THE GOODLY WORD Shaykh Al-Islam Ibn Taymiyyah, **A Theology of Gratitude** Mona Siddiqui, Nathanael Vette, 2022-12-22 How from a theological standpoint should we make sense of gratitude This rich interdisciplinary volume is the first concerted to explore theologies of gratitude from both Christian and Muslim perspectives While the available literature has tended to rhapsodize gratitude to God and others as both a virtue and an obligation this book by contrast offers something new by detailing ways in which gratitude is complicated by inequality even to the point of becoming a vice Gratitude now emerges as something more than a virtue and other than merely transactional It can be a burden bringing about indebtedness and an imbalance of power but it may also be a resonant source of reconciliation and belonging Topics discussed cover the personal and political dimensions of gratitude including such issues as justice multiculturalism racism imperialism grief memory and hope The book assembles from different traditions some of the leading theologians of our times

Wahhabism and the Rise of the New Salafists Namira Nahouza, 2018-06-14 Wahhabism is often described as one of the most conservative branches of Islam and its fundamentalist approach seen as fuelling jihadist extremism But what is the theological basis of Wahhabism How do Wahhabi beliefs and doctrine differ from branches of Sunni Islam While previous scholarship has examined Wahhabism as a political phenomenon this book turns attention to the complex religious issues that are central to its understanding Tracing its roots in the 18th century up until the present day Namira Nahouza shows why the Wahhabi movement has opposed traditional Islamic scholarship on the interpretation of the Qur'an and hadith Of key importance Nahouza shows are the differing beliefs about the oneness of God and God's names and attributes issues on which both Wahhabi and other Salafi groups are united Based on extensive research into classical and contemporary Arabic religious sources Nahouza presents the contours of Sunni theological debate and reveals how the Wahhabi movement became the predecessor to the Salafism we see today In highlighting the far reaching consequences of these theological divisions both for Muslim communities and the world at large the book fills a significant gap in existing research and is essential reading for scholars researching Islamic Theology Islamic History Security Studies and Islamic Radicalism

أحمد بن عبد الحليم ابن تيمية Ahmad ibn 'Abd al-Ḥalīm Ibn Taymīyah, 2003 Written by the renowned jurist of the fourteenth century Taqi al Din Ahmad Ibn Taymiyya The Goodly Word is one of the most referred to works on prayer and the merits of prayer Exclusively based on what the Prophet Muhammad himself said and did this work includes prayers for every moment of the Muslims life The Goodly Word is here presented in a bi lingual edition so that the exact prayers of the Prophet can be read in the original Arabic The translation is by two distinguished scholars who have also translated An Nawawi's Forty Hadith and Forty Hadith Qudsi both published by the
