Nadri, 2009 The eighteenth century in South Asian history is a period of great dynamism and a critical phase in the historical trajectory of the subcontinent This book focuses on the merchants and manufacturers of Gujarat who amidst complex political developments succeeded in preserving their autonomy and freedom in the market place By spotting economic growth in the late eighteenth century this study rejects the constructed dualism between a seventeenth century of great progress and an eighteenth century of chaos and decline *The New Eighteenth Century* Felicity Nussbaum, Laura Brown, 2025-05-01 First published in

1987 *The New Eighteenth Century* now with a new preface by Felicity Nussbaum and Laura Brown examines eighteenth century English literature's resistance to the application of new theoretical approaches and presents new work by leading scholars which both challenges this resistance and demonstrates the usefulness of feminist Marxist new historicist and psychoanalytic approaches to the analysis of eighteenth century texts This book reinterprets and resituates canonical works by such writers as Fielding Goldsmith and Sterne but also explores areas and figures increasingly important to eighteenth century study It opens questions about the canon and about the nature of canonicity itself as it considers texts by women working class literature guidebooks for bourgeois tourists and aspects of the cultural and social terrain including problems of race and colonialism capitalism and penal institutions *The New Eighteenth Century* not only provides new ways of looking at the literature of the period but serves as a model for future work in eighteenth century studies **Samuel Johnson, the Ossian Fraud, and the Celtic Revival in Great Britain and Ireland** Thomas M. Lee, 2011-11-21 *Dead Masters* Mentoring and Intertextuality in Samuel Johnson examines the dual issues of mentoring and intertextuality as an integrated phenomenon Through a series of fresh and novel readings of Johnsonian and Boswellian texts the book offers insight not only into these two issues but further advances our awareness of the formal complexities of Johnson's writings and the psychological substratum from which they issue Lee utilizes a variety of critical perspectives for example the tools of Bloomean anxiety of influence post colonial and deconstructive criticism and explicative analysis under the generalized and flexible rubric of mentoring to explore the processes of textual influence mentoring relationships and cultural authority within Johnson's work The goals of this book include the consolidation of mentoring as a fruitful critical perspective from which to understand Johnson the establishment of an intertextual framework for understanding Johnson and the effort to offer a series of readings of Johnson that more fully divulge the power and complexity of his writing The book further seeks to effect via the mediation of a series of pragmatic readings a rapprochement between the theoretical divide separating psychological interpretations of Johnson interpersonal mentoring encounters and linguistic and formal interpretations especially intertextuality [Sentimental Figures of Empire in Eighteenth-Century Britain and France](#) Lynn Festa, 2006-10-15 Publisher description **Sustaining Literature** Simon Varey, 2007 A collection of scholarly essays by leading scholars on texts writers and cultural interests that represent the interests of the late scholar of the Renaissance and the 18th century Simon Varey [Scandal Nation](#) Kathryn Temple, 2018-05-31 Kathryn Temple argues that eighteenth century Grub Street scandals involving print piracy forgery and copyright violation played a crucial role in the formation of British identity Britain's expanding print culture demanded new ways of thinking about business and art In this environment print scandals functioned as sites where national identity could be contested even as it was being formed Temple draws upon cases involving Samuel Richardson Samuel Johnson Catharine

