few miles a few times a week Humorously I would say to others who question my interest in jogging that whenever I look back and notice the doctor getting close I take off running I thoroughly enjoy helping youths understand the fundamentals of math and would time and time again do so when the opportunity is there My wife is and has always been the girl I met in high school I have spent each third of my life in each of the three countries My reasons for doing so include taking advantage of opportunities to give my family my wife and children a more enjoyable life A decade ago I published a book of essays *Ground Beef for the Mind* that is available on Amazon Other than that because of a love for writing I have been attempting to write books for most of my adult life but never completing most of them except for my first attempt which I did not get a publisher to take One of the people that stimulated in me an interest in writing was Agatha Christie who will forever be intriguing to me Interestingly my first choice of a major when I first applied to continue my studies at U of Toronto was Nursing The practicals clashed with my full time evening job and so I changed to Computer Science which led my life into the world of Information Technology [Don't Read This Book Before Dinner](#) Anna Claybourne, 2019 Surprising and disgusting facts and stories about animals nature and the world around us [The Gentleman's Magazine](#) , 1884
