

Egon Schiele 18901918

S Ashworth

Egon Schiele 1890-1918:

Egon Schiele, 1890-1918 Reinhard Steiner, Egon Schiele, 2000 Schiele had the most long lasting influence on the Vienna art scene after the great era of Klimt came to a close After a short flirtation with the style of his mentor Klimt Schiele soon questioned the aesthetic orientation to the beautiful surface of the Viennese Art Nouveau with his rough and not easily accessible paintings

Egon Schiele, 1890-1918 Serge Sabarsky, 1990 Egon Schiele Esther Selsdon, Jeanette Zwingenberger, 2012-01-17 Egon Schiele's work is so distinctive that it resists categorisation Admitted to the Vienna Academy of Fine Arts at just sixteen he was an extraordinarily precocious artist whose consummate skill in the manipulation of line above all lent a taut expressivity to all his work Profoundly convinced of his own significance as an artist Schiele achieved more in his abruptly curtailed youth than many other artists achieved in a full lifetime His roots were in the Jugendstil of the Viennese Secession movement Like a whole generation he came under the overwhelming influence of Vienna's most charismatic and celebrated artist Gustav Klimt In turn Klimt recognised Schiele's outstanding talent and supported the young artist who within just a couple of years was already breaking away from his mentor's decorative sensuality Beginning with an intense period of creativity around 1910 Schiele embarked on an unflinching exposé of the human form not the least his own so penetrating that it is clear he was examining an anatomy more psychological spiritual and emotional than physical He painted many townscapes landscapes formal portraits and allegorical subjects but it was his extremely candid works on paper which are sometimes overtly erotic together with his penchant for using under age models that made Schiele vulnerable to censorious morality In 1912 he was imprisoned on suspicion of a series of offences including kidnapping rape and public immorality The most serious charges all but that of public immorality were dropped but Schiele spent around three despairing weeks in prison Expressionist circles in Germany gave a lukewarm reception to Schiele's work His compatriot Kokoschka fared much better there While he admired the Munich artists of Der Blaue Reiter for example they rebuffed him Later during the First World War his work became better known and in 1916 he was featured in an issue of the left wing Berlin based Expressionist magazine Die Aktion Schiele was an acquired taste From an early stage he was regarded as a genius This won him the support of a small group of long suffering collectors and admirers but nonetheless for several years of his life his finances were precarious He was often in debt and sometimes he was forced to use cheap materials painting on brown wrapping paper or cardboard instead of artists paper or canvas It was only in 1918 that he enjoyed his first substantial public success in Vienna Tragically a short time later he and his wife Edith were struck down by the massive influenza epidemic of 1918 that had just killed Klimt and millions of other victims and they died within days of one another Schiele was just twenty eight years old

Between Ruin and Renewal Professor Kimberly A Smith, Kimberly A. Smith, Egon Schiele, 2004-01-01 Smith takes a provocative look at the fascinating and beautiful landscapes painted by Austrian artist Egon Schiele 1890-1918 renowned for his intensely confrontational portraits self portraits erotic images and

allegories 90 illustrations 50 in color **Emotions in Europe, 1517-1914** Katie Barclay, François Soyer, 2021-07-27 This volume of primary sources focuses on the history of emotions in Europe and its empires between 1789 and 1914 The study ends with WW1 by which point psychology and modern frameworks for the self had become standard knowledge The study examines the subjects of the self family and community religion politics and law science and philosophy and art and culture Sources include letters diaries legal papers institutional records newspapers science and philosophical writings literature and art from a diversity of voices and perspectives Accompanied by extensive editorial commentary this collection will be of great interest to students of history and literature Rethinking Vienna 1900 Steven Beller, 2001 Fin de siècle Vienna remains a central event in the birth of this century's modern culture This text offers alternative ways of understanding the subject through the concept of critical modernism and the integration of previously neglected subjects *Constructing the Viennese Modern Body* Nathan Timpano, 2017-05-25 This book takes a new interdisciplinary approach to analyzing modern Viennese visual culture one informed by Austro-German theater contemporary medical treatises centered on hysteria and an original examination of dramatic gestures in expressionist artworks It centers on the following question How and to what end was the human body discussed portrayed and utilized as an aesthetic metaphor in turn of the century Vienna By scrutinizing theatrically hysterical performances avant-garde puppet plays and images created by Oskar Kokoschka Koloman Moser Egon Schiele and others Nathan J Timpano discusses how Viennese artists favored the pathological or puppet-like body as their contribution to European modernism **Neurological Disorders in Famous Artists - Part 3** J. Bogousslavsky, M. G. Hennerici, H. Bänzner, C. Bassetti, 2010-04-01 The third part of *Neurological Disorders in Famous Artists* presents painters musicians and writers who had to fight against an acute or chronic neurological disease Sometimes this fight was without success e.g. Shostakovich Schumann Wolf Pascal but often a dynamic and paradoxical creativity of the clinical disorder was integrated into their artistic production e.g. Klee Ramuz Occasionally some even wrote the first report of a medical condition they observed in themselves like Stendhal who made a detailed report of aphasic transient ischemic attacks before dying of stroke shortly thereafter In rarer instances a neurological disease was inaccurately attributed to an artist in order to explain certain features of his work de Chirico Schiele Some chapters in this publication focus on neurological conditions reported in artistic work including descriptions by Shakespeare and Dumas Bringing new light to both artists and neurological conditions this book serves as a valuable and entertaining read for neurologists psychiatrists physicians and anybody interested in arts literature and music Pandemic Re-awakenings Guy Beiner, 2021-12-30 A multi-level and multi-faceted exploration of a century of remembering forgetting and rediscovering the influenza pandemic of 1918-1919 arguably the greatest catastrophe in human history Twenty-three researchers chart the worldwide historiographical neglect and silences and trace vestiges of social and cultural memories of this pandemic **The Routledge Companion to Art and Disability** Keri Watson, Timothy W. Hiles, 2022-03-30 *The Routledge Companion to Art and Disability* explores disability in visual culture to uncover the ways

