SP024: The History of the Comstock Lode 1850-1920 , Comstock Women Ronald M. James, C. Elizabeth Raymond, 1997-12-01 When it comes to Nevada history men get most of the ink Comstock Women is a collection of 14 historical studies that helps to rectify that reality The authors of these essays who include some of Nevada s most prominent historians demographers and archaeologists explore such topics as women and politics jobs and ethnic groups Their work goes far in refuting the exaggerated popular images of women in early mining towns as dance hall girls or prostitutes Relying primarily on newspapers court decisions census records as well as sparse personal diaries and records left by the woman the essayists have resurrected the lives of the women who lived on the Comstock during the boom years The University of Chicago Magazine ,1928 Nebraska's Own Magazine ,1929 Nevada's Remarkable Women Jan Cleere, 2015-11-01 This book presents the compelling histories of fifteen pioneer women all born before 1900 who traveled Nevada Territory in unstable wagons on temperamental mules and in early Motel Ts to leave a legacy of courage and celebration as they broke records hearts and rules while conquering uncharted ground Meet Ferminia Sarras a Nicaraguan immigrant with four young daughters who arrived in Nevada in the early 1800s determined to seek her fortune as a miner and succeeded Dat so la lee a Washoe Indian renowned for her basket weaving artistry whose work is today preserved in museums and Anne Henrietta Martin a lifelong suffragette who fought for women s rights and was instrumental in securing the passage of the Nineteenth Amendment giving women the right to vote **The Making of "Mammy Pleasant"** Lynn Maria Hudson, 2003 Pleasant s legacy is steeped in scandal and lore Was she a voodoo queen who traded in sexual secrets A madam A murderer In The Making of Mammy Pleasant Lynn M Hudson examines the folklore of this remarkable woman s real and imagined powers

Miners Rick Steber, The discovery of gold in California launched the nation s first gold rush It began January 23 1848 James Marshall who was building a sawmill for John Sutter on the American River in the Sierra Nevada foothills turned water from the millpond into the tailrace A glimmer in the clear water caught his eye and he picked up a yellow rock about the size of a dime and weighing one quarter ounce He saw more and picked those up too John Sutter wrote in his diary that Marshall soaked to the skin and dripping water came bursting into his office informing me he had something of utmost importance to tell me in private Word leaked out and the following year 80 000 miners rushed to California hoping to claim a share of the big strike They scratched and clawed gold from the hills and stream beds of California and when the easy pickings were gone

they moved onto the eastern slopes of the Sierra Nevada and into the Rocky Mountains Other disgruntled miners moved to the Northwest and finally the lust for gold drove prospectors to the Alaskan frontier The typical miner was a bearded young man dressed in a slouch hat red long johns trousers tucked into high topped boots he packed a shovel pick and gold pan When his dream of easy riches eventually died he often stayed in the West and became a farmer stockman tradesman or professional If married he sent for his family if single he married a daughter of pioneers and started a new family The lasting effect of the gold rush was not so much in the individual accumulation of wealth but in the simple fact that thousands of miners stayed rather than returning home and they helped win the West *Haunted Virginia City* Janice

