Eighth Continent:

Madagascar: The Eighth Continent Peter Tyson, 2013-05-21 Delve into the magic and mystery of the world's fourth largest island Madagascar *The 8th Continent* Matt London, 2014-09-16 HAVE YOU EVER WANTED TO CREATE A PLACE WHERE YOU COULD MAKE YOUR OWN RULES Evie and Rick Lane are determined to transform the Great Pacific Garbage Patch a real life pile of floating garbage into an eighth continent using a special formula developed by their father This new continent will be a place where their family can make their own rules and live free from the intervention of Winterpole a global governing agency run by bumbling bureaucrats But eleven year old pink and plastic obsessed Vesuvia Piffle the secret mastermind behind the villainous Condo Corp also has her sights set on this new land and she wants to use it to build a kind of Miami on steroids Now it's a race against time and across the world as the kids gather the items they need to create their continent Because whoever controls the eighth continent controls our future And the future can't be both green and pink BUILD IT RUN IT RULE IT at 8thContinentBooks.com *Flight from Certainty*, 2021-11-01 **Vanished Islands and Hidden Continents of the Pacific** Patrick D. Nunn, 2008-10-31 Islands as well as entire continents are reputed to have disappeared in many parts of the world Yet there is little information on this subject concerning its largest ocean the Pacific Over the years geologists have amassed data that point to the undeniable fact of islands having disappeared in the Pacific a phenomenon that the oral traditions of many groups of Pacific Islanders also highlight There are even a few instances where fragments of Pacific continents have disappeared becoming hidden from view rather than being submerged In this scientifically rigorous yet readily comprehensible account of the fascinating subject of vanished islands and hidden continents in the Pacific the author ranges far and wide from explanations of the region's ancient history to the meanings of island myths Using both original and up to date information he shows that there is real value in bringing together myths and the geological understanding of land movements A description of the Pacific Basin and the ups and downs of the land within its vast ocean is followed by chapters explaining how long before humans arrived in this part of the world islands and continents that no longer exist were once present A succinct account is given of human settlement of the region and the establishment of cultural contexts for the observation of occasional catastrophic earth surface changes and their encryption in folklore The author also addresses the persistent myths of a sunken continent in the Pacific which became widespread after European arrival and were subsequently incorporated into new age and pseudoscience explanations of our planet and its inhabitants Finally he presents original data and research on island disappearances witnessed by humans recorded in oral and written traditions and judged by geoscience to be authentic Examples are drawn from throughout the Pacific showing that not only have islands collapsed and even vanished within the past few hundred years but that they are also liable to do so in the future **Welcome to the Jungle** Matt London, 2015-02-24 WHAT IF YOU BUILT A CONTINENT OF YOUR OWN AND WHAT IF IT WAS ON A COLLISION COURSE WITH AUSTRALIA Rick and Evie Lane have finally converted the Great

Pacific Garbage Patch into an eighth continent But their dream of a new homeland for their family turns out to be short lived Because when robots from the villainous Condo Corp crash into their continent a fatal oversight in the building process is revealed the land mass was never anchored to the ocean floor Now the eighth continent is sent barreling toward the coast of Australia thrusting Rick and Evie s dreams 23 million people and countless plants and animals into jeopardy If Rick and Evie are ever to get their family back together and have a continent to run and not run after they must find a way to root their beloved paradise to the Earth s crust Or else everything that they built will go pow like Pangaea BUILD IT RUN IT RULE IT at 8thContinentBooks com *We Built This City* Matt London,2016-02-23 WHO WILL FINALLY RULE THE EIGHTH
