BOOK JACKET PHOTOGRAPHY: A CONCISE HISTORY Donald Kahn, 2014-07-10 A dedicated amateur photographer all my adult life I have often thought of writing a concise history of the subject It isn't that there are no other histories of the subject But most of these are reference works or just specialized studies dedicated to one or a few photographers I know of no work that pretends to cover the entire subject yet could be read over a weekend One might think of including enough references so that a potential reader could track down all the further details There is no longer a need for a Monster Book where every thought is illustrated by a picture

Edward Weston Susan Danly, Jonathan Spaulding, Edward Weston, Jennifer A. Watts, Jessica Todd Smith, 2003 This is the first major book to celebrate the Huntington's collection of five hundred Edward Weston photographs all of them selected and printed for the institution by the artist in the 1940s The Guggenheim photographs lie at the heart of this legacy but Weston also included in his gift still life studies from the early 1920s and 1930s as well as later landscapes from the 1940s Weston selected these photographs as representative of his best work and they are reproduced here complemented by investigations into the influences that shaped them

The ^ADream Endures Kevin Starr, 2002-11-28 What we now call the good life first appeared in California during the 1930s Motels home trailers drive ins barbecues beach life and surfing sports from polo and tennis and golf to mountain climbing and skiing sportswear a word coined at the time and sun suits were all a part of the good life perhaps California's most distinctive influence of the 1930s In *The Dream Endures* Kevin Starr shows how the good life prospered in California in pursuits such as film fiction leisure and architecture and helped to define American culture and society then and for years to come Starr previously chronicled how Californians absorbed the thousand natural shocks of the Great Depression unemployment strikes Communist agitation reactionary conspiracies in *Endangered Dreams* the fourth volume of his classic history of California In *The Dream Endures* Starr reveals the other side of the picture examining the newly important places where the good life flourished like Los Angeles where Hollywood lived Palm Springs where Hollywood vacationed San Diego where the Navy went the California Institute of Technology in Pasadena where Einstein went and changed his view of the universe and college towns like Berkeley We read about the rich urban life of San Francisco and Los Angeles and in newly important communities like Carmel and San Simeon the home of William Randolph Hearst where each Thursday afternoon automobiles packed with Hollywood celebrities would arrive from Southern California for the long weekend at Hearst Castle The 1930s were the heyday of the Hollywood studios and Starr brilliantly captures Hollywood films and the society that surrounded the

studios Starr offers an astute discussion of the European refugees who arrived in Hollywood during the period prominent European film actors and artists and the creative refugees who were drawn to Hollywood and Southern California in these years Igor Stravinsky Arnold Schoenberg Man Ray Bertolt Brecht Christopher Isherwood Aldous Huxley Thomas Mann and Franz Werfel Starr gives a fascinating account of how many of them attempted to recreate their European world in California and how others like Samuel Goldwyn provided stories and dreams for their adopted nation Starr reserves his greatest attention and most memorable writing for San Francisco For Starr despite the city's beauty and commercial importance San Francisco's most important achievement was the sense of well being it conferred on its citizens It was a city that magically belonged to everyone Whether discussing photographers like Edward Weston and Ansel Adams hard boiled fiction writers or the new breed of female star Marlene Dietrich Jean Harlow Bette Davis Carole Lombard and the improbable Mae West *The Dream Endures* is a brilliant social and cultural history in many ways the most far reaching and important of Starr's California books

The Soul of the Camera David duChemin, 2017-06-14 As both an art form and a universal language the photograph has an extraordinary ability to connect and communicate with others But with over one trillion photos taken each year why do so few of them truly connect Why do so few of them grab our emotions or our imaginations It is not because the images lack focus or proper exposure with advances in technology the camera does that so well these days Photographer David duChemin believes the majority of our images fall short because they lack soul And without soul the images have no ability to resonate with others They simply cannot connect with the viewer or even if we're being truthful with ourselves
