## **Goodbye Bafana:**

*Lessons To Be Learnt From The World's Great Icons Life Experiences.* Bheki S.V. Ntshingila, 2016-11-23 The book is about the late Mr Nelson Mandela the unrepentant crusader and freedom fighter against the obnoxious apartheid regime in South Africa who became an instant toast of the entire world which is a reminder that in each person there is a seed of greatness expected to be discovered and to be used to make this world a better one for all who live in it instead of experiencing hatred and brutality What makes a person to succeed is not how bad she or he thinks but is high optimism thinking big willingness to learn from other's mistakes and life experiences There is a lot we can learn from Madiba's life experience and I don't doubt that the world is also learning something constructive or destructive from you If you are not constructive to others how would you be constructive to yourself Remember greatness is a phenomenon that could be associated with anyone with a positive mind Good better best never let it rest till your good is better and your better is best

Babel Unbound Lesley Cowling,Carolyn Hamilton,2020-05-01 In this timely original and sophisticated collection writers from the Global South demonstrate that forms of publicness are multiple mobile and varied The notion that societies mediate issues through certain kinds of engagement is at the heart of imaginings of democracy and often centers on the ideal of the public sphere But this imagined foundation of how we live collectively appears to have suffered a dramatic collapse across the world with many democracies apparently unable to solve problems through talk or even to agree on who speaks in what ways and where In the 10 essays in this timely original and sophisticated collection writers from southern Africa combine theoretical analysis with the examination of historical cases and contemporary developments to demonstrate that forms of publicness are multiple mobile and varied They propose new concepts and methodologies to analyse how public engagements work in society Babel Unbound examines charged examples from the Global South such as the centuries old Timbuktu archive Nelson Mandela as a powerful absent presence in 1960s public life and the challenges to the terms of contemporary debate around the student activism of rhodesmustfall and feesmustfall These show how issues of public discussion span both archive and media verbal debates in formal spaces and visual performances that circulate in unpredictable ways
