The Idea of Home in Law Dr Lorna Fox O'Mahony, Professor James A Sweeney, 2013-02-28 The Idea of Home in Law Displacement and Dispossession explores an important set of legal and policy issues surrounding the concepts of home and homelessness taking a growing area of legal scholarship into the new arena of human rights and international law The collection considers the ideas concerning home both in the sense of the dwelling place as a special type of property and territorial claims to homeland which underpin many contemporary legal problems by examining a range of contexts where people are displaced or dispossessed from their homes The essays focusing on dispossession consider themes ranging from mortgage and rent arrears in the UK to responses to the foreclosure crisis in the USA and from eviction for the purposes of economic development in South Africa to the exclusion of asylum seekers from the UK s social housing and welfare provision and within the framework of the European Convention on Human Rights The

displacement theme meanwhile examines transnational home issues from the experiences of exiles and refugees in areas of conflict to the impact of the broader context of economic social and cultural rights on attempts to protect housing and home through international law At the heart of each essay the contributors experts from across the fields of law policy and housing rights examine the circumstances in which displacement and dispossession take place and reconsider how law and policy respond to such circumstances with a particular focus on the impact of loss of home for the human person At a time of particular and increasing concern about security of tenure and the role of law and policy in protecting people who are vulnerable to forced eviction *The Idea of Home in Law* presents a bold opportunity to raise questions about the rights and norms associated with housing and home and to generate new insights for scholarship and for national and international policy debates concerning displacement and dispossession

Economic Principles and Problems Geoffrey Schneider, 2021-11-29 *Economic Principles and Problems* A Pluralistic Introduction offers a comprehensive introduction to the major perspectives in modern economics including mainstream and heterodox approaches Through providing multiple views of markets and how they work it leaves readers better able to understand and analyze the complex behaviors of consumers firms and government officials as well as the likely impact of a variety of economic events and policies Most principles of economics textbooks cover only mainstream economics ignoring rich heterodox ideas They also lack material on the great economists including the important ideas of Adam Smith Karl Marx Thorstein Veblen John Maynard Keynes and Friedrich Hayek Mainstream books tend to neglect the kind of historical analysis that is crucial to understanding trends that help us predict the future Moreover they focus primarily on abstract models more than existing economic realities This engaging book addresses these inadequacies Including explicit coverage of mainstream economics and the major heterodox schools of economic thought institutionalists feminists radical political economists post Keynesians Austrians and social economists it allows the reader to choose which ideas they find most compelling in explaining modern economic realities Written in an engaging style and focused on real world examples this textbook brings economics to life Multiple examples of how each economic model works coupled with critical analysis of the assumptions behind them enable students to develop a sophisticated understanding of the material Digital supplements are also available for students and instructors *Economic Principles and Problems* offers the most contemporary and complete package for any pluralist economics class
