intellectual concerns of the wider Insular and continental world Other contributors consider what it is to be Viking revealing how radically present perceptions shape our understanding of the past how recent archaeological work reveals the inadequacy of the traditional categorisation of the Vikings as incomers and how recontextualising Viking material culture can lead to unexpected insights into famous historical episodes such as King Edgar's boat trip on the Dee Recent landmark finds notably the runic inscribed Saltfleetby spindle whorl and the sword pommel from Beckley are also published here for the first time in comprehensive analyses which will remain the fundamental discussions of these spectacular objects for many years to come This book will be indispensable reading for everyone interested in medieval culture **The New Cambridge**