in which bodily and cognitive differences are articulated physically and theoretically and to demonstrate the ways in which disability is culturally constructed This companion is organized thematically and includes artists from across historical periods and cultures in order to demonstrate the ways in which disability is historically and culturally contingent The book engages with questions such as How are people with disabilities represented in art How are notions of disability articulated in relation to ideas of normality hybridity and anomaly How do artists use visual culture to affirm or subvert notions of the normative body Contributors consider the changing role of disability in visual culture the place of representations in society and the ways in which disability studies engages with and critiques intersectional notions of gender race ethnicity class and sexuality This book will be particularly useful for scholars in art history disability studies visual culture and museum studies

Art Books Wolfgang M. Freitag, 2013-10-28 First published in 1997 For this second edition of Art Books A Basic Bibliography of Monographs on Artists the vast number of new books published since 1985 was surveyed and evaluated This has resulted in the selection of 3 395 additional titles These selections reflective of the increase in the monographic literature on artists during the last ten years are evidence of the activities of a larger number of art historians in more countries worldwide of the increasingly diverse and ambitious exhibition programs of museums whose number has also increased dramatically and also of a lively international art market and the attendant gallery activities The selections of the first edition have been reviewed errors have been corrected and important new editions and reprints have been noted The second edition contains 278 names of artists not represented in the first edition

This Exquisite Loneliness Richard Deming, 2023-10-03 Rich and sensitive The Wall Street Journal Loneliness is everywhere these days But this book will chase some of it away and maybe replace it with connection Patton Oswalt Emmy and Grammy winning comic A examination of the life and work of six brilliant minds of the twentieth century intent on answering the question What can be done not despite but because of loneliness At an unprecedented rate loneliness is moving around the globe from self isolating technology and political division to community decay and social fragmentation and yet it is not a feeling to which we readily admit It is stigmatized freighted with shame and fear and easy to dismiss as mere emotional neediness But what if instead of shying away from loneliness we embraced it as something we can learn from and as something that will draw us closer to one another In This Exquisite Loneliness Richard Deming turns an eye toward that unwelcome feeling both in his own experiences and the lives of six groundbreaking figures to find the context of loneliness and to see what some people have done to navigate this profound sense of discomfort Within the back stories to Melanie Klein s contributions to psychoanalysis Zora Neale Hurston s literary and ethnographic writing the philosophical essays of Walter Benjamin Walker Evans s photography of urban alienation Egon Schiele s revolutionary artwork and Rod Serling s uncanny narratives in The Twilight Zone Deming explores how loneliness has served as fuel for an intense creative desire that has forged some of the most original and innovative art and writing of the twentieth century This singular meditation on loneliness reveals how we might transform the pain of

