Neuromatic John Lardas Modern,2021-09-29 The story Modern tells ranges from eighteenth century brain anatomies to the MRI from the spread of phrenological cabinets and mental pieties in the nineteenth century to the discovery of the motor cortex and the emergence of the brain wave as a measurable manifestation of cognition from cybernetic research into neural networks and artificial intelligence to the founding of brain centric religious organizations such as Scientology from the

deployments of cognitive paradigms in electric shock treatment to the work of Barbara Brown a neurofeedback pioneer who promoted the practice of controlling one's own brainwaves in the 1970s What Modern reveals via this grand tour is that our ostensibly secular turn to the brain is bound up at every turn with the religion it discounts ignores or actively dismisses Nowhere are science and religion closer than when they try to exclude each other at their own peril *Becoming Psychic* Stephen Kierulff, Stanley Krippner, 2004-08-11 *Becoming Psychic* provides a lively dialogue between a clinical psychologist who believes that he has had a number of psychic or paranormal experiences and a research psychologist and parapsychologist who attempts to put these reports in a scientific framework The anecdotes make for fascinating reading and the scientific responses are relayed in a reader friendly manner Readers who have had similar experiences can begin to understand their own glimpses of future events remarkable recoveries from major or minor illnesses or knowledge of what is happening to a loved one hundreds of miles away Paul Von Ward author of *Our Solarian Legacy* writes in the Introduction *Becoming Psychic* is a book for everyone who seeks meaning among the non ordinary experiences of life Telepathy clairvoyance psychokinesis precognition mind body healing prayer and synchronicity are all illustrated in personal terms by Dr Kierulff and placed in scientific context by Stanley Krippner a successful merging of the perspectives of the experiencer and the scientist *The Enchanted Voyager* Denis Brian, 1982 ***Becoming Psychic (Volume 1 of 2) (EasyRead Super Large 24pt Edition)***, ***The Reluctant Spiritualist*** Nancy Rubin Stuart, 2005 Chronicles the life of Maggie Fox a young woman who in 1848 claimed she and her sisters had received messages from the spiritual world beginning the spiritualist movement that swept the country ***The Spiritual Frontier*** William V. Rauscher, Allen Spraggett, 1975 ***The Haunting of Alma Fielding*** Kate Summerscale, 2021-04-27 Named a Best Book of the Year by NPR The Sunday Times The New Statesman The Times The Spectator The Telegraph Shortlisted for the 2020 Baillie Gifford Prize A New York Times Book Review Editors Choice A New York Times Book Review Paperback Row Selection Prepare not to see much broad daylight literal or metaphorical for days if you read this The atmosphere evoked is something I will never forget The Times London London 1938 In the suburbs of the city a young housewife has become the eye in a storm of chaos In Alma Fielding's modest home china flies off the shelves and eggs fly through the air stolen jewelry appears on her fingers white mice crawl out of her handbag beetles appear from under her gloves in the middle of a car journey a turtle materializes on her lap The culprit is incorporeal As Alma cannot call the police she calls the papers instead After the sensational story headlines the news Nandor Fodor a Hungarian ghost hunter for the International Institute for Psychical Research arrives to investigate the poltergeist But when he embarks on his scrupulous investigation he discovers that the case is even stranger than it seems By unravelling Alma's peculiar history Fodor finds a different and darker type of haunting a tale of trauma alienation loss and revenge He comes to believe that Alma's past has bled into her present her mind into her body There are no words for processing her experience so it comes to possess her As the threat of a world war looms and as Fodor's obsession with the case deepens

Alma becomes ever more disturbed With characteristic rigor and insight Kate Summerscale brilliantly captures the rich atmosphere of a haunting that transforms into a very modern battle between the supernatural and the subconscious
