapter contains tasks and revision questions while an answer key is provided at the end The book is written for teachers whether training to be English teachers or taking refresher courses postgraduate diplomas or Master s While much of the content is applicable to all levels of learners teachers in secondary schools and universities will find it most useful Proceedings of the Speech Prosody 2008 Conference ,

Classroom Research on Chinese as a Second Language Fangyuan Yuan, Shuai Li, 2019-04-24 This collection brings together a series of empirical studies on topics surrounding classrooms of Chinese as a second language L2 by drawing on a range of theoretical frameworks methodological strategies and pedagogical perspectives Over the past two decades research on classroom based second language acquisition SLA has emerged and expanded as one of the most important sub domains in the general field of SLA In Chinese SLA however scarce attention has been devoted to this line of research With chapters written by scholars in the field of SLA many of whom are experienced in classroom teaching teacher education or program administration in Chinese as a second language this book helps disentangle the complicated relationships among linguistic targets pedagogical conditions assessment tools learner individual differences and teacher variables that exist in the so called black box classrooms of L2 Chinese Lexical Errors and Accuracy in Foreign Language Writing María del Pilar Agustín Llach, 2011-07-18 Lexical errors are a determinant in gaining insight into vocabulary acquisition vocabulary use and writing quality assessment Lexical errors are very frequent in the written production of young EFL learners but they decrease as learners gain proficiency Misspellings are the most common category but formal errors give way to semantic based lexical errors as proficiency increases likewise the direct influence of the L1 also reduces in favour of more elaborated transfer mechanisms and L2 influence The different categories of lexical errors indicate the stage of learning This book uses a study of young EFL learners to suggest that lexical accuracy is a crucial component of writing assessment and that lexical errors are useful in predicting writing quality *Child Bilingualism and Second Language Learning* Fangfang Li, Karen E. Pollock, Robbin Gibb, 2020-11-15 This book focuses exclusively on child bilinguals or children exposed to a second language in various learning contexts Through the presentation of research on how children learn the sound systems or lexicon in two languages and via different routes the book aims to paint a comprehensive picture of child bilingualism and second language

learning In addition the book features contributions focused on theoretical overviews and methodological approaches Researchers from diverse disciplines such as linguistics psychology and speech language pathology contributed to the book that thus represents an effort to integrate multiple views and perspectives The book is useful for researchers clinicians and educators who work with children acquiring or learning a second language in different settings It should also be of interest to university students studying bilingualism and or second language acquisition or parents raising bilingual children A Corpus Study of Collocation in Chinese Learner English Yuanwen Lu,2016-12-08 Based on two corpora LOCNESS Louvain Corpus of Native English Essays and MLC Non English major Mainland Chinese Learner Corpus this book explores the grammatical and lexical collocations of Chinese learner English As one of the first systematic studies to investigate collocations in Chinese learner English based on learner corpora this book provides significant implications for foreign language teaching and learning **Doctoral Dissertations on China and on Inner Asia, 1976-1990** Patricia Polansky,Anna Leon Shulman,1998-10-15 A guide to the thesis literature on China and Inner Asia written between 1976 and 1990 Includes more than 10 000 entries for dissertations in the arts and sciences law medicine theology engineering and other disciplines Entries are grouped in topical chapters and each entry includes bibliographic information and an abstract
