## **Economic Growth And Distribution In China:**

*Economic Growth and Distribution in China* Nicholas R. Lardy, 1978-08-31 This study focuses on the China's leadership's attempt to improve economic efficiency by decentralizing economic management. *Economic Growth and Income Distribution in the Development of China's Dual Economy* Wang Dihai, 2023-02-28 Since the start of the process of economic reform in 1978 China has maintained the structure of a dual economy with concurrent development of the agricultural and industrial sectors. This book explores the key issues of China's economic growth and income distribution in this context. Pivoting on analysis of China's real GDP and growth rate the first part of the book analyzes the evolution of economic growth and characteristics of economic structural changes across a period of forty years scrutinizing the different determinants that contribute to growth. Then chapters in the second part of the volume study the relationship between China's economic growth and economic development elucidating the mechanism of interaction between the former and key factors of the latter including investment housing education and healthcare. The final chapters center on the development and current landscape of income distribution providing explanation for sharpening income inequalities and advancing suggestions and feasible solutions to the problem of income gap. This book is targeted at scholars students and policymakers interested in China's economy income distribution and economic growth. *Economic Growth, Income Distribution and Poverty Reduction in Contemporary China* Shujie Yao, 2004-11-10 Yao reviews the economic development history of contemporary China from 1949 up to today paying special attention to the interface among growth inequality and poverty reduction. **The Influence of International Trade on Economic Growth and Distribution in Developing Countries** Tobias Bidlingmaier, 2010 The economies of developing countries today are highly integrated into world markets. Trade volumes in relation to the overall size of the economy are often much higher in developing countries than in industrial ones. The question that emerges from this trend is What impact does international trade have on economic growth and distribution in developing countries. In order to answer this question the present study derives empirical testable hypotheses from theoretical models thereby bridging the existing gap between theory and empirical studies. A broad range of trade variables derived from a growth model incorporating features from the new growth theories suggest deeper effects of trade on economic development that go beyond the standard openness correlations. Likewise the simulation of a trade reform on goods and factor prices shows insightful results on welfare changes for various Thai household categories. The distributional impacts do not correspond with the simple dichotomy of the rich getting richer and the poor becoming poorer. *Forty Years of Renovating the Income Distribution in China* Heng Quan, 2021-02-15 This book focuses on an attractive theoretical subject as well as a practical issue which analyses the inner relationship of economic growth and income distribution in China. During the forty years of China's reform and opening up many influential changes occurred in the structure of the national income distribution the mechanism of income distribution and the policies of distributing income with the high speed development of China. From

historical and regional analysis this book collects a good deal of data and objectively summarizes the practice and experience of renovation of income distribution in China Based upon the summary and conclusion above the book paraphrases and creates a conceptual mechanism a basic theory and a basic methodology of socialism with Chinese characteristics and discovers the internal rules of the changing relationship between high speed economic development and income distribution in China to guide and facilitate the further improvement and innovative development of income distribution in China Furthermore the book enriches the political economy theory of socialism with Chinese characteristics in the aspect of practical experience as well as theory

Income Distribution And China's Economic "New Normal" Haiyuan Wan, Shi Li, 2019-08-15 As the Chinese economy has moved to a New Normal of slower growth and changed model of development its income distribution is being affected in a number of ways What exactly are the impacts brought by the new changes How should we view China's income distribution on the whole What trend will we see in the future With regard to these and other questions that arise against the backdrop of the economic New Normal the book provides an in depth analysis of the new issues characteristics and trends in relation to income growth rates income and wealth gaps and the proportion of personal income in China

*China's Economic New Normal* Fang Cai, 2020-03-11 This timely volume on China's economic New Normal features articles by leading scholars from the Chinese Academy of Social Sciences and other research institutions across the country A broad range of perennial as well as hot bottom topics related not just to economic growth but also to its social and political ramifications are covered including patterns of growth income distribution domestic consumption the global economic dynamics and policy responses to these and other developments Contributors not only combine theoretical and empirical analyses of these critical issues but also examine the historical background and the social context to what may be one of the most significant developments not just for China but also for the rest of the world

