Edward Hopper Spanish Text:

Spanish New York Narratives 1898-1936 David Miranda-Barreiro, 2017-07-05 In the early decades of the twentieth century New York caught the attention of Spanish writers. Many of them visited the city and returned to tell their experience in the form of a literary text. That is the case of *Pruebas de Nueva York* 1927 by Jose Moreno Villa 1887-1955, *El crisol de las razas* 1929 by Teresa de Escoriaza 1891-1968, *Anticipolis* 1931 by Luis de Oteiza 1883-1961, and *La ciudad automática* 1932 by Julio Camba 1882-1962. In tune with similar representations in other European works, the image of New York given in these texts reflects the tensions and anxieties generated by the modernisation embodied by the United States. These authors project onto New York their concerns and expectations about issues of class, gender, and ethnicity that were debated at the time in the context of the crisis of Spanish national identity triggered by the end of the empire in 1898.

Mother & Myth in Spanish Novels Sandra J. Schumm, 2011-08-16 What if the goddess Athena who sprang fully grown from Zeus's head and denied she had a mother became aware of the compelling existence of her other parent? What if she discovered that her mother Metis, first wife of Zeus and wiser than all gods and mortal men according to Hesiod, was swallowed by her father and continued to impart her wisdom to him from inside his belly? Recent Spanish novels by women parallel this hypothetical situation based on Greek myth by featuring female protagonists who obsessively re-examine the lives of their mothers, seeking to know and understand them. In *Mother and Myth in Spanish Novels* Sandra J. Schumm examines six narratives by Spanish authors published since 2000 that focus on a daughter's search to know more about her matriarchal heritage: Carme Riera's *La mitad del alma*, Lucía Etxebarria's *Un milagro en equilibrio*, Rosa Montero's *El corazón del tartar*, Cristina Cerezales's *De oca a oca*, María de la Pau Janer's *Las mujeres que hay en mí*, and Soledad Purto's *Historia de un abrigo*. In each of these novels the protagonist realizes that failure to integrate the loss of her mother into her life results in the inability to define her self. Without valorization of the maternal subject, the legacy of the daughter is at risk; she is also objectified and swallowed, and the whole society suffers. The daughters' attention to their mothers in these novels is as if Athena had finally recognized that her mother Metis had been ingested by Zeus. The myth of Metis and Athena becomes a metaphor of the daughter's quest toward wholeness and individuation. In these works she begins to understand that her maternal legacy is a source of wisdom that has been obscured. These novels by Spanish women strengthen the mother's voice, rescue her from anonymity, and rewrite the matriarchal archetype.

Forth and Back Cintia Santana, 2013-06-27 *Forth and Back* broadens the scope of Hispanic trans-Atlantic studies by shifting its focus to Spain's trans-literary exchange with the United States at the end of the twentieth century. Santana analyzes the translation boom of U.S. literature that marked literary production in Spain after Franco's death and the central position that U.S. writing came to occupy within the Spanish literary system. Santana examines the economic and

literary motives that underlay the phenomenon as well as the particular socio cultural appeal that U S dirty realist writers which in Spain included authors as diverse as Charles Bukowski Raymond Carver and Bret Easton Ellis held for Spaniards in the 1980s Santana also studies the subsequent appropriation of this writing by a polemic group of young Spanish writers in the 1990s whoself consciously and insistently associated themselves with the U S Forth and Back illustrates that literary movements do not unilaterally spread rather those that flourish take root in fertile soil and are transformed in their travel by the desires creative choices and practical constraints of their differing producers and consumers It is precisely in the crossing of these currents that plots thicken The translation of dirty realism its reception in Spain and its cultural legacy as appropriated by the young Spanish writers serve to interrogate a perceived U S hegemony If Spanish realismo sucio has been said to be symptomatic of the globalization of literature Forth and Back argues that the Spanish works in question posed a subtle reaffirmation of Spanish literature s strong ties to realist fiction a gesture of continuity in a decade that seemed to presence the undoing of much of Spain s Spanish ness Ultimately this project asks an ambitious pair of questions at the heart of human culture how do we read each other quite literally across geography and language How do we construct others and ourselves vis vis those readings

Remaining in Light John Taggart, 1993-01-01 This is the first sustained critical examination of the work of Edward Hopper a major twentieth century American painter It is a sequence of meditations on his painting *A Woman in the Sun* Each meditation informed by Derrida s conception of the supplement is about both the painting and about the nature of the reading process

