## **Gospel Of Thomas:**

The Gospel of Thomas ,2004 In 1945 a Coptic document containing sayings attributed to Jesus was discovered deep within an ancient Egyptian cave This lost gospel the Gospel of Thomas was written at the same time as the canonical Gospels of Matthew Mark Luke and John and is now considered one of the greatest religious discoveries of the twentieth century It contains 150 sayings approximately half of which are found in the New Testament the other half of which are found only here These new sayings offer an original perspective on Jesus message Most notably they emphasize that the Kingdom of Heaven exists right before us in this present moment and all that we have to do is recognize it This edition includes an extensive foreword by Andrew Harvey as well as commentary that explains biblical terms philosophical concepts and historic contexts

*The Gospel of Thomas* Richard Valantasis,2008-03-07 This volume offers the first full commentary on the Gospel of Thomas a work which has previously been accessible only to theologians and scholars Valantasis provides fresh translations of the Coptic and Greek text with an illuminating commentary examining the text line by line He includes a general introduction outlining the debates of previous scholars and situating the Gospel in its historical and theological contexts The Gospel of Thomas provides an insight into a previously inaccessible text and presents Thomas gospel as an integral part of the canon of Biblical writings which can inform us further about the literature of the Judeo Christian tradition and early Christianity

*The Fifth Gospel (New Edition)* Stephen J. Patterson,Hans-Gebhard Bethge,James M. Robinson,2011-10-27 In December 1945 at the base of cliffs that run along the Nile River near the modern day town of Nag Hammadi an Egyptian farmer discovered a sealed jar containing thirteen ancient Coptic codices This discovery represented arguably the most significant manuscript discovery of the twentieth century for the study of the New Testament and Christian origins Of all the texts found none has been more important than the Gospel of Thomas for our understanding of early Christianity This classic book presents the best text and the best translation of Thomas in user friendly form Additional chapters provide a general introduction to the Gospel of Thomas and tell the fascinating story of that discovery itself by one who was directly involved in bringing this new Gospel to light An annotated list for further reading completes the volume This new edition features updated material which takes account of recent research on the gospel of Thomas The translation has been refined at points and the bibliographical material updated

**The Gospel of Thomas and Jesus** Stephen J. Patterson,1993 *Gospel of Thomas Annotated & Explained* ,2002 The recently discovered mystical sayings of Jesus with facing page commentary that brings the text to life for you The Gospel of Thomas really is I believe the clearest guide we have to the vision of the world s supreme mystical revolutionary the teacher known as Jesus To those who learn to unpack its sometimes cryptic sayings the Gospel of Thomas offers a naked and dazzlingly subversive representation of Jesus defining and most radical discovery that the living Kingdom of God burns in us and surrounds us at all moments from the Foreword by Andrew Harvey This ancient text can become a companion for your own spiritual journey In 1945 twelve ancient books were found inside a sealed jar at

the base of an Egyptian cliff One of those texts was the Gospel of Thomas one of the most important religious archaeological discoveries of the twentieth century While illuminating the origins of Christianity it raises the question whether the New Testament's version of Jesus' teachings is entirely accurate and complete Written at the same time as the canonical Gospels the Gospel of Thomas portrays Jesus as a wisdom loving sage The aphoristic sayings emphasize the value of the present teaching that the Kingdom of God is here and now rather than a future promise or future threat It presents a new way of looking at the challenging and intriguing figure of Jesus and reminds us that the Divine can be found right here on earth Now you can experience the Gospel of Thomas with understanding even if you have no previous knowledge of early Christian history or thought This SkyLight Illuminations edition offers insightful yet unobtrusive commentary that explains references and philosophical terms shares the inspiring interpretations of famous spiritual teachers and gives you deeper understanding of Thomas's innovative message that self knowledge and contemplation of the nature of this world are the keys to the Kingdom of Heaven

*The Gospel of Thomas* Ron Miller, 2011-08-18 The Gospel of Thomas a book of sayings and wisdom of Jesus compiled as early or earlier than the New Testament gospels can transform your spiritual life There are many academic commentaries on the Gospel of Thomas but this book has a different aim It is meant to be a guidebook that is a translation of the sayings into daily practice The goal of such practice is to become Jesus's twin This does not of course mean becoming an olive skinned bearded Mediterranean peasant wearing sandals It is more about manifesting in our lives the same Christ consciousness revealed in the person we know as Jesus of Nazareth from the Introduction In the decades since its discovery the Gospel of Thomas has intrigued people of all faiths around the world Shedding new light on the origins of Christianity the Gospel of Thomas raises questions about whether the New Testament's version of Jesus's teachings is entirely accurate and complete In the Gospel of Thomas we see Jesus as a wisdom loving sage sharing aphorisms about the value of the present and each person's role in the creation of the Kingdom of God here on earth But these inspiring sayings can leave you

wondering What next Now you can learn how to start applying Jesus s wisdom to your own life and in turn to the world around you This unique guidebook leads you through Thomas offering practices that help you translate Jesus s wisdom into a more fulfilling enriching daily life including Becoming a Spiritual Adult Sorting Out the Old and the New Being a Healing Presence Daring to Be a City on a Hill God s Reign Calls for Ready Hands Spirituality Is Not Skygazing And much more

