Gossip And Subversion In Nineteenth Century Novel:

Gossip and Subversion in Nineteenth-Century British Fiction J. Gordon, 1996-11-27 Jan Gordon proposes that a reviled communicational interest in gossip and its purveyors be given its proper due in the development of the novel in Britain Commencing with Sir Walter Scott's historically persecuted but economically and politically necessary androgynous voices in caves and concluding with Oscar Wilde's premature celebration of gossip at the very moment it is transformed from public opinion to public judgment the author finds gossip to be both deforming and shaping nineteenth century letters in surprising ways Like the ignominious orphan figure of nineteenth century fiction gossip is the unacknowledged reproduction searching for a political antecedence which might lend a legitimacy to its often discontinuous testimony for a culture historically resistant to obtrusive voices

The Brontes Patricia Ingham, 2014-06-11 The novels of Charlotte and Emily Bronte have become canonical texts for the application of twentieth century literary and cultural theory Along with the work of their sister Anne their texts are regarded as a sources of diversity in themselves full of conflictual material which different schools of criticism have analysed and interpreted This book shows how the Brontes writings engage with the major issues which dominate twentieth century theoretical work The essays are grouped under broad schools of theory biographical feminist marxist psychoanalytical and postcolonial

Time, Space, and Gender in the Nineteenth-Century British Diary R. Steinitz, 2011-10-24 Through close examinations of diaries diary publication and diaries in fiction this book explores how the diary's construction of time and space made it an invaluable and effective vehicle for the dominant discourses of the period it also explains how the genre evolved into the feminine emotive private form we continue to privilege today **London**

Clubland A. Milne-Smith, 2011-11-15 This work is the first to study the gentlemen's clubs that were an important feature of the Late Victorian landscape and the first to discover the secret history of clubmen and their world placing them at centre stage detailing how clubland dramatically shaped 19th and early 20th century ideas about gender power class and the city

Conrad, Language, and Narrative Michael Greaney, 2001-11-15 In this re evaluation of the writings of Joseph Conrad Michael Greaney places language and narrative at the heart of his literary achievement A trilingual Polish expatriate Conrad brought a formidable linguistic self consciousness to the English novel tensions between speech and writing are the defining obsessions of his career He sought very early on to develop a writing of the voice based on oral or communal modes of storytelling Greaney argues that the yarns of his nautical raconteur Marlow are the most challenging expression of this voice centred aesthetic But Conrad's suspicion that words are fundamentally untrustworthy is present in everything he wrote The political novels of his middle period represent a breakthrough from traditional storytelling into the writerly aesthetic of high modernism Greaney offers an examination of a wide range of Conrad's work which combines recent critical approaches to language in post structuralism with an impressive command of linguistic theory *The Idea of Europe in Literature* Susanne Fendler, Ruth Wittlinger, 1999-09-11 The relevance of culture has recently enjoyed increasing recognition for the study of

European integration and a European identity Appeals to a common European culture as well as appeals to different national cultures have been used respectively as a means to pursue political ends Paying tribute to literature's role as an important constituent part of a culture this collection of essays explores literary representations of Europe and its nation states and should be of particular value to anyone who is interested in cultural political or literary studies in the European context

Victorian Servants, Class, and the Politics of Literacy Jean Fernandez, 2009-09-10 Utilizing an array of cultural texts fiction servant autobiography diaries and pamphlets this study examines the debate on mass literacy as it developed around the figure of the Victorian servant as well as its significance for understanding the nexus between class and narrative power in nineteenth century literature

