Gorillas In The Garden:

Gorillas in the Garden Angus A. Martin, 1997 *Encountering Gorillas* James L. Newman, 2013-07-05 Gorillas the largest of the apes inhabiting our planet have been a source of fear awe and inspiration to humans In this book James L Newman brings a lifetime of study of Africa to his compelling story of the rich and varied interaction between gorillas and humans since earliest contact He illuminates the complex relationship over time through the interlinked themes of discovery exploitation understanding and continuing survival Tragically the number of free living gorillas facing habitat loss disease and poaching has declined dramatically over the course of the past century and the future of the few that remain is highly uncertain At the same time those in zoos and sanctuaries now lead much more secure lives than they did earlier Newman follows this transition highlighting the roles played by key individuals both humans and gorillas Among the former have been adventurers opportunists writers and scientists The latter include real gorillas such as Gargantua and Koko and fictional ones notably King Kong and Mighty Joe Young This thoughtful and engaging book helps us understand how our image of gorillas has been both distorted and clarified through culture and science for centuries and how we now control the destiny of these magnificent great apes

Gorilla Doctors Pamela S. Turner, 2008-08-06 The author of *The Frog Scientist* showcases the work of the Mountain Gorilla Veterinary Project in an outstanding science nature title Kirkus Reviews starred review Mountain gorillas are playful curious and protective of their families They are also one of the most endangered species in the world For years mountain gorillas have faced the threat of death by poachers Funds raised by gorilla tourism bringing people into the forest to see gorillas have helped protect them This tourism is vital but contact between gorillas and people brought a new threat to the gorillas human disease The Mountain Gorilla Veterinary Project is a group of scientists working to save the mountain gorilla population in Rwanda and Uganda The gorilla doctors study the effects of human exposure provide emergency care and act as foster parents to an orphaned gorilla Excellent photographs prominently feature the scientists at work predominantly women and people of color in scientific roles as well as the photogenic gorillas Horn Book starred review The author who has a degree in public health is especially successful in explaining how improving community public health benefits both gorillas and humans Spectacular and appealing photos of gorillas scientists and the Rwanda Preserve add even more appeal Kirkus Reviews starred review The readable text records their efforts to treat the great apes in the field as they encounter poachers meet with loss of habitat and face their newest threat human diseases that can cross species lines The whole is accompanied by striking full color photographs and includes a list of other resources a postscript and an index

School Library Journal *Walking With Gorillas* Gladys Kalema-Zikusoka, 2023-03-14 An Inspiring Memoir for Fans of Jane Goodall Dian Fossey and Frans De Waal In her enchanting memoir Dr Gladys Kalema Zikusoka Uganda's first wildlife veterinarian tells the remarkable story from her animal loving childhood to her career protecting endangered mountain gorillas and other wild animals She is also the defender of people as a groundbreaking promoter of human public health and

an advocate for revolutionary integrated approaches to saving our planet In an increasingly interconnected world animal and human health alike depend on sustainable solutions and Dr Gladys has developed an innovative approach to conservation among the endangered Mountain Gorillas of Bwindi Impenetrable Forest and their human neighbors Walking with Gorillas takes the reader on an incredible personal journey with Dr Gladys from her early days as a student in Uganda enduring the assassination of her father during a military coup to her veterinarian education in England to establishing the first veterinary department for the Ugandan government to founding one of the first organizations in the world that enables people to coexist with wildlife through improving the health and wellbeing of both Her award winning approach reduced the impact of the COVID 19 pandemic on critically endangered mountain gorillas In the face of discrimination and a male dominated world one woman s passion and determination to build a brighter future for the local wildlife and human community offers inspiration and insights into what is truly possible for our planet when we come together
