## **Gospel According To Luke:**

*The Gospel of Luke* I. Howard Marshall, 1978-11-14 The Gospel of Luke was written says its author as an historical account of the ministry of Jesus Not only would it serve as the basis for a sound faith on the part of professing Christians but it would also claim a place for Christianity in history Christ s ministry as Luke shows is realized prophecy it is that time during which God s promise of salvation was fulfilled His teachings healing and acts of compassion are all part of the good news In Luke s Gospel Christ s message of salvation is directed to the weak poor and needy with an emphasis on the importance of self denial and of whole hearted discipleship Thus while Luke is the most conscious historian of the Gospel writers his history is a vehicle of theological interpretation in which the significance of Jesus is expressed In this commentary I Howard Marshall calls attention to the theological message of Luke the Evangelist His primary purpose is to exegete the text as it was written by Luke so that the distinctiveness of Luke s Gospel may be seen Basing his commentary on the third edition of *The Greek New Testament* Dr Marshall also refers to many variant readings which are significant in this study He provides fairly full information on the meanings of the Greek words used by Luke and shows which words and constructions occur frequently and are therefore characteristic of his style It is by this meticulous analysis of the Greek that Luke s theological intentions can be objectively determined

*Luke* Leon Morris, 1988 Morris s study on the Gospel of Luke is part of the Tyndale New Testament Commentaries a popular series designed to help the general Bible reader understand clearly what the text actually says and what it means without overuse of scholarly technicalities

The Gospel According to Luke G. Campbell Morgan, 2010-05-01 G Campbell Morgan Reprint Series Foreword If it is true that the measure of a person s greatness is their influence not only on his own time but on future generations G Campbell Morgan must be regarded as a great person His greatness is seen not only in the wide impact of his ministry on both sides of the Atlantic but in the fact that his books are still read and studied sixty five years after his death Named one of the ten greatest preachers of the twentieth century by the contributing board of Preaching magazine Morgan made the Bible a new and living book not only to the congregations who listened to him but the vast multitude of persons who read his books For sixty seven years Morgan preached and taught the Scriptures and served churches in England and the United States What is remarkable is that his commentaries and expositions of the Bible still speak to persons of a new millennium There have been many changes in the world since he faithfully preached and taught the Scriptures but the wide appeal of his books testify to the timelessness of his message Although he held pastorates in the Congregational and Presbyterian denominations he had an ecumenical appeal to persons of all denominations and traditions The mystic Thomas Kempis once wrote He to whom the eternal word speaks is delivered from many opinions In one of his sermons he referred to the words of Amos that there would be a famine for hearing the word of God Amos 8 11 The timeless work of G Campbell Morgan addresses that hunger as his books enable his readers to get beyond opinions to the living Word Wipf and Stock Publishers have rendered a great gift to the religious world

in reprinting dozens of Morgan's books. This growing collection makes his books more available so that readers have an option other than searching the internet for used and often expensive copies. Among this collection is the classic *The Great Physician* and commentaries on the Gospel of Matthew and John. Persons seeking a living faith and a meaningful encounter with God would profit from reading any of these Morgan books. Near the end of his ministry in a sermon entitled *But One Thing*, Morgan commented on how Portugal changed the words of a coin after Christopher Columbus discovered America. No longer did the inscription say *Ne Plus Ultra* (nothing more beyond) but *Plus Ultra* (more beyond). It is the hope of the G. Campbell Morgan Trust that the reprinting of these books will bring readers to the more beyond and an even deeper encounter with the Word in Scripture.

**The Gospel According to Luke**  
 James R. Edwards, 2020-05-21. This new Pillar commentary devotes attention throughout to the vocabulary, historical background, special themes, and narrative purpose that make the book of Luke unique among the four Gospels. Though the Gentile focus of Luke is often held to be primary, James Edwards counterbalances that by citing numerous evidences of Luke's overarching interest in depicting Jesus as the fulfillment of the providential work of God in the history of Israel and he considers the possibility that Luke himself was a Jew. Edwards also draws out other important thematic issues in excurses scattered throughout the commentary, including discussion of Luke's infancy narrative, the mission of Jesus as the way of salvation, and Luke's depiction of the universal scope of the gospel. This readable, relevant commentary attends to the linguistic, historical, literary, and theological elements of Luke that are essential to its meaning and considers Luke's significance for the church and the life of faith today.

**What are They Saying about Luke?**  
 Mark Allan Powell, 1989. Offers a concise summary of and an excellent introduction to recent Lucan scholarship. Major positions on several important subjects are clearly expressed in nontechnical language.

**Luke's Presentation of Jesus**  
 Robert F. O'Toole, 2004. This study uses composition criticism to consider everything that Luke wrote about Jesus. Jesus was a human being and a prophet, yet Luke wished to say much more. He has a very extensive and developed portrayal of Jesus as a saviour. His roles as Servant of Yahweh and Son of Man play a real part in explaining a number of Jesus' experiences and actions, including his passion. Jesus' identification as the Christ can be associated with the being Son of God, but each of these identifications has its own nuances. Luke 1:35 proves crucial for a correct understanding of Son of God and guides the reader's comprehension of Jesus' identity. The OT background of Lord leads to a correct interpretation of this title when applied to Jesus, and Luke willingly predicates similar things of God and of Jesus.

Robert F. O'Toole, S.J., was born and raised in St. Louis and entered the Jesuits in 1954. He holds an M.A. in Greek and Latin and he is licentiated in both philosophy and theology. He did his doctorate in Sacred Scripture at the Pontifical Biblical Institute in Rome; his director was the then Fr. Carlo Maria