Middle English Paul Strohm, 2007-04-19 These original essays mean to provoke rather than reassure to challenge rather than codify Instead of summarizing existing knowledge after the fashion of the now ubiquitous literary companions these essays aim at opening fresh discussion instead of emphasizing settled consensus they direct their readers to areas of enlivened and unresolved debate Although major authors such as Chaucer and Langland are richly represented many little known and neglected texts are considered as well Analysis is devoted not only to self sufficient works but to the general conditions of textual production and reception Contributors to this collection include some recognized and admired names but also a good many newer faces younger scholars whose groundbreaking research is just coming into full view and whose perspectives will influence the terms of literary discussion in the decades to come Encouraged to speculate they have addressed topics that unsettle previous categories of investigation Each is oriented toward the emergent the unfinalized the yet to be done Each essay stirs new questions and concludes with suggestions for further reading and investigation that will allow readers to extend their own research into the questions it has raised

Symbolism 2020 Rüdiger Ahrens, Florian Klaeger, Klaus Stierstorfer, 2020-12-07 This special anniversary volume of Symbolism explores the nexus between symbolic signification and the future from an interdisciplinary perspective How contributors ask has the future been variously rendered in symbolic terms How do symbols and symbolic reference shape our ideas of the future To what extent are symbols constitutive of futures and to what extent do they restrain communication about what is possible and the imagination of fundamental change Moreover how have symbolic practices shaped not only artistic representations of the future but also scientific attempts at forecasting and modelling it What then is the relevance of symbolism for negotiations of the future in cultural and academic production In essays ranging from literary and film studies to the philosophy of art and ecological modelling the volume seeks to lay groundwork in theorizing and historicising symbols of the future as much as the future of symbolism

Transforming Talk Susan E. Phillips, 2011-04-01 In recent decades scholars have shown an increasing interest in gossip's social psychological and literary functions The first book length study of medieval gossip Transforming Talk shifts the current debate and argues that gossip functions primarily as a transformative discourse influencing not only social interactions but also literary and religious practices Known as jangling in Middle

English gossip was believed to corrupt parishioners disturb the peace and cause civil and spiritual unrest But gossip was also a productive cultural force it reconfigured pastoral practice catalyzed narrative experimentation and restructured social and familial relationships Transforming Talk will appeal to a diverse audience including scholars interested in late medieval culture religion and society Chaucer and women in the Middle Ages *The Invention of Telepathy, 1870-1901* Roger Luckhurst, 2002 The Invention of Telepathy explores one of the enduring concepts to emerge from the late nineteenth century Telepathy was coined by Frederic Myers in 1882 He defined it as the communication of any kind from one mind to another independently of the recognised channels of sense By 1901 it had become a disputed phenomenon amongst physical scientists yet was the royal road to the unconscious mind Telepathy was discussed by eminent men and women of the day including Sigmund Freud Thomas Huxley Henry and William James Mary Kingsley Andrew Lang Vernon Lee W T Stead and Oscar Wilde Did telepathy signal evolutionary advance or possible decline Could it be a means of binding the Empire closer together or was it used by natives to subvert imperial communications Were women more sensitive than men and if so why Roger Luckhurst investigates these questions in an exciting and accessible study that mixes history of science with cultural history and literary analysis *Mr. and Mrs. Disraeli* Daisy Hay, 2015-02-17 Originally published Great Britain Chatto Windus 2015 **The Body and Physical Difference** David T. Mitchell, Sharon L. Snyder, 1997 Groundbreaking perspectives on disability in culture and the arts that shed light on notions of identity and social marginality **Book Parts** Dennis Duncan, Adam Smyth, 2019-06-27 What would an anatomy of the book look like There is the main text of course the file that the author proudly submits to their publisher But around this hemming it in on the page or enclosing it at the front and back of the book there are dozens of other texts page numbers and running heads copyright statements and errata lists each possessed of particular conventions each with their own lively histories To consider these paratexts recalling them from the margins letting them take centre stage is to be reminded that no book is the sole work of the author whose name appears on the cover rather every book is the sum of a series of collaborations It is to be reminded also that not everything is intended for us the readers There are sections that are solely directed at others binders librarians lawyers parts of the book that if they are working well are working discreetly like a theatrical prompt whispering out of the audience's ear shot Book Parts is a bold and imaginative intervention in the fast growing field of book history it pulls the book apart Over twenty two chapters Book Parts tells the story of the components of the book from title pages to endleaves from dust jackets to indexes and just about everything in between Book Parts covers a broad historical range that runs from the pre print era to the digital bringing together the expertise of some of the most exciting scholars working on book history today in order to shine a new light on these elements hiding in plain sight in the books we all read *Law and Literature in Europe and Beyond* Klaus Stierstorfer, 2025-05-27 This book aims to contribute to an understanding of the processes in which law and literature combine in conceptualizing Europe This can take place with regard to important national and local issues of wider

