Neuschatz,Jonathan M. Golding,2022-03-08 The purpose of the proposed book is to offer a broad audience a greater understanding of JI testimony historically legally and psychologically First the book will provide clear examples of the use of JI testimony in a variety of cases and present the use of JI testimony in historical perspective The latter will include data on how often JI testimony is used and in what kinds of cases demographics of JIs outcomes and outcomes overturned Next we will review the legal status of JI testimony Third we will review the vast amount of psychological research pertinent to JI testimony there will be chapters on confessions lying and lie detection expert testimony and perceptions of JI testimony Finally we will integrate our historical legal and psychological coverage by offering recommendations for dealing with JI testimony in court     Doxa Jeremy McKim,2007-04-01 In a day when our churches look like country clubs with slick marketing campaigns Jeremy McKim urges us away from a democratized kingdom of self and toward the kingdom of God We have settled for safe and comfortable churchgoing while God beckons us toward risky and uncomfortable kingdom living With Doxa McKim shows that God s invitation is greater and more terrifying than any in all of history Why is ignoring God the riskiest thing you could possibly do today Is God intent on crushing your ego What is so unpatriotic and humiliating about worshipping God Why might a worthwhile churchgoing experience have little or nothing to do with our satisfaction Why is prayer a life threatening activity Allow yourself to be troubled and moved to action by these and other questions as you enter into a provocative and practical ten week journey of transformation discovery and kingdom advancement Discover that God

Patent Office,1954     *Fragments of Trauma and the Social Production of Suffering* , Marilyn Charles,Michael O'Loughlin,2014-11-05 Fragments of Trauma and the Social Production of Suffering Trauma History and Memory offers a kaleidoscope of perspectives that highlight the problem of traumatic memory Because trauma fragments memory storytelling is impeded by what is unknowable and what is unspeakable Each of the contributors tackles the problem of narrativizing memory that is constructed from fragments that have been passed along the generations When trauma is cultural as well as personal it becomes even more invisible as each generation s attempts at coping push the pain further below the surface Consequently that pain becomes increasingly ineffable haunting succeeding generations In each story the contributors offer there emerges the theme of difference a difference that turns back on itself and makes an accusation Themes of knowing and unknowing show the terrible toll that trauma takes when there is no one with whom the trauma can be acknowledged and worked through In the face of utter lack of recognition what might be known together becomes hidden Our failure to speak to these unaspirated truths becomes a betrayal of self and also of others In the case of intergenerational and cultural trauma we betray not only our ancestors but also the future generations to come In the face of unacknowledged trauma this book reveals that we are confronted with the perennial choice of speaking or becoming complicit in our silence     **The making of the constitution** Hannis Taylor,1889
