**Representing the "good German" in Literature and Culture After 1945** Pól Ó Dochartaigh, Christiane Schönfeld, 2013 Essays analyzing postwar literary cultural and historical representations of good Germans during the Second World War and the Nazi period In the aftermath of the Second World War both the allied occupying powers and the nascent German authorities sought Germans whose record during the war and the Nazi period could serve as a counterpoint to the notion of Germans as evil That search has never really stopped In the past few years we have witnessed a burgeoning of cultural representations of this other kind of Third Reich citizen the good German as opposed to the committed Nazi or genocidal maniac Such representations have highlighted individuals choices in favor of dissenting behavior moral truth or at the very least civil disobedience The good German s counterhegemonic practice cannot negate or contradict the barbaric reality of Hitler s Germany but reflects a value system based on humanity and an other ideal community This volume of new essays explores postwar and recent representations of good Germans during the Third Reich analyzing the logic of moral behavior cultural and moral relativism and social conformity found in them It thus draws together discussions of the function and reception of Good Germans in Germany and abroad Contributors Eoin Bourke Manuel Bragança Maeve Cooke Kevin De Ornellas Sabine Egger Joachim Fischer Coman Hamilton Jon Hughes Karina von Lindeiner Strasky Alexandra Ludewig Pól Ó Dochartaigh Christiane Schönfeld Matthias Uecker Pól Ó Dochartaigh is Professor of German and Dean of the Faculty of Arts at the University of Ulster Northern Ireland Christiane Schönfeld is Senior Lecturer in German and Head of the Department of German Studies at Mary Immaculate College University of Limerick

The Emprise of Poetry Michael Eskin, 2024-11-14 *The Emprise of Poetry* analyzes the insidious entwinement of anti Americanism and antisemitism in modern and contemporary German culture through the writings of one of its most acclaimed literary figures Dresden native Durs Grünbein 1962 Michael Eskin offers an unprecedented view of the American cum Jewish discontents at the heart of modern and present day German culture through the exemplary lens of the work of Durs Grünbein the most widely translated and globally honored living German poet and the only one to have been hailed as the Berlin Republic s most qualified contemporary candidate for the office of German national poet Yet as Eskin outlines Grünbein s work contains a paradoxical and tension filled twofold self construction as an idiosyncratically American poet and Ezra Pound s vociferously philosemitic heir who merely happens to be writing in German as it were conjoined with an avidly anti American German poet who writes emphatically and not always savorily as a German and a self proclaimed heir to the legacies of Celan and Kafka most notably on matters American and Jewish Against the foil of these tensions Eskin traces and documents postwar German high culture s persisting inability to purge itself of ideological toxins that leach into the mainstream from centuries old prejudices and antagonisms revolving around Germany s love hate bond with America as well

as its ostensibly enduring suspicion and antipathy toward Jews Eskin's deep dive into the American Grubein's apparent philosemitism coupled with the German Grubein's antisemitically inflected anti-Americanism reveals the fault lines underlying the complex and contradictory legacies and contexts of postwar German culture *Germany 1945* Dagmar Barnouw, 2008-08-28 Packed with carefully chosen photos this book is a moving reminder of the material and moral devastation left behind by Nazi Germany Rudy Koshar University of Wisconsin-Madison The Allied forces that entered Germany at the close of World War II were looking for remorse and open admissions of guilt from the Germans Instead they saw arrogance servility and a population thoroughly brainwashed by Nazis But photos from the period tell a more complex story In fact Dagmar Barnouw argues that postwar Allied and German photography holds many possible clues for understanding the recent German past A significant addition to the scholarship on postwar German culture and political identity this book makes an important contribution to the current discussion of German memory Provocative brilliant and unsettling Washington Times Barnouw's thoughtful analysis of a large assortment of photographs allows Barnouw to look at how and not just what people saw and to bring that perspective into conversation with the historical debates about the war's end in Germany Journal of Contemporary History Barnouw's work shows that perspective plays a key role both in photography and in trying to master Germany's past Fascinating Library Journal