Macaulay and Mary Prince The public uproar around these controversies crossed class gender and regional boundaries reaching the Celtic periphery and the colonies Both print and spectacle both high and low these scandals raised important points of law but also drew on images of criminality and sexuality made familiar in the theater satirical prints broadsides even in wax museums Like print culture itself the scandal of print disputes constituted the nation and resistance to its formation Print transgression destabilized both the print industry and efforts to form national identity Temple concludes that these scandals represent print's escape from Britain's strenuous efforts to enlist it in the service of nation The Cultural Milieu of Addison's Literary Criticism Lee Andrew Elioseff, 2014-07-03 The whole history of literary criticism is illuminated by this analysis of one English critic's work It is in effect a literary case study presented as partial answer to the complicated question what cultural conditions are conducive to the development of a particular theory of literature Initially Lee Andrew Elioseff defines four difficult responsibilities of the historian of criticism the interpretation of his material in terms of all the cultural circumstances that produced it elimination of the purely chance elements such as private feuds and unimportant personal tastes consideration of those aspects of criticism that best indicate the dominant critical opinions of the age and the principles that are leading it and illumination of the present critical situation Concentrating upon the first three of these obligations Elioseff seeks the sources of modern literary criticism in the works of Joseph Addison and his contemporaries analyzing with great care and accuracy their responses to problems both literary and nonliterary in their culture From the analysis Addison emerges as a very significant figure a critic who moved from Renaissance and neoclassical humanism and became one of the most important predecessors of romantic criticism a formulator of what was to become the emotive strain in literary criticism an essayist who raised many problems shared by the modern psychological critic whose immediate concern is the effect of the literature upon its audience Drawing abundantly from a wide knowledge of philosophy literature and history and exercising an incisive critical acumen Elioseff discusses Addison's criticism in three aspects The Critical Milieu an interpretation of Addison's relation to his age as it influenced his views on tragedy epic poetry and ballads Addison and Eighteenth Century England a consideration of contemporary political thought morals and theology and the Empirical Tradition an analysis of Addison's critical views as expressed in *The Pleasures of the Imagination* *Homeless Dogs and Melancholy Apes* Laura S. Brown, 2017-01-31 In eighteenth century England the encounter between humans and other animals took a singular turn with the discovery of the great apes and the rise of bourgeois pet keeping These historical changes created a new cultural and intellectual context for the understanding and representation of animal kind and the nonhuman animal has thus played a significant role in imaginative literature from that period to the present day In *Homeless Dogs and Melancholy Apes* Laura Brown shows how the literary works of the eighteenth century use animal kind to bring abstract philosophical ontological and metaphysical questions into the realm of everyday experience affording a uniquely flexible perspective on difference hierarchy intimacy diversity and transcendence Writers of this first age of the rise of the

animal in the modern literary imagination used their nonhuman characters from the lapdogs of Alexander Pope and his contemporaries to the ill mannered monkey of Frances Burney's *Evelina* or the ape like Yahoos of Jonathan Swift to explore questions of human identity and self definition human love and the experience of intimacy and human diversity and the boundaries of convention Later literary works continued to use imaginary animals to question human conventions of form and thought Brown pursues this engagement with animal kind into the nineteenth century through works by Mary Shelley Charles Dickens and Elizabeth Barrett Browning and into the twentieth with a concluding account of Paul Auster's dog novel *Timbuktu* Auster's work suggests that today as in the eighteenth century imagining other animals opens up a potential for dissonance that creates distinctive opportunities for human creativity

BOOK JACKET Gender and the Fictions of the Public Sphere, 1690-1755 Anthony Pollock, 2010-03-17 *Gender and the Fictions of the Public Sphere* 1690 1755 complicates our understanding of eighteenth century English print culture by studying the journalistic work of women writers who have long been overlooked by scholars and by re interpreting texts by canonical male authors in the period as responses to these early feminist models of cultural authority

From Eternity to Time Aino Mäkilä, 2007 This study examines different conceptions of time in Daniel Defoe's 1660 1731 novels The temporal aspects of the novels are surveyed taking into account the historical situation of the novel as a genre and contemporary conceptions of time The modernisation process of the Western world serves as a wider context of the study as present research indicates that Defoe's novels exemplify a multilayered shift from pre modern Western conceptions of time to those of the modern age The author also explores gendered time and economic and cultural values of time in Defoe's novels The book contributes a fresh analysis of Defoe's novels and demonstrates the crucial relation between historical cultural conceptions of time and the historically changing genre of the novel
