Eighty Sculpture Of The 80s:

Vile Days Gary Indiana, 2018-11-13 Gary Indiana's collected columns of art criticism from the Village Voice documenting from the front lines the 1980s New York art scene. In 1985 the Village Voice offered me a job as senior art critic. This made my life easier and lousy at the same time. I now had to actually enter all those galleries instead of peeking in the windows. At times the only tangible perk was having the chump for a fifth of vodka whenever twenty more phonies had flattered my ass off in the course of a working week from Vile Days. From March 1985 through June 1988 in The Village Voice Gary Indiana reimagined the weekly art column. Thirty years later Vile Days brings together for the first time all of those vivid dispatches too long stuck in archival limbo so that the fire of Indiana's observations can burn again. In the midst of Reaganism the grim toll of AIDS and the frequent jingoism of postmodern theory Indiana found a way to be the moment's Baudelaire. He turned the art review into a chronicle of life under siege. As a critic Indiana combines his novelistic and theatrical gifts with a startling political acumen to assess art and the unruly environments that give it context. No one was better positioned to elucidate the work of key artists at crucial junctures of their early careers from Sherrie Levine and Richard Prince to Jeff Koons and Cindy Sherman among others. But Indiana also remained alert to the aesthetic consequence of sumo wrestling flower shows, public art, corporate galleries and furniture design. Edited and prefaced by Bruce Hainley, Vile Days provides an opportunity to track Indiana's emergence as one of the most prescient writers of his generation. **British Art of the Long 1980s** Imogen Racz, 2020-11-26 The sculptural history of the long 1980s has been dominated by New British Sculpture and Young British Artists. Arguing for a more expansive history of British sculpture and its supporting infrastructures, these twenty-three vivid and enthralling interviews with artists, curators, dealers and facilitators working then demonstrate the interconnected networks, diversity of ideas and practices, energy, imagination and determination that transformed British art from being marginal to internationally celebrated. With a substantial introduction, this timely volume provides valuable new insights into the education, work, careers, studios, infrastructures and exhibitions of the artists and facilitators, substantially enlarging our understanding of the era. **Eighties, second part** Yves Aupetitallot, 2009. Publi l'occasion de l'exposition présentée du 31 mai au 16 septembre 2009 au Magasin Grenoble. A la fin de l'année 2008 le Magasin a présenté le premier volet d'une exposition et d'une publication consacrées aux années 1980. Le projet était organisé à partir de groupes d'œuvres qui mettaient en lumière les notions d'espace privé, d'espace public et de communauté. Ce second volet est quant à lui d'abord la question centrale de l'image et rassemble les textes et les images d'œuvres les plus significatifs de cette période. Bilingue français-anglais. Critics of the time feared that market hype and self-promotion threatened the integrity of art. They lashed out at contemporary art, questioning the validity of particular media and methods and dividing the art into opposing camps. While controversies have since subsided, critics still

view art of the 1980s as a stylistic battlefield Alison Pearlman rejects this picture which is truer of the period's criticism than of its art Pearlman reassesses the works and careers of six artists who became critics' biggest targets In each of three chapters she pairs two artists the critics viewed as emblematic of a given trend Julian Schnabel and David Salle in association with Neo Expressionism Jean Michel Basquiat and Keith Haring vis vis Graffiti Art and Peter Halley and Jeff Koons in relation to Simulationism Pearlman shows how all these artists shared important but unrecognized influences and approaches a crucial and overwhelming inheritance of 1960s and 1970s Conceptualism a Warholian understanding of public identity and a deliberate and nuanced use of past styles and media Through in depth discussions of works from Haring's body paintings of Grace Jones to Schnabel's movie Basquiat Pearlman demonstrates how these artists' interests exemplified a broader generational shift unrecognized by critics She sees this shift as starting not in the 1980s but in the mid 1970s when key developments in artistic style art world structures and consumer culture converged to radically alter the course of American art Unpackaging Art of the 1980s offers an innovative approach to one of the most significant yet least understood episodes in twentieth century art
