Egon Schiele Postcard Book Magna Books,1993-12-01 *Egon Schiele* Egon Schiele,1999 *Egon Schiele, 1890-1918* Reinhard Steiner,Egon Schiele,2000 Schiele had the most long lasting influence on the Vienna art scene after the great era of Klimt came to a close After a short flirtation with the style of his mentor Klimt Schiele soon questioned the aesthetic orientation to the beautiful surface of the Viennese Art Nouveau with his rough and not easily accessible paintings

Egon Schiele and the Art of Popular Illustration Claude Cernuschi,2022-09-02 Presenting a radically different picture of Egon Schiele s work this study documents in one to one comparisons the extent of the artist s visual borrowings from the Viennese humoristic journal Die Musketiere Claude Cernuschi analyzes each comparison on a case by case basis primarily because the interpretation of cartoons and caricatures is highly contingent on their specific historical and cultural context Although this connection has gone unnoticed in the literature in retrospect this correlation makes perfect sense Not only was Schiele s artistic production frequently compared to caricature and derided for being grotesque but Expressionism and caricature are natural allies One may belong to high art and the other to popular culture yet both presuppose similar assumptions and deploy a similar rhetorical position namely that the exaggeration of human physiognomy allows deeper psychological truths to emerge The book will be of interest to scholars working in art history visual culture popular culture and politics **Egon Schiele, 1890-1918** Serge Sabarsky,1990 **The Postcard's Radical Openness** Mariluz

Restrepo,2024-04-05 The Postcard s Radical Openness offers a groundbreaking exploration of what this multifaceted double sided open card entails and how it has affected our being in the world With a holistic approach it focuses on studying the postcard s specific way of being and performing a particular ontology that opens up what is constitutively implicated in such an apparently trivial artifact The book organized into four parts meticulously unveils the postcard s political technological aesthetic and ethical dimensions ending with a coda correlating the postcard s radical openness to G Klimt s painting Nuda Veritas 1899 in reference to the scope of truth By examining the postcard s complex worldwide history its socio cultural significance and its global effect the book reveals hidden stories shedding light on its impact on photography printing marketing trade and business practices and exposes the aesthetic communicative and ethical qualities that lie behind the enormous success of postcards at the turn of the 20th century This comprehensive study is positioned as a thought provoking invitation to scholars and students interested in material culture media studies and human interactions as well as to history enthusiasts art lovers and postcard collectors Offering a distinctive contribution the book not only fills a void in the literature but also encourages readers to question and reflect on the transformative power inherent in the postcard s radical openness presenting a novel and unparalleled analysis of this seemingly trivial yet culturally significant object **The Postcards of Alphonse Mucha in the Art Nouveau Style** Q.