Growth, Distribution and Political Change Malcolm Falkus, Kwan S. Kim, Ryoshin Minami, 1999-09-17 Continuing the inequality and development debate originally ushered in by Kuznets this book extends to the possible sociopolitical disruptions of growing inequality and its ramifications for growth and development Comparing a range of countries in Asia and beyond the book examines the relationships between growth distribution and politics Theoretical and empirical studies are backed up by discussion of historical developments in this interdisciplinary study which will interest political scientists sociologists historians and economists

**MAJOR POVERTY ELIMINATION MEASURES IN CHINA** Luo Liangqing, Ping Weiying, 2023-12-12 Poverty eradication is a common challenge faced by human beings As the largest developing country China has always placed poverty alleviation at a prominent position in its governance On February 25 2021 China fully completed its poverty alleviation goals and tasks and the issue of absolute poverty was historically resolved which greatly accelerated global poverty reduction process and wrote a new chapter in history of human anti poverty From the perspective of development economics this book taking economic growth and distributional regulation as the core thread and public services social

security ecological environmental protection as key elements systematically sorts out through theoretical logic of poverty reduction in China's poverty eradication period discusses and analyses implementation path of China's important poverty reduction measures summarizes and shares China's poverty reduction experience in winning battle against poverty which contributes Chinese wisdom and Chinese proposals to cause of global poverty reduction The book consists of 7 chapters roughly divided into three parts The first part systematically analyzes basic features policy system framework and implementation mechanism of China's poverty eradication and the results achieved from the perspective of international poverty reduction The second part elaborates on theoretical logic paths and policies and practical experience of poverty reduction from five aspects economic growth distribution regulation public services social security and ecological environmental protection The third part summarizes China's experience in poverty alleviation from multiple perspectives

Economic Growth and Income Distribution in the Development of China's Dual Economy Wang Dihai, 2022-02-10 Since the start of the process of economic reform in 1978 China has maintained the structure of a dual economy with concurrent development of the agricultural and industrial sectors This book explores the key issues of China's economic growth and income distribution in this context Pivoting on analysis of China's real GDP and growth rate the first part of the book analyzes the evolution of economic growth and characteristics of economic structural changes across a period of forty years scrutinizing the different determinants that contribute to growth Then chapters in the second part of the volume study the relationship between China's economic growth and economic development elucidating the mechanism of interaction between the former and key factors of the latter including investment housing education and healthcare The final chapters center on the development and current landscape of income distribution providing explanation for sharpening income inequalities and advancing suggestions and feasible solutions to the problem of income gap This book is targeted at scholars students and policymakers interested in China's economy income distribution and economic growth *Chung-kuo Nung Yeh*, 1983

**Research on China's Monetary Policy System and Conduction Mechanism** Wei Liu, 2023-03-28 This book chooses four different transmission mechanisms of interest rate credit exchange rate and asset price to study whether China's monetary policy has an impact on these four transmission mechanisms and then studies whether these four transmission mechanisms have an impact on the macroeconomy so as to determine the impact of China's monetary policy on macro goals

China's Economic Growth Prospects Cai Fang, 2016-01-29 China has grown rapidly since the reform initiation of the 1970s China's Economic Growth Prospects narrates the contribution of demographic transition to recent economic growth in China and provides suggestions for ways in which it can sustain growth over the next few decades The expert author provides reasons for the economic slowdown since the second decade of the twenty first century explores the challenges facing China's long term sustainability of growth with the disappearance of demographic dividend and proposes policy suggestions He concludes that in order to avoid the middle income trap economic growth in China must transform from an

inputs driven pattern to a productivity driven pattern Academics researchers and students of economics and business particularly those specialising in China will find this book to be a useful resource Investment bankers journalists politicians and policy makers will find the discussions of past experience and the future potential of the Chinese economy to be of interest

**Demographic Perspective of China's Economic Development** Cai Fang, 2020-05-17 China is historically famous for its high demographic dividend and its huge working population and this has driven tremendous economic growth over the past few decades However that population has begun to shrink and the Lewis turning point whereby surplus rural population has been absorbed into manufacturing is also approaching leading to great change in the Chinese labor market Will this negatively affect China's economic growth Can the Middle Income Trap be avoided What reforms should be made on the labor supply side This book tackles these key questions This book is a collection of 14 papers presenting the author's observations analysis and opinions of China's long term economic development from the demographic perspective while analysing real economic problems from the past and including policy recommendations It provides a critical reference for scholars and students interested in Chinese economic development and demographic perspectives on economic development