The Gospel of Thomas Jean-Yves Leloup,2005-02-16 A new translation and analysis of the gospel that records the actual words of Jesus Explores the gnostic significance of Jesus s teachings recorded in this gospel Explains the true nature of the new man whose coming Jesus envisioned Translated and interpreted by the author of the bestselling The Gospel of Mary Magdalene and The Gospel of Philip One of the cache of codices and manuscripts discovered in Nag Hammadi the Gospel of Thomas unlike the canonical gospels does not contain a narrative recording Christ s life and prophecies Instead it is a collection of his teachings what he actually said These 114 logia or sayings were collected by Judas Didymus Thomas whom some claim to be Jesus s closest disciple No sooner was this gospel uncovered from the sands of Upper Egypt than scholars and theologians began to bury it anew in a host of conflicting interpretations and polemics While some say it is a hodgepodge from the canonical gospels for others it is the source text from which all the gospel writers drew their material and inspiration In this new translation of the Gospel of Thomas Jean Yves Leloup shows that the Jesus recorded by the infinitely skeptical and infinitely believing Thomas has much in common with gnostics of non dualistic schools Like them Jesus preaches the coming of a new man the genesis of the man of knowledge In this gospel Jesus describes a journey from limited to unlimited consciousness The Jesus of Thomas invites us to drink deeply from the well of knowledge that lies within not so that we may become good Christians but so we may attain the self knowledge that will make each of us too a Christ **The fifth Gospel**

Stephen J. Patterson,James McConkey Robinson,Hans-Gebhard Bethge,1998-11-01 The best text and the best translation of the Gospel of Thomas are presented in this user friendly form In addition two essays have been included for those who may be unfamiliar with this new Gospel or with the events that led to its discovery and publ **The Original Gospel of Thomas in Translation**

Meyer,1992-10-09 A fresh

Library the Gospel of Thomas was long considered irrelevant to the study of Jesus teachings Stevan Davies influential *The Gospel of Thomas and Christian Wisdom* overturned this view and enabled the Gospel of Thomas to be taken seriously as a source for the earliest Christianity This Bardic Press edition brings a classic work of accessible scholarship back into print A entirely new forty page introduction discusses recent developments in scholarship looks at Thomas independence from the New Testament gospels discusses the role of Mary Magdalene in the Gospel Thomas and offers a variety of valuable insights A fascinating additional essay speculates that Thomas may have been used as an oracle text in a similar way to the I Ching

Thomas Risto Uro,2003-11-12 Many scholars believe that the Gospel of Thomas the famous collection of Jesus sayings found in Nag Hammadi in 1945 radically changes our understanding of the origins of Christianity The Gospel is generally studied closely for the new light it throws on pre canonical traditions and for the different world of wisdom it seems to represent By contrast Risto Uro seeks to locate the Gospel of Thomas on the map of early Christian literature and history by comparing the Gospel to other related writings and traditions of the period These include the writings ascribed to the mysterious apostle Judas Thomas other documents from Nag Hammadi Paul and Stoic teachers and the Gospel of Matthew Uro argues that the conventional methods scholars have been using in their studies are in need of rethinking and refinement Among many conclusions is the author s belief that Thomas is an early second century work written by people who like many other first and second century Christians understood Jesus message in terms of the Hellenistic belief in the divine origin of the self

*The Gospel of Thomas* Simon James Gathercole,2014-05-22 In this new commentary on the controversial Gospel of Thomas Simon Gathercole provides the most extensive analysis yet published of both the work as a whole and of

the individual sayings contained in it This commentary offers a fresh analysis of Thomas not from the perspective of form criticism and source criticism but seeks to elucidate the meaning of the work and its constituent elements in its second century context With its lucid discussion of the various controversial aspects of Thomas and treatment of the various different scholarly views this is a foundational work of reference for scholars not just of apocryphal Gospels but also for New Testament scholars Classicists and Patrologists

**The Gospel of Thomas** Jerry A. Dirnberger, 2018-06-15 Jesus style was to avoid giving straightforward answers even though his disciples kept asking for explanations His unique sayings are the beatitudes those about turning the other cheek and the injunction to love enemies But treat people in the way you want to be treated is closer to Jesus perspective This book lists 114 secret sayings by Jesus preserved by his twin brother Judas Jude Thomas and discovered in 1945 near the Egyptian town of Nag Hammadi Author Jerome rewrites the words into twenty first century English