emotional isolation and become more connected to others and more at home with our often unquiet selves *Individuation for Adult Replacement Children* Kristina E. Schellinski, 2019-10-02 Kristina E Schellinski uncovers the hidden trauma of the replacement child born into an atmosphere of grief to substitute for a lost sibling or other person and helps adult replacement children discover the uniqueness of their self Schellinski combines Jungian theory with research from over 20 years of clinical practice to demonstrate how adult replacement children who suffer from physical and psychological distress can rediscover the essence of their being in the transformative process of individuation Theoretical yet practical the book discusses core concepts of analytical psychology psychoanalysis and attachment theory and detailed case studies address grief guilt identity formation relational challenges and shadow aspects Schellinski explores how Jung's birth after three dead children impacted his search for self and his theory and discloses her own personal experience On treatment and prevention she argues that by recognising elements of the condition clinicians can facilitate acceptance compassion and healing and help reduce transgenerational transmission This book is an indispensable tool for clinicians analytical psychologists psychodynamic psychotherapists and those in other medical professions and will be of great interest to academics and readers interested in Jungian studies and existential questions It offers adult replacement children and their families hope for a psychological rebirth

Expressionists Merilyn Holme, Bridget McKenzie, 2003 Discusses the characteristics of the Expressionism movement which flourished in Germany from 1905 to 1920 and presents biographies of fourteen Expressionist artists

Erasures and Eradications in Modern Viennese Art, Architecture and Design Megan Brandow-Faller, Laura Morowitz, 2022-09-23 *Erasures and Eradications in Modern Viennese Art Architecture and Design* challenges the received narrative on the artists exhibitions and interpretations of Viennese Modernism The book centers on three main erasures the erasure of Jewish artists and critics erasures relating to gender and sexual identification and erasures of other marginalized figures and movements Restoring missing elements to the story of the visual arts in early twentieth century Vienna authors investigate issues of gender race ethnic and sexual identity and political affiliation Both well studied artists and organizations such as the Secession and the Austrian Werkbund and iconic figures such as Klimt and Hoffmann are explored as are lesser known figures and movements The book's thought provoking chapters expand the chronological contours and canon of artists surrounding Viennese Modernism to offer original nuanced and rich readings of individual works while offering a more diverse portrait of the period from 1890 through World War II and into the present The book will be of interest to scholars working in art history history design history architectural history and European studies

Catalog of the Library of the Museum of Modern Art: Rej Museum of Modern Art (New York, N.Y.). Library, 1976 *Painting and Sculpture in Europe, 1880-1940* George Heard Hamilton, 1993-01-01 This new edition of a book that offers the best available grounding in its huge subject as the Sunday Times called it includes color plates and a revised and expanded bibliography Professor Hamilton traces the origins and growth of modern art assessing the intrinsic qualities of individual works and describing the social

forces in play The result is an authoritative guide through the forest of artistic labels Impressionism and Expressionism Symbolism Cubism Constructivism Surrealism etc and to the achievements of Degas and Cezanne Ensor and Munch Matisse and Kandinsky Picasso Braque and Epstein Mondrian Dali Modigliani Utrillo and Chagall Klee Henry Moore and many other artists in a revolutionary age

The Naked Truth Alys X. George, 2022-01-21 In the popular imagination turn of the century Vienna is a cerebral place marked by Freud the discovery of the unconscious and the advent of high modernist culture But as historian Alys George argues this stereotype of Viennese Modernism as essentially heady overlooks a rich cultural history of the body in the period Spanning 1870 to 1930 The Naked Truth is an interdisciplinary tour de force that recasts the visual literary and performative cultures of the era and offers an alternative genealogy of this fascinating moment in the history of the West Starting with the Second Vienna Medical School and its innovations in anatomy and pathology George traces an emerging culture of bodily knowledge by analyzing a variety of written and visual media including theater and dance and by drawing connections between scientific and artistic discourses Paying equal attention to both low and high culture bringing gender and class issues back to the fore and highlighting the role of female thinkers and writers George's book makes a signal contribution to our understanding of late nineteenth and early twentieth century Viennese and European culture The Naked Truth shows us that the inward turn cannot be understood until it is set against the backdrop of a culture obsessed with exploring and displaying humanity in its embodied carnal form

Dictionary of Artists' Models Jill Berk Jimenez, 2013-10-15 The first reference work devoted to their lives and roles this book provides information on some 200 artists models from the Renaissance to the present day Most entries are illustrated and consist of a brief biography selected works in which the model appears with location a list of further reading This will prove an invaluable reference work for art historians librarians museum and gallery curators as well as students and researchers

Bibliography of German Expressionism Robert Gore Rifkind Center for German Expressionist Studies. Library, 1990

Yeah, reviewing a books **Egon Schiele 18901918** could be credited with your close associates listings. This is just one of the solutions for you to be successful. As understood, expertise does not recommend that you have astonishing points.

Comprehending as with ease as settlement even more than other will offer each success. next-door to, the statement as well as perspicacity of this Egon Schiele 18901918 can be taken as capably as picked to act.
