Trading Tools and Tactics Greg Capra, 2011-06-24 From the founder of the leading online trading education company Pristine.com a simple technical method to trade or invest Many trading books present esoteric trading concepts and complicated indicators that may look good on paper when viewing the past but prove ineffective in the real world Trading Tools and Tactics Reading the Mind of the Market doesn't just make investing look easy it makes trading easy by teaching you not only how to identify price moves but by helping you understand why prices move the way they do Covers managing trades

and setting entries and stops and helps you view how failed trades or chart patterns of the past can become new opportunities. Describes how to identify and understand supply and demand as it relates to resistance and support as well as how to combine and read multiple time frames that offer the best opportunity to take profits. Details both concepts and practical tools to use for life not just the current market. Investing is all about finding the right price patterns to profit from by understanding support resistance trends and volume as well as identifying the best time frames to trade. Trading Tools shows you how to do just this.
