Masterpieces from the National Museum of Ethnology Rijksmuseum voor Volkenkunde (Netherlands),1987 Creation and Procreation Marta Weigle,2016-11-11 This book is a volume in the Penn Press Anniversary Collection To mark its 125th anniversary in 2015 the University of Pennsylvania Press rereleased more than 1 100 titles from Penn Press s distinguished backlist from 1899 1999 that had fallen out of print Spanning an entire century the Anniversary Collection offers peer reviewed scholarship in a wide range of subject areas **Created in Her Image** Eleanor Rae,Bernice Marie-Daly,1990 Explores the creation of male and female in God s own image and pursues the need for a system of sacred symbols and images that assert the dignity and being of women **God's Masterpiece (Woman)** Richard Dexter Russell,2019-11-06 My book examines women s thoroughly and fairly by the word of God it is this fairness that makes the novel so riveting and thought provoking and so perfect for triggering discussions This is a great inspiring book of the creation of women by God in human form God could have taken anything to create the apple of his eye but he chose her That s why she is His Masterpiece of Creation if you want something to change your life this book will wake you up and think The author is true to his determination not to stack the deck for readers the ending is deliberately ambiguous with allegorical overtones leaving readers to decide what they want to believe I have done my research and know what you re looking for MY MANUSCRIPT is CHRISTIANS BASE genre of included comparison titles to give you a feeling of the book and show I know my target audience Dear readers and friends it was so wonderful to share this story of what God gave me to write about in the creation of woman in our life with you Many years ago I woke up one morning with a feeling that told me I should start putting the things about His Masterpiece of creation on paper I had no idea how to do it I just started by jotting down the main highlights of all the things based on my experience that happened in my life over the years Then I asked the Holy Spirit to inspire me as He inspired the people who wrote the Bible This is why this story I call God Masterpiece of creation woman It amazed me how i never knew how to write and especially something or someone to write until now Every day when I sat down in my lazy boy to write or laid in bed the words just flowed It was an amazing experience I know that this is not my doing it is the Lord s doing I know a few more stories will come as God continues to do His work Specifically this is why I think you the reader would like my novel I have taken time to carry out my research on what you seek or need to know I have also included comparison titles to give you a feel of the book to prove that I know my target audience I am an interesting and a likable person judging by my character I want the readers to use the blank pages to take notes and tell me about each paragraph after each STORY I do not have any publishing credits but experience in the subjects presented in the manuscript included is a short biography I ll also let you know if I m working on something else to prove to you that I am not a one hit wonder But I won t pitch that novel here *The Myth of the Goddess* Anne Baring,Jules Cashford,1991 The myth of the Goddess is the

oldest myth we know the evolution of that myth tells the story of how our understanding of ourselves as we have achieved it through the images of our goddesses and gods has developed over the millennia of human history Yet today the Goddess seems to have disappeared and only the God remains But it has not always been so In this definitive and powerfully argued study scholarly yet accessible Jules Cashford and Anne Baring draw upon art and mythology poetry and literature archaeology and psychology to show how the myth of the Goddess has been lost from our formal Judaeo Christian images of the divine They explain what happened to the Goddess when and how she was excluded and the implications to us of this loss They trace the image of the Great Mother Goddess of the Palaeolithic and Neolithic times through the Bronze and Iron Ages to the Virgin Mary Queen of Heaven They show how the God separated from the originally androgynous Goddess and eventually came to stand alone as the creator of the world But the Goddess however devalued and debased did not go away the image of the universe as an organic living and sacred whole which is the essence of the Goddess myth could not be eradicated and went underground This leaves an imbalance in the masculine and feminine images of the psyche The authors argue that successive patterns of myth legend and history demonstrate the importance of bringing the feminine and masculine images into harmony with each other which is only possible when both are acknowledged In earlier times the Sacred Marriage of Goddess and God symbolized this harmony Inanna and Dumuzi in Sumeria Ishtar and Tammuz in Babylonia Isis and Osiris in Egypt Cybele and Attis in Anatolia Aphrodite and Adonis in Greece and in the language of the image but not the doctrine Mary and Jesus in Christianity The parallels and similarities in all the Goddess myths are so striking that they suggest a continuous tradition of images throughout history Today the Goddess is re emerging in the surprising guise of New Science which offers a vision of the universe as a living whole that can only be understood as a unity and the scientists express themselves in images that belong to the old Goddess myth This book s detailed evocation description and analysis of the stories and images of humanity will surely help to restore the myth of the Goddess to our consciousness

Creation Myths Marie-Luise von Franz, 1995 Creation myths are the deepest and most important of all myths because they are concerned with both the basic patterns of existence and the ultimate meaning of life In this book an eminent Jungian analyst examines the recurring motifs that appear in creation myths from around the world and shows what they teach us about the mysteries of creativity the cycles of renewal in human life and the birth of consciousness in the individual psyche Among the topics discussed are Why the creative process is often accompanied by anxiety depression loneliness and fear of the unknown The meaning of creation motifs such as the egg the seed the primordial being the creative fire the separation of heaven and earth and the four stages of creation Creation symbolism in the alchemical opus of medieval tradition How creation myth motifs appear in the dreams of people who are on the verge of a leap forward in consciousness

The Goddess Christine Downing, 1984 The Goddess is at once a scholarly and intensely personal journey that shows how the great female figures of archaic and classical Greece can serve to illuminate the present and future of women everywhere Moreover the author uncovers the patriarchal representation of the more ancient matriarchal traditions with a sensitivity and sympathy that allows the strength of the goddess to emerge as images of liberation for men as well as women Here is a radical and brilliantly new understanding of an ancient and honored theme We find not just jealous Hera but also she who is eternal maiden and solitary widow Persephone is both the virgin goddess of spring and the awesome queen of death and the underworld Athene's courage and wisdom too often seen as masculine attributes are discovered as authentically feminine Through her subtle interweaving of the many variants and layers of tradition with her own dreams and experiences Christine Downing communicates the pertinence of each figure she addresses not just to isolated incidents but to the whole of life With an energy at once tender and powerful this book enables the reader to enter deeply into the labyrinth where myth is the image of life and life the image of myth Provided by publisher
