Gor 12 Beasts Of Gor:

Beasts of Gor - Special Edition John Norman, 2013-03 John Norman's epic Gorean Saga is one of the longest running and most successful series in the history of fantasy. It is also one of the most controversial. Over the course of more than thirty books produced over a span of six decades, the series has sold millions of copies and built legions of fans unrivaled in their devotion. E Reads invites you to rediscover this brilliantly imagined world where men are masters and women live to serve their every desire. **BEASTS OF GOR** Book 12 of the Gorean Saga. The fight for survival on the primitive Earthlike world Gor continues with a ferocity that matches the rest of the series. On Gor, there are three different kinds of beings that are labeled beasts: the Kurii, a monster alien race that is preparing to invade Gor from space; Gorean warriors who fight with viciousness almost primitive in its blood lust; and then there are the slave girls of Gor, lowly beasts for men to do with as they see fit, be it as objects of labor or desire. Now all three come together as the Kurii fight to take over Gor with its first beachhead on the planet's polar ice cap. As all three kinds of beasts struggle together, an incredible adventure is told, one that begins in lands of burning heat and ends up in the bitter cold of the polar north among the savage red hunters of the polar ice pack. Read the entire saga now with brilliant new cover art specially commissioned by E Reads. [World of Gor: Gorean Encyclopaedia](#)
