Economic Foundations Of Strategic Management

Jeffrey S. Harrison, Caron H. St John

Economic Foundations Of Strategic Management:

Economic Foundations of Strategy Joseph T. Mahoney, 2004-07-08 Economic Foundations of Strategy provides not only the essential basic tenets of strategy it also shows the inter relationships of five major theories of the firm the behavioral theory transaction costs theory property rights theory agency theory and dynamic resource based theory Even though technological organizational and institutional change advances breathlessly the theories of the firm provided in this research book are durable principles that have stood and the author maintains will continue to stand the test of time Economic Foundations of Strategy emphasizes the complementarities among these five theories of organization and the potential for integrating these theories in the evolving science of organization Applications of these theories to business practice are emphasized throughout the book

Economic Foundations of Strategic Management Mehmet Barca, 2017-10-24 This book explores the extent to which economic theory is able to provide the theoretical foundations of strategic management To this end it draws on the philosophy of science microeconomic theory and different approaches to strategic management The work shows that many of the propositions of strategic management are deducible from the economic theories considered It argues that these propositions should be made open to empirical testing and that a unified theory of strategic management should be developed Thus the book addresses a current major concern of theorists that strategy remains atheoretical and that this reduces the predictive power of the subject and hampers further theory development The essential contribution made is that economic theory should be systematically explored in order to establish the foundations of business strategy

Economic Foundations of Strategic Management on the Economic Conceptualisation of the Nature and Sustainability of Profit Differentials Among Firms Mehmet Barcadurmus, 2000

The Paradoxical Foundation of Strategic Management Andreas Rasche, 2007-10-25 This book offers a systematic critique of the scientific discourse of strategic management It uncovers scholars unquestioned assumptions and shows that by upholding these assumptions researchers obscure the paradoxical nature of strategic reasoning To uncover the paradoxes of strategic management the author refers to the philosophy of Jacques Derrida He exposes the paradoxes that inevitably occur when theorizing about corporate strategy along the dimensions strategy context process and content and shows how these paradoxes can enrich future thinking about strategic problems The analysis is completed by a discussion of theoretical and practical implications which highlight the need to research strategy not as something an organization has but as something an organization does Such a practice perspective gives reference to the paradoxical ground that strategic management rests on and enriches scholars ability to reflect on practitioners tasks while doing strategy in organizations

Economic Microfoundations of Strategic Management Kirsten Foss, Nicolai J. Foss, 2022-10-18 This book develops a property rights approach to firm strategy and demonstrates how it helps address key challenges in strategic management research It shows that the property rights approach holds important implications both for entrepreneurship and organizational learning theory Property rights have direct implications for

strategic management as control over assets has an immediate link to the creation and appropriation of economic value For a firm to execute a competitive strategy it must hold rights to appropriate resources This book will appeal to scholars working in the fields of strategic management organizational theory and resource allocation It is an invaluable summary of two decades of groundbreaking research Economic Foundations of Strategy Joseph T. Mahoney,2005 The theoretical foundations of management strategy are identified and outlined in this text Five theories are considered in the light of questions about how organisations operate efficiently cost minimization wealth creation individual self interest and continued growth *Rethinking Strategic Management* Thomas Wunder,2019-09-06 This book offers innovative ideas and frameworks for sustainable strategizing to advance business by scaling up its positive impact which is so urgently needed at this time in the 21st century It shows practitioners how to effectively deal with socio ecological systems disruptions to their operating environments and play an active role in transforming markets toward a sustainable future In short the book demonstrates how to make business sense of sustainability highlighting new approaches and examples that translate sustainability into strategy and action The ultimate goal is to provide a path toward a thriving future for both business and society This book was written for strategy practitioners and decision makers who want to understand why sustainable strategizing is important in today s business world and are seeking actionable business knowledge they can apply in their companies It was also written for students of management and can be used as a supplemental text to support traditional graduate and undergraduate management courses **Theory of the Firm for Strategic Management** Manuel Becerra,2009-02-05 Develops a value based theory of the firm specifically aimed at strategic decision making **Social E-Enterprise: Value Creation through ICT** Torres-Coronas, Teresa,Vidal-Blasco, María Arántzazu,2012-12-31 As the importance of the social sector has increased in recent years utilizing social enterprise aids in the development of knowledge research and practices in order to achieve an organizations goals Therefore an understanding of ICT implementation in regards to social enterprise is crucial for effectiveness Social E Enterprise Value Creation through ICT provides research on the understanding of ICT in the social enterprise field as it emerges as a major component of both business model and developed economy This reference source focuses on the role of information communication technology as it promotes the development of the social sector ECRM 2023 22nd European Conference on Research Methods in Business and Management Academic Conferences and Publishing Limited,2023-09-06 **Corporate Level Strategy** Olivier Furrer,2016-04-13 The challenges faced by diversified corporations firms that operate in more than one industry or market have changed over the years In this new edition Olivier Furrer helps students of corporate strategy to consider the impact of critical changes in resources businesses and headquarters roles on the firm s ability for establishing and sustaining corporate advantage New to this edition are stimulating pedagogical features and additional material such as a new chapter on the theoretical foundations of multibusiness firms along with a host of new examples from across the world A companion website supplements the book