The Spanish Hermes and Wisdom Traditions in Medieval Iberia Juan Udaondo Alegre, 2024-11-05 A captivating study of translation adaptation and intellectual cross pollination that situates the Castilian Hermes in the center of medieval Mediterranean cultural exchange Hermes Trismegistus a Hellenistic conflation of the Greek Hermes god of interpretative wisdom and the Egyptian Thoth god of wisdom was considered by many in the medieval world as the father of culture Between c 300 BCE c 1200 CE various treatises were attributed to the legendary sage becoming known as the Hermetica a combination of diverse philosophical and spiritual systems addressing subjects such as alchemy magic and astrology The Hermetica circulated widely with premodern translations in Latin Hebrew Syriac Persian Arabic and other Eastern languages Whilst these iterations have been thoroughly researched little attention has been paid to the Castilian Hermes the first rendition of the wisdom traditions of Hermes Trismegistus in a Romance language This book follows the ways in which Hermetic knowledge was brought to the Iberian Peninsula showing how Hermes became the philosophical and spiritual inspiration for Christian Arabic and Jewish scholars there Udaondo Alegre unveils the pivotal role of King Alfonso X the Learned of Castile 1252-84 in creating this Spanish Hermes Through the meticulous tracing of source texts and literary influences the author explores the myriad ways in which Hermes crossed religious and linguistic boundaries to embody a composite intellectual identity emblematic of medieval Spain

s multicultural ethos Alfonso s court is revealed as the site for a unique convergence of translation and interpretation that shaped a distinctly Hispanic Hermes

The Life of the Soul in Early Modern Spanish Literature and Culture Esther Fernández, 2025-04-07

Understanding the soul s essence is an elusive pursuit rendering any attempt to write about it akin to grasping at a mirage As a sublime subject the soul has captivated human thought for centuries How do we approach it How can we define its boundaries This exploration offers an experimental investigation into the soul s complexities during one of Spain s most turbulent periods the dawn of modernity Set against the spiritual backdrop of the 17th century these reflections examine how materiality ensnared individuals in artifice often neglecting expansionism s social and political consequences The Twelve Years Truce 1609 and the Thirty Years War 1618 1648 marked critical moments of instability further compounded by economic depression and social turmoil In this landscape of despair the Spanish soul sought refuge inwardly and through indulgence in worldly pleasures Through metaphysical inquiry emotional depth and the role of animated matter in art and theater this book reflects on existence amid the illusions of early modern Spain

Searching for Presence Robert W. Greene,2022-04-11 Yves Bonnefoy's writings have won him praise not only from readers and critics of French poetry but also thanks to translations into many other languages from readers and critics of poetry far beyond the francophone world Indeed Bonnefoy may be the most admired poet to have emerged in France since World War II Yet his art criticism dazzling in its scope possibly as original as his poetry is yet to receive the attention it deserves Searching for Presence Yves Bonnefoy's Writings on Art undertakes to fill that lacuna Elusive skirting the ineffable the notion of presence has haunted Bonnefoy for decades Central to the notion for the poet is the fleeting experience of mutuality between self and other of lightning transaction in a transient world of a shared mortal destiny hence a plenitude within finitude In an age when so many of his contemporaries seem to view any form of art as wallpaper spanning a void Bonnefoy's faith in presence is all the more welcome Focusing on his art criticism the aspect of the poet's oeuvre in which the notion of presence is the most salient this study tries to do justice to that fidelity

The Embarrassment of Being Human Benjamin Boysen,2024-12-24 With the message that everything in a sense is alive thus allowing us to join forces with new politico ethical communities stretching across human and nonhuman realms the new materialisms have captivated the minds of many academics artists and intellectuals by stressing that it is time to return to a premodern mindset and discard modernity and its concepts of secularization autonomy and finitude The Embarrassment of Being Human not only demonstrates how these magical materialisms are beset by grave theoretical and practical inconsistencies and self contradictions It also demonstrates how their demand for humans to step down and allow for an emancipation of things qualifies the new materialisms as a metaphysics of neoliberalism that reproduces and fortifies the self contradictions rampant in the current neoliberal hegemony While helping us to gain a comprehensive understanding of the tenets of the eerie ills of our epoch the critique of the new materialisms can furthermore inspire us to appreciate how the exact inversion of the new materialist complex amounts to a revitalization of the modern project A revitalization that is critical to think our epoch differently

New Analyses in Romance Linguistics Dieter Wanner,Douglas A. Kibbee,1991-03-15 The twenty papers from the eighteenth Linguistic Symposium on Romance Languages deal with diverse aspects of the Romance languages and Romance linguistics They reflect the current state of Romance studies in North

America and of the particular outlook among the international group of contributors and participants to LSRL 18 The thriving research front accords central importance to formal questions of synchronic analysis The group of seven historical and typological papers amounts to a strong alternative Several papers treat the group of Romance languages not only as a well defined almost exclusive research province but move from Romance phenomena outward to other language types even to genuinely universal dimensions Other contributions maintain a more circumscribed outlook exploiting the typological closeness of the Romance idioms for improved analyses Three invited contributions by Georg Bossong Yves Charles Morin and Maria Luisa Rivero on typological phonological and syntactic questions set the tone for the volume