significance or in the establishment of connections between European nations but also far beyond the confines of Europe where European concepts of law and literature have had cultural effects

George Eliot Lucie Armitt, 2000 Focusing on three of Eliot's most influential and widely read novels this guide traces recent critical interpretations of her work as well as revisiting some of the perspectives offered by original reviewers and early critics

Common Precedents Ayelet Ben-Yishai, 2015 Reading major novels by George Eliot Anthony Trollope and Wilkie Collins Common Precedents shows that precedential reasoning enjoyed widespread cultural significance in the nineteenth century as a means of preserving a sense of common history values and interests in the face of a new heterogeneous society Enabling the recognition of the new and its assimilation as part of a continuous past Ayelet Ben Yishai argues that the binding force of precedent also functions as the binding element of an always shifting commonality pulling it together in the face of rupture and dispersion By appearing to bring the past seamlessly into the present the form of legal precedent became vital to the preservation of a sense of commonality and continuity crucial to the common law and Victorian legal culture But the impact of precedent extended beyond legal practices and institutions to the culture at large and especially to its fiction Ben Yishai argues that understanding the structure of precedent also explains fictional form how fictionality works its epistemology and the ways in which its commonalities are socially constructed maintained and reified

Bram Stoker's Dracula Carol Margaret Davison, 1997-11-01 Winner of the 1997 International Association of the Fantastic in the Arts Best Non fiction Book In 1897 Archibald Constable Company published a novel by the unheralded Bram Stoker That novel Dracula has gone on to become perhaps the most influential novel of all time To commemorate the centennial of that great novel Carol Margaret Davison has brought together this collection of essays by some of the world's leading scholars The essays analyze Stoker's original novel and celebrate its legacy in popular culture The continuing presence of Dracula and vampire fiction and films provides proof that as Davison writes Dracula is alive and sucking Dracula is a Gothic mandala a vast design in which multiple reflections of the elements of the genre are configured in elegant sets of symmetries It is also a sort of lens bringing focus and compression to diverse Gothic motifs including not only vampirism but madness the night spoiled innocence disorder in nature sacrilege cannibalism necrophilia psychic projection the succubus the incubus the ruin and the tomb Gathering up and unifying all that came before it and casting its great shadow over all that came and continues to come after its influence on twentieth century Gothic fiction and film is unique and irresistible from the Preface by Patrick McGrath

The Victorian Supernatural Nicola Bown, Carolyn Burdett, Pamela Thurschwell, 2004-02-05 Publisher Description

The British National Bibliography Arthur James Wells, 1998

Gossip And Subversion In Nineteenth Century Novel Introduction

In the digital age, access to information has become easier than ever before. The ability to download Gossip And Subversion In Nineteenth Century Novel has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Gossip And Subversion In Nineteenth Century Novel has opened up a world of possibilities. Downloading Gossip And Subversion In Nineteenth Century Novel provides numerous advantages over physical copies of books and documents.

Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Gossip And Subversion In Nineteenth Century Novel has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Gossip And Subversion In Nineteenth Century Novel. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Gossip And Subversion In Nineteenth Century Novel. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Gossip And Subversion In Nineteenth Century Novel, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Gossip And Subversion In Nineteenth Century Novel has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