Oberding, 2015-09-28 The author of *Haunted Nevada* explores the spooky goings on in the city named one of the top three most haunted towns in America Unlike any city in America Virginia City epitomizes the notion of a western boom and bust ghost town The Comstock Silver Rush lured wealth seekers from around the world including a young Samuel Clemens Despite the fortune some found not all of the town's earliest settlers rest easy Shops hotels boardwalks and cemeteries are said to be filled with the supernatural remnants of Virginia City's hardscrabble characters and their violent propensities The queen of haunted Nevada Janice Oberding mines Virginia City's spectral history from the ghost of Henry Comstock to the ghostly Rosie and William of the Gold Hill Hotel Virginia City is known for its rich mining history that designated Nevada as the Silver State But to local residents and paranormal investigators it's better known as a place to look for ghostly dwellers *Reno Gazette Journal* The History of the Comstock Lode, 1850-1997 Grant Horace Smith, 1998 The History of the Comstock Lode first published in 1943 provided mining investors engineers and western historians with the first comprehensive chronological history of mining operations on the Comstock Of particular note is Smith's progressive record of the ways the mines were developed the failures encountered the bonanzas discovered and the production records of the mines In addition to the invaluable mining information The History of the Comstock Lode includes the personal histories of the colorful men of the Comstock Old Virginny the ill fated Grosh brothers John W Mackay Mark Twain Dan De Quille and Charles Howard Shinn to mention a few The book also contains many rare historic photographs of the mining district With the addition of new material by Joseph V Tingley which brings the history of mining operations on the Comstock to the present The History of the Comstock Lode will once again be enjoyed by scholars and students of mining history as well as western history buffs Big Book of Nevada Ghost Stories Janice Oberding, 2023-08-01 Time has all but forgotten the tragic

tales of those who have passed through Nevada but their spirits remain As arguably the most haunted state in the nation Nevada has more than its share of ghosts with intriguing stories and historical connections Among them is the unfortunate gangster Bugsy Siegel who died in Beverly Hills only to return to his old stomping grounds the Flamingo Las Vegas Julia Bulette the ill fated prostitute who was slaughtered in her bed on a cold January morning in 1867 and the many haunted houses in Reno their owners forever tied to their homes refusing to depart **Monumental Lies** Ronald M.

James, 2023-09-19 A playful embrace of tall tales and exaggeration *Monumental Lies* explores the evolution of folklore in the Wild West *Monumental Lies Early Nevada Folklore of the Wild West* opens the door to understanding how legends and traditions emerged during the first decades following the Rush to Washoe which transformed the region beginning in 1859 During this Wild West period there was widespread celebration of deceit manifesting in tall tales burlesque lies practical jokes and journalistic hoaxes Humor was central to these endeavors and practitioners easily found themselves scorned if they failed to be adequately funny This ethos became central to the way folklore emerged during the formative years of the Nevada territory and state The tens of thousands of people who came to the West attracted by gold and silver mining brought distinct cultural legacies The interaction of diverse perspectives even while new stories and traditions coalesced or simply appeared was a complex process Author Ronald M James addresses how the fluidity of the region affected new expressions of folklore as they took root Mark Twain often a go to source for collections of early tall tales of this region cannot be overlooked but his interaction with local traditions was specific and narrow More importantly William Wright publishing as Dan De Quille arose as a key collector of legends a counterpart of early European folklorists With a bedrock understanding of what unfolded in the nineteenth century it is possible to consider **Biography by Americans, 1658-1936** Edward H. O'Neill, 2016-11-11 This volume is the most comprehensive bibliography of purely biographical material written by Americans It covers every possible field of life but by design excludes autobiographies diaries and journals **Mining and Metallurgy**, 1929 Contains abstracts of professional and technical papers The Roar and the Silence Ronald M. James, 2012-05-30 Nevada's Comstock Mining District has been the focus of legend since it first burst into international prominence in the late 1850s and its principal settlement Virginia City endures in the popular mind as the West's quintessential mining camp But the authentic history of the Comstock is far more complex and interesting than its colorful image Contrary to legend Virginia City spent only its first few years as a ramshackle mining camp The mining boom quickly turned it into a thriving urban center at its peak one of the largest cities west of the Mississippi replete with most of the amenities of any large city of its time The lure of the area's fabulous wealth attracted a remarkably heterogeneous population from around the world and offered employment to dozens of trades and thousands of people both men and women representing every one of the region's diverse ethnic groups Ronald James's brilliant account of the Comstock's long and eventful history the first comprehensive study of the subject in over a century examines every aspect of the region and employs information gleaned from hundreds of written sources interviews archeological research computer analysis folklore gender studies physical geography and architectural and art history as well as over fifty rare photographs many of them previously unpublished Genealogies in the Library of Congress Marion J.