*China's Economic Development* Cai Fang, 2022-10-20 Cai Fang is one of China's most distinguished economists This book elucidates the worldwide significance of China's economic development over the past 70 years from the perspectives of economic history and growth theory The Chinese economy has undergone an unprecedented period of growth and development since the reform and opening up in the late 1970s a process which the hallmarks of neoclassic economic theory have often proved inadequate to explain Examining the Chinese economy in the light of Chinese history and the development of the world economy as a whole the book charts the milestones and critical reforms of China's economic development providing insights into unique attributes as well as more generic patterns The discussion covers multiple hot topics in the field including the so called Great Divergence dual sector economic development real world experience of the reform and opening up rural reform urbanization economic reform poverty reduction the latter day slowdown of China's economic growth and China's role in and response to globalization global supply domination and other headwinds The book will be a must read for students scholars and general readers interested in the Chinese economy economic development political economy and development economics

**Assessing China's Impact on Poverty in the Greater Mekong Subregion**

Hosseini Jalilian, 2013-09-26 Since the dawn of the industrial revolution and the ushering in of an era of global economic relations the United States and Europe have been the core poles of economic power However China along with India are increasingly challenging the traditional economic hegemony An issue of great importance is how this shift in the global economic balance of power will affect developing economies and the transition economies of the Greater Mekong Subregion GMS which are located in China's backyard and deeply integrated into its economy through regional supply chains This volume examines the relationship between transition economies and the rise of China through presenting empirical case

studies from the GMS In doing so it offers insights into the effect of China on developing countries in general and offers practical policy directions for the place specific economies of the GMS

*The Basic Income Distribution System of China* Changhong Pei,Zhen Wang,Jingfang Sun,2020-03-28 This book aims to explain and explore the distribution mechanism adopted by China which prioritizes distribution according to performance while taking factors of production into consideration This mechanism is designed in the context of current market oriented economy but it also leads to problems such as the widening income gap among the citizens Besides serving for economic growth the authors proposed balancing the interests through policies among different groups as one of the key role for distribution system which may slow down or even stop the trend of widening income gap And the authors also provided possible measures for this purpose

*Challenges and Solutions to China's Modernization Process* Fang Cai,2024-05-18 Focusing on these developing problems and growing troubles this book mainly discusses economic growth issues related to demographic transition as well as livelihood issues derived from them and closely related to policy logic It aims to make theoretical analysis and provide necessary international experience and lessons and put forward targeted policy advice This book proposes a three pronged pattern of competition policy industrial policy and social policy to achieve productivity improvement and innovation momentum gives full play to China s super large market advantages attractiveness and negotiating position and promotes each other through domestic and international dual cycles to achieve a higher level of development

*The to Z of Taiwan (Republic of China)* John Franklin Copper,2010-04 Offers insight into Taiwan s situation through a chronology an introduction appendixes a map a bibliography and several hundred cross referenced dictionary entries on important people places events political parties and institutions as well as major political economic social and cultural aspects of this island country

*The A to Z of Taiwan (Republic of China)* John Franklin Copper,2010-04-01 Taiwan an island located off the east coast of southern China is the largest piece of territory under the jurisdiction of the nation known officially as the Republic of China Constant debate over whether Taiwan is its own sovereign state part of the Republic of China or part of the People s Republic of China has been going on for years With Chinese leaders in the People s Republic of China rejecting Taiwan s legal separation and vowing that they will resolve the Taiwan issue by military force if necessary and most citizens of Taiwan opposing unification with China in the short run it would appear that Taiwan faces some tough decisions ahead The A to Z of Taiwan Republic of China offers insight into Taiwan s situation through a chronology an introduction appendixes a map a bibliography and several hundred cross referenced dictionary entries on important people places events political parties and institutions as well as major political economic social and cultural aspects of this island country Whether or not Taiwan joins the People s Republic of China or gains its independence Taiwan s outcome is of the utmost importance and this reference provides the necessary information to understand its state of affairs
