Masters of Light Jennifer A. Bailey, Kevin Sharp, Lucinda H. Pennsylvania Impressionism William H. Gerdts, Sylvia Yount, 2002-10-25 This magnificent new book has assembled a definitive collection of impressionistic works from the Bucks Country region of eastern Pennsylvania Excellent Bloomsbury Review [The Pennsylvania School of Landscape Painting](#)

Thomas Folk, 1984 *Homer, Eakins, and Anshutz: The Search for American Identity in the Gilded Age* Randall C. Griffin, 2004 Randall Griffin's book examines the ways in which artists and critics sought to construct a new identity for America during the era dubbed the Gilded Age because of its leaders' taste for opulence. Artists such as Winslow Homer, Thomas Eakins, and Thomas Anshutz explored alternative American themes and styles but widespread belief in the superiority of European art led them and their audiences to look to the Old World for legitimacy. This rich, never-resolved contradiction between the native and autonomous on the one hand and on the other the European and borrowed serves as the armature of Griffin's innovative look at how and why the world of art became a key site in the American struggle for identity. Not only does Griffin trace the interplay of issues of nationalism, class, and gender in American culture but he also offers insightful readings of key paintings by Eakins and other canonical artists. Further, Griffin shows that by 1900 the nationalist project in art and criticism had helped open the way for the formulation of American modernism. Homer, Eakins, and Anshutz will be of importance to all those interested in American culture as well as to specialists in art history and art criticism.

Impressionism John I. Clancy, 2003 Defining an artistic era or movement is often a difficult task as one tries to group individualistic expressions and artwork under one broad brush. Such is the case with impressionism which culls together the art of a multitude of painters in the mid 19th century including Monet, Cézanne, Renoir, Degas, and van Gogh. Basically, impressionism involved the shedding of traditional painting methods. The subjects of art were taken from everyday life as opposed to the pages of mythology and history. In addition, each artist painted to express feelings of the moment instead of hewing to time-honoured standards. This description of impressionism obviously is quite broad and can apply to a wide array of styles. Nonetheless, it remains a very important school in the annals of art. Any current or budding art aficionado should become familiar with the impressionist movement and its impact on the art world. This book presents a sweeping study of this artistic period from its origins to its manifestations in the works of some of art history's most revered painters. Following this overview is a substantial and selective bibliography featuring access through author title and subject indexes.
