## **Effective Negotiation A Guide To Dialogue Management And Control:**

Effective Negotiation Bernard A. Ramundo,1992-01-01 Ramundo dares to suggest that there is a single approach to negotiation which can be used to manage and control all interest oriented dialogues whatever their form or substance The approach is quite simple if a dialogue has an interest dimension it can be managed and controlled by effective negotiation This guide offers a wide variety of negotiating tactics ranging from the concept of a negotiating universe consisting of the private intraorganizational and international environments to the adoption of the think negotiation mindset and the combination of a how to do it with a how to think about it approach These operational rules prove equally effective whether they are applied to professional or personal relationships in or outside of the work place      **Military Law Review** ,1992
