Good News Spirituality Finding Holiness In Parish Life:

A Good News Spirituality John Burke, 2000 Building on solid tradition this book on leadership formation helps lay ministers preach the Word more effectively by growing in holiness themselves and thus encouraging others to grow in holiness *The Publishers Weekly*, 2000 **The Catholic Library World**, 2003 *The Library Journal*, 2000 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately **The Catholic Periodical and Literature Index**, 2008 *Library Journal*, 2000 *American Book Publishing Record*, 2006 *Forthcoming Books* Rose Arny, 2001 **Love's Redeeming Work** Geoffrey Rowell, Kenneth Stevenson, Rowan Williams, 2003-10-23 There is a rich vein of writing within Anglican tradition that has helped to form the theology and spirituality of the contemporary church For many readers much of this material remains unfamiliar and is often difficult to access Love's Redeeming Work draws together the works of major writers from the sixteenth century to the present day who have contributed to this development Each selected writer is introduced with a brief biography which gives background information about the author and highlights the relationships that existed with others from the same period This will enable the reader to set the writings in their proper context enhancing understanding of the material The selections then follow In some instances these may be familiar but other examples will introduce fresh ideas for every reader Each writer's selection is concluded with a list of source texts which can encourage readers to explore in more depth those areas which intrigue and excite them Love's Redeeming Work traces a path that has enabled Anglicanism in particular and the wider church as well to develop an ever deepening awareness of the need for a spiritual depth in the Christian life informed by a better knowledge of tradition In exploring this material it is the compilers hope that readers will find new riches that will encourage and sustain their own quest for holiness [The New Dictionary of Catholic Spirituality](#) Michael Downey, 1993 A Michael Glazier book *Today's Parish*, 1990 **Where does religion end?** Marcelo da Luz, 2017-08-31 The author's decision to leave religion after experiencing a profound growth crisis founded itself in the free action of one who after walking tenaciously has extinguished an existential possibility and reached a new realm of understanding about the realities of the consciousness and the universe The inner freedom encountered to make this kind of decision was the result of a gradual self confrontation This author perceived the necessity to dispel the fear associated with questioning his habitual suppositions and to look beyond the limits of the indoctrination he had received For a long time while still religious he named this fearlessness a quest for wisdom or the spirituality of an unsettled heart Nowadays in light of the experiences had he prefers to emphasize the courage to evolve which requires five years after the abjuration the assumption of speaking publicly about the dissidence that was effected When dissidents of ideologies or institutions start talking or writing about their experiences it is necessary to observe the kind of motivation and intention implicit in the decision made The former militant the former integrant the former partisan the former something in spite of the effort to

affirm that they are no longer part of the institution to which they once belonged may continue to define themselves based on the institution In this case the person is still a former in relation to what they intend to deny Perhaps in their eagerness to critically speak out about the reasons underlying their abandonment of a certain idea or organization they still flaunt the previous condition as a trophy unfurling the pride of being a former The ambiguity in question lies in the fact that the person's point of reference continues to be in the no longer desired way of living or thinking

Gays and Grays Donal Godfrey, 2007-07-20 *Gays and Grays* tells the story of a unique Catholic parish Most Holy Redeemer Parish in San Francisco is in the center of the world's first gay neighborhood The Castro This parish was the center of the hostility to the arriving gay population in the 1970s but paradoxically was itself transformed into a welcoming parish The old time parishioners the gray bonded with the new comers the gay particularly in a joint compassionate response to the crisis of AIDS A charismatic pastor FR Tony McGuire also played a key role in the transformation of this interesting parish Most Holy Redeemer was changed from a dying parish to a vital place where gay and straight people together created something new Father Donal Godfrey shows how this parish became prophetic and compassionate through conflict and compromise at times despite opposition from many sources including the institutionalized homophobia of the church and society Rather than becoming embittered the parish opened up to be a place of healing and indeed sanctuary for many This book tells this fascinating story and why it is significant beyond the scope of San Francisco Most Holy Redeemer is a place which has remained within the institution while at the same time challenging it with grace and humor This accessible and moving book is appropriate for all levels of students of congregational studies Sociology of Religion Gay or Queer Studies and Religion courses