providing PowerPoint slides a test bank of questions and lists of suggested case studies

designed to provoke thought and debate about strategic management and myriad other issues It will be valuable for students academics universities offering hospitality and tourism and hospitality and tourism professionals Strategic Management Graham Hubbard, John Rice, Peter Galvin, 2014-09-01 Renowned for its comprehensive rigorous and case rich approach this resource trains future business leaders to analyse a wide range business issues apply appropriate concepts and successfully implement business strategy Strategic Management is written with practical usage in mind and is designed to suit the needs of both post graduate and undergraduate students The 5th edition brings the subject to life with ten brand new in depth case studies covering a wide variety of Australian and international examples

The Oxford Handbook of Business and Government David Coen, Wyn Grant, Graham Wilson, 2010-02-25 Business is one of the major power centres in modern society The state seeks to check and channel that power so as to serve broader public policy objectives However if the way in which business is governed is ineffective or over burdensome it may become more difficult to achieve desired goals such as economic growth or higher levels of employment In a period of international economic crisis the study of how business and government relate to each other in different countries is of more central importance than ever These relationships have been studied from a number of different disciplinary perspectives business studies economics economic history law and political science and all of these are represented in this handbook The first part of the book provides an introduction to the ways in which five different disciplines have approached the study of business and government The second section on the firm and the state looks at how these entities interact in different settings emphasising such phenomena as the global firm and varieties of capitalism The third section examines how business interacts with government in different parts of the world including the United States the EU China Japan and South America The fourth section reviews changing patterns of market governance through a unifying theme of the role of regulation Business government relations can play out in divergent ways in different policy and the fifth section examines the contrasts between different key arenas such as competition policy trade policy training policy and environmental policy The volume provides an authoritative overview with chapters by leading authorities on the current state of knowledge of business government relations but also points to ways in which this work might be developed in the future e g through a political theory of the firm

Organizational Evolution and Strategic Management Rodolphe Durand, 2006-04-25 I have no doubt this book will be read and used time and again by any scholar working within the evolutionary approach to organizations I believe that it will also be of great interest to strategy scholars Management Rodolphe Durand has a compelling message for the growing community of evolutionary researchers in organization studies Evolutionary researchers need to attend more carefully to historical and contemporary debates in the biological sciences if they are to avoid false tracks and simplistic analogies Durand offers here the foundations of a distinctive and authentic evolutionary theory that takes organizations seriously for what they are Richard Whittington Oxford University This book fills an important gap in the study of organizations and strategy from an evolutionary perspective It

offers a synthetic approach to evolutionary analysis with grounded empirical examples that graduate students and seasoned scholars alike will find immensely useful Durand's OES model rooted in a critical examination of philosophical and scientific writings on evolution is particularly promising and provides a valuable guidepost for future research on organizations and strategic management Michael Lounsbury University of Alberta How is economic evolutionary theory in which organisations evolve according to environmental selection reconciled with evidence of strategic management This book is the first of its kind to propose a solution to this theoretical puzzle and engage readers in a balanced understanding of organizational evolution Rodolphe Durand embarks upon a fresh assessment of the literature His discoveries provide the foundation for a new theory of organizational selection and an organizational evolution and strategy model that reconciles economic evolution with strategic intentionality Chapters include an examination of the work by Lamarck Darwin and Spencer a constructive appraisal of evolutionary theory applied to organisations and a summary of how the organizational evolution and strategy model will affect future theory and research

Handbook of Research on International Strategic Management Alain Verbeke, Hemant Merchant, 2012-01-01 Verbeke and Merchant have assembled a remarkable collection of brand new essays by the who's who of international business It will become a standard reference for both junior and senior scholars working in this increasingly important area _ Ravi Ramamurti Northeastern University US Leading thinkers about the multinational enterprise offer both concise syntheses and critical reflections of the state of the art on international strategic management research They in particular highlight the potential of internalization theory as a central paradigm for the field and critically examine pertinent issues such as the complex notion of distance in international business Refreshingly they do not shy away from naming flaws in recent work while offering avenues to improve the quality and impact of future research _ Klaus Meyer University of Bath UK The Handbook provides an impressive state of the art overview of the international strategic management field as an area of scholarly inquiry The great strength of the work is the thoughtfulness of the messages conveyed by the expert team of authors The implications for future international strategy research and for international management practice are profound and will influence the next generation of scholars in international strategy as well as senior level managers Corporate executives will continue to operate in a world that is far from flat and will use this volume as a reliable compass in the form of powerful conceptual frameworks to navigate uncharted territory in the global economy The Handbook presents a collection of 24 original research papers that should serve international strategy scholars and reflective MNE managers alike