**Making Slow Food Fast in California Cuisine** Victor W. Geraci, 2017-03-02 This book follows the development of industrial agriculture in California and its influence on both regional and national eating habits Early California politicians and entrepreneurs envisioned agriculture as a solution to the food needs of the expanding industrial nation The state's climate geography vast expanses of land water and immigrant workforce when coupled with university research and governmental assistance provided a model for agribusiness In a short time the San Francisco Bay Area became a hub for guaranteeing Americans access to a consistent quantity of quality foods To this end California agribusiness played a major role in national food policies and subsequently produced a bifurcated California Cuisine that sustained both Slow and Fast Food proponents Problems arose as mid-twentieth century social activists battled the unresponsiveness of government agencies to corporate greed food safety and environmental sustainability By utilizing multidisciplinary literature and oral histories the book illuminates a more balanced look at how a California Cuisine embraced Slow Food Made Fast The New Life Jeremy Varon, 2014-06-01 Jewish Displaced Persons (DPs) survived in concentration and death camps in hiding and as exiles in the Soviet interior After liberation in the land of their persecutors some also attended university to fulfill dreams of becoming doctors engineers and professionals In *The New Life* Jewish Students of Postwar Germany Jeremy Varon tells the improbable story of the nearly eight hundred young Jews mostly from Poland and orphaned by the Holocaust who studied in universities in the American Zone of Occupied Germany Drawing on interviews he conducted with the Jewish alumni in the United States and Israel and the records of their Student Union Varon reconstructs how the students built a sense of purpose and a positive vision of the future even as the wounds of the

past persisted Varon explores the keys to students renewal including education itself the bond they enjoyed with one another as a substitute family and their efforts both to reconnect with old passions and to revive a near vanquished European Jewish intelligentsia The New Life also explores the relationship between Jews and Germans in occupied Germany Varon shows how mutual suspicion and resentment dominated interactions between the groups and explores the subtle ways anti-Semitism expressed itself just after the war Moments of empathy also emerge in which Germans began to reckon with the Nazi past Finally The New Life documents conflicts among Jews as they struggled to chart a collective future while nationalists both from Palestine and among DPs insisted that Zionism needed pioneers not scholars and tried to force the students to quit their studies Rigorously researched and passionately written The New Life speaks to scholars students and general readers with interest in the Holocaust Jewish and German history the study of trauma and the experiences of refugees displaced by war and genocide With liberation nearly seventy years in the past it is also among the very last studies based on living contact with Holocaust survivors

Nuremberg Stephen Brockmann, 2006 Nuremberg The Imaginary Capital is a broad study of German cultural and intellectual history since 1500 with a particular emphasis on the period from 1800 to the present The book explores the ways in which Germans over the past two centuries have imagined Nuremberg as a cultural and spiritual capital focusing feelings of national identity and belonging on the city or on their images of it Nuremberg The Imaginary Capital analyzes the way in which a particular city came to be seen in Germany and elsewhere as representative of the national whole The book goes beyond the analysis of particular historical periods by showing how successive epochs images of Nuremberg built on those preceding them thus German cultural and intellectual history is shown as an intelligible unity centered around fascination with and veneration for a particular city

**An Iron Wind** Peter Fritzsche, 2016-10-25 A vivid account of German occupied Europe during World War II that reveals civilians struggle to understand the terrifying chaos of war In An Iron Wind prize winning historian Peter Fritzsche draws diaries letters and other first person accounts to show how civilians in occupied Europe tried to make sense of World War II As the Third Reich targeted Europe's Jews for deportation and death confusion and mistrust reigned What were Hitler's aims Did Germany's rapid early victories mark the start of an enduring new era Was collaboration or resistance the wisest response to occupation How far should solidarity and empathy extend And where was God People desperately tried to understand the horrors around them but the stories they told themselves often justified a selfish indifference to their neighbors' fates Piecing together the broken words of the war's witnesses and victims Fritzsche offers a haunting picture of the most violent conflict in modern history
