identifies the elements of a great presentation distilling 75 best practices from the world's best persuaders into bite-sized chapters designed to be easy to read and equally easy to apply. Following on the heels of Weissman's best-selling *Presentations in Action*, this book presents powerful new insights into the four key areas of delivering winning presentations: contents, graphics, delivery, and Q and A sessions. In this fully updated Second Edition of *Presenting to Win*, the world's #1 presentation consultant shows how to connect with even the toughest, most high-level audiences and move them to action. Jerry Weissman shows presenters of all kinds how to dump those PowerPoint templates once and for all and tell compelling stories that focus on what's in it for the audience. Drawing on dozens of real case studies, Weissman shows how to identify your primary goals and messages before you even open PowerPoint, stay focused on what your listeners really care about, and capture your audience in the first crucial 90 seconds. Weissman covers all the practical mechanics of effective presentation: finding your flow, communicating visually, writing better slide text, making your numbers using graphics, practicing aloud, customizing for different audiences, presenting online, and much more.

Contributors look at how the issue of identity can be addressed and understood through food studies, linking food culture and identity. The volume also considers the timely and very relevant question of gender in Indian society, the role of the woman, the family, and the community in patriarchal contemporary Indian society. Through the lens of literature, culture, gender, and politics, this exciting volume pulls together the threads which constitute modern Indian identity.
