Good Night Officially The Pacific War Letters Of A Destroyer Sailor:

Good Night Officially Orvill Raines, 1996 Good Night Officially Yeoman James Orvill Raines, 2019-03-11 My interest in USS Howorth originated during my thirty three months of duty in the Pacific Fleet destroyer Hamner named after Howorth's gunnery officer killed at Okinawa Lieutenant Henry R Pete Hamner His legacy included the Reader's Digest subscriptions his mother presented each year to the wardroom and crew Later as executive officer in the hydrofoil Plainview exasperated by the endless stream of logs and records demanded by higher authorities I peevishly tested the navy's record system and wrote away for information on Lieutenant Hamner and Howorth I was surprised by the magnitude of the material documenting Howorth's Pacific War ranging from hourly barometric readings and seawater injection temperatures to ammunition effectiveness reports *Good Night Officially* William McBride, 1996-05-16 27 March 1945 Hello baby darling We're at sea again The jumping rolling tossing sea again My belly isn't the only thing with the jitters this time They affect my whole body Okinawa Just looking at it on the map breaks us out in a cold sweat Okinawa spells Kamikaze Corps to us Somebody's gotta get it and we may be lucky or unlucky You see the Navy loses a lot of men but you don't particularly hear about it These are the words of Orvill Raines a newspaperman in civilian life who now found himself in the uniform of a Yeoman Second Class on the destroyer Howorth and smack in the middle of the Pacific war From his assignment to the ship in April 1944 until his death one year later in a kamikaze attack off Okinawa Orvill Raines wrote a remarkable series of letters to his young bride Ray Ellen His perceptive uncensored correspondence shows us with a directness that no conventional history could hope to match the horrific experiences shared by thousands of American seamen who fought the good war against the Japanese half a century ago Special arrangements with the officer responsible for censoring his letters enabled Raines to candidly chronicle the war as he and his shipmates knew it His keen and literate observations provide a rare glimpse of the everyday world of the enlisted sailor a world permeated by boredom and routine camaraderie and high jinks but regularly punctuated by the frantic action and intense terror of combat And the Howorth's crew saw plenty of combat The reconquest of the Philippines where Raines's strongest memory is of the continual parade of floating bodies in Leyte Gulf the twenty four days spent firing on the entrenched Japanese on the stark volcanic hell of Iwo Jima and the bloody invasion of Okinawa are just some of the dramatic engagements that Raines witnessed and recorded There is a deeply personal side to these letters as well They tell of Orvill's adoration and longing for Ray Ellen faced with a lengthy and uncertain separation they promised to bid each other an official good night every evening and of his aspirations for a better life after the war Knowing the author's fate renders these hopes and dreams even more poignant Orvill's last letter to be opened only in the event of his death is the most touching of all as he bids his beloved Ray Ellen a final goodbye officially The letters are carefully edited and superbly set in their historical context by William M McBride *Good Night Officially* is a tribute to the genuine heroism of the millions of ordinary men who served their country in World War II and a fitting remembrance

of the squandered potential and tragic sacrifice made by hundreds of thousands of Americans in a war of unparalleled ferocity William M. McBride, Ed. *Good Night Officially : the Pacific War Letters of a Destroyer Sailor : the Letters of Yeoman James Orvill Raines* David Pierce Beatty,1995 **Good Night Officially** Yeoman James Orvill Raines,2019-09-13

An avid reader of naval history since my father s service in World War II I had been struck by the marked contrast between the touching personal depictions of WW II photo journalism and the dearth of portrayals of sailors as persons not just undefined elements of crews Frederick Harrod would observe Enlisted personnel are the forgotten men of naval history 1 As a youngster I witnessed the first two years of World War II by hanging around recruits at the Naval Training Station San Diego California While commissioned a line officer my father proved too old for front line duty so he was assigned to the legal staff as station deputy Provost Marshall a position suited to his civilian profession of lawyer and US commissioner for Santa Barbara and Ventura Counties California Bloody Pacific P. The Oxford Companion to American Military History , *Tin Can Titans* John Wukovits, 2017-03-14 An epic narrative of World War II naval action that brings to life the sailors and exploits of the war's most decorated destroyer squadron When Admiral William Halsey selected Destroyer Squadron 21 Desron 21 to lead his victorious ships into Tokyo Bay to accept the Japanese surrender it was the most battle-hardened US naval squadron of the war But it was not the squadron of ships that had accumulated such an inspiring resume it was the people serving aboard them Sailors not metallic superstructures and hulls had won the battles and become the stuff of legend Men like Commander Donald MacDonald skipper of the USS O'Bannon who became the most decorated naval officer of the Pacific war Lieutenant Hugh Barr Miller who survived his ship's sinking and waged a one-man battle against the enemy while stranded on a Japanese-occupied island and Doctor Dow Doc Ransom the beloved physician of the USS La Vallette who combined a mixture of humor and medical expertise to treat his patients at sea epitomize the sacrifices made by all the men and women of World War II Through diaries personal interviews with survivors and letters written to and by the crews during the war preeminent historian of the Pacific theater John Wukovits brings to life the human story of the squadron that bested the Japanese in the Pacific and helped take the war to Tokyo

Reilly recounts one of the most ferocious air and naval battles in history The US fleet and its accompanying airpower was so massive that the Japanese could only rely on suicide attacks to inflict critical damage Of the 206 ships that served on radar picket duty twenty nine percent were sunk or damaged by Japanese air attacks making theirs the most hazardous naval surface duty in World War II The great losses were largely due to relentless kamikaze attacks but also resulted from the improper use of support gunboats failure to establish land based radar at the earliest possible time the assignment of ships ill equipped for picket duty and as time went on crew fatigue US air cover during the battle is also described in full as squadrons dashed from their carriers and land bases to intercept the Japanese swarms resulting in constant melees over the fleet *At War With The Wind* David Sears, 2008 In the last days of World War II a new and baffling weapon terrorised the US Navy in the Pacific To the sailors who learned to fear them the body crashing warriors of Japan were known as suiciders among the Japanese they were named for a divine wind that once saved their homelands from invasion kamikaze Told from the perspective of men who endured this horrifying tactic this is the first book to recount in nail biting detail what it was like to experience an attack by Japanese kamikazes drawing on personal interviews and unprecedented research
