arisen in recent years to challenge the American ideal and threaten the foundation of the republic Forces foreign to the Constitution are producing radical changes in our cultural and political life and one nation under God has become one nation under siege The Book and The Right examines those qualities that have made America exceptional but that are endangered at the present time and looks in detail at the causes that are putting her at serious risk It appraises her current direction and stresses the steps she must take to return to the course of her originally chosen destiny The Book and The Right addresses a subject long held taboo and goes to the heart of the issue for answers The author draws on historical theological psychological and political data to pursue the truth and call America back to her roots Maynard Miller holds degrees from Asbury College Southern Baptist Theological Seminary and the University of Kentucky He has been a psychotherapist administrator and college teacher in the mental health human service field A frequent speaker and writer he is a leader in national and international service projects His previous book is *The Face in the Mirror*
