Economic Policy In Europe Since The Late Middle Ages:

Urban Achievement in Early Modern Europe Patrick O'Brien, 2001-04-12 Comparative urban history examines early modern economic and cultural achievements in Antwerp Amsterdam and London Economic Policy in Europe Since the Late Middle Ages Herman Diederiks, Paul M. Hohenberg, Michael Wagenaar, 1992 Market forces Adam Smith's invisible hand have never operated unimpeded in any economic system As this book shows even the successful merchant communities of early modern Europe were directed by the conscious plans of individuals and associations the archetypal markets were imperfect **Economic Policy in Europe Since the Late Middle Ages** Herman Diederiks, Paul M. Hohenberg, Michiel Wagenaar, 1992 *Handbook of European History 1400-1600: Late Middle Ages, Renaissance and Reformation* Thomas Brady, Oberman, James D. Tracy, 2018-11-12 The Handbook of European History 1400 1600 brings together the best scholarship into an array of topical chapters that present current knowledge and thinking in ways useful to the specialist and accessible to students and to the educated non specialist Forty one leading scholars in this field of history present the state of knowledge about the grand themes main controversies and fruitful directions for research of European history in this era Volume 1 Structures and Assertions described the people lands religions and political structures which define the setting for this historical period Volume 2 Visions Programs Outcomes covers the early stages of the process by which newly established confessional structures began to work their way among the populace New Approaches to Governance and Rule in Urban Europe Since 1500 Simon Gunn, Tom Hulme, 2020-03-31 Urban power and politics are topics of abiding interest for students of the city This exciting collection of essays explores how Europe's cities have been governed across the last 500 years Taken as a whole it provides a unique historical overview of urban politics in early modern and modern Europe At the same time it guides the reader through the variety of ways in which power and governance are currently understood by historians and new directions in the subject The essays are wide ranging covering Europe from Scandinavia to the Mediterranean Russia to Ireland between 1500 and the twentieth century Each chapter employs a specific case study to illuminate a way of examining how power worked in regard to topics such as women popular culture or urban elites A variety of approaches are deployed including the study of ritual and performance morality and conduct governmentality and the state infrastructure and the individual Reflecting the state of the art in European urban history the book is essential reading for anyone interested in the study of urban politics and government It represents a fresh take on a rich subject and will stimulate a new generation of historical studies of power and the city **The New Cambridge Medieval History: Volume 7, C.1415-c.1500** Rosamond McKitterick, 1995 This volume covers the last century interpreted broadly of the traditional western Middle Ages Often seen as a time of doubt decline and division the period is shown here as a period of considerable innovation and development much of which resulted from a conscious attempt by contemporaries to meet the growing demands of society and to find practical solutions to the social religious and political problems which beset it The volume consists of four sections Part I

focuses on both the ideas and other considerations which guided men as they sought good government and on the practical development of representation Part II deals with aspects of social and economic development at a time of change and expansion Part III discusses the importance of the life of the spirit religion education and the arts Moving from the general to the particular Part IV concerns itself with the history of the countries of Europe emphasis being placed on the growth of the nation states of the early modern world

Innovation and Creativity in Late Medieval and Early Modern European Cities Karel Davids, Bert De Munck, 2016-05-23 Late medieval and early modern cities are often depicted as cradles of artistic creativity and hotbeds of new material culture Cities in renaissance Italy and in seventeenth and eighteenth century northwestern Europe are the most obvious cases in point But how did this come about Why did cities rather than rural environments produce new artistic genres new products and new techniques How did pre industrial cities evolve into centres of innovation and creativity As the most urbanized regions of continental Europe in this period Italy and the Low Countries provide a rich source of case studies as the contributors to this volume demonstrate They set out to examine the relationship between institutional arrangements and regulatory mechanisms such as citizenship and guild rules and innovation and creativity in late medieval and early modern cities They analyze whether in what context and why regulation or deregulation influenced innovation and creativity and what the impact was of long term changes in the political and economic sphere

The Origins of Capitalism and the "Rise of the West" Eric Mielants, 2008-03-15 In this study Eric Mielants provides a novel interdisciplinary interpretation of the origins of modernity and capitalism in particular He argues that contrary to popular thinking the Rise of the West should not be analyzed in terms of the Industrial Revolution or the colonization of the New World but viewed from long term developments that occurred in the Middle Ages A fascinating overview of different civilizations in East Asia South Asia and Northwestern Africa is provided and systematically compared and contrasted with Western Europe This book addresses some of the major debates that have recently unfolded in world history comparative sociology political economy sociological theory and historical sociology Mielants indicates how many existing theories such as Marxism World Systems Theory and Smithian Modernization Theory have suffered from either Eurocentric or limited temporal and spatial analyses which prevents them from a complete understanding of why the origins of capitalism and citizenship emerged in Western Europe

Fiscal Policy in Early Modern Europe Rodrigo da Costa Dominguez, 2019-09-02 This book will examine the gradual assembly and consolidation of Portuguese fiscal policy in the second half of the fifteenth century providing a comparative analysis of the Portuguese State s finances and fiscal dynamics with other Western European monarchies This book examines relevant aspects of the Portuguese Royal finances particularly the different instruments employed to provide income and the rubrics involving all types of expenditure between the reigns of Afonso V and Manuel I at the dawn of Modern Ages The analysis of Portugal s case will also serve as a main conducting wire to a broader fiscal examination of other Latin rooted Mediterranean and North Atlantic kingdoms This book will be of interest to

students and researchers of economic history fiscal history economic theory and history of economic thought as well as students of Medieval History the history of the Western Europe and the Iberian Peninsula

War, State, and Society in England and the Netherlands 1477-1559 Steven Gunn, David Grummitt, Hans Cools, 2007-11-15 Comparing England and the Netherlands in the age of warrior princes such as Henry VIII and Charles V the book examines the development of new military and fiscal institutions and asks how mobilization for war changed political relationships throughout society R sum de l diteur

Public Health and Municipal Policy Making Marjaana Niemi, 2016-04-15 Public health policies had a profound impact on urban life in the late nineteenth and early twentieth centuries yet relatively few people took an active interest in the formulation of these policies In this book Marjaana Niemi examines the impact of different political aims and pressures on scientific health policies through the analysis of public health programmes in two case studies one in Birmingham and the other in Gothenburg By examining early twentieth century campaigns concerned with infant welfare and the prevention of tuberculosis the book provides illuminating insights into the relationship between public health and the regulation of urban life Not only does the book analyse the processes whereby different political aims became embedded in these apolitical health campaigns but it also highlights the important part that the campaigns played in urban politics and governance The political aims which public health campaigns advanced are explored by comparing health policies in Britain and Sweden where officials were part of one public health community enjoying close links attending the same conferences and contributing to the same journals The problems they dealt with were often similar and in both countries health authorities claimed scientific grounds for their programmes Yet the policies they pursued were often strikingly different Through examination of two different national approaches the book does justice to the full complexity of the policy making process and illuminates the wide range of factors that affected municipal policies

The Journal of European Economic History, 1993

Guilds, Innovation and the European Economy, 1400-1800 S. R. Epstein, Maarten Prak, 2008-03-31 For a long time guilds have been condemned as a major obstacle to economic progress in the pre industrial era This re examination of the role of guilds in the early modern European economy challenges that view by taking into account fresh research on innovation technological change and entrepreneurship Leading economic historians argue that industry before the Industrial Revolution was much more innovative than previous studies have allowed for and explore the different products and production techniques that were launched and developed in this period Much of this innovation was fostered by the craft guilds that formed the backbone of industrial production before the rise of the steam engine The book traces the manifold ways in which guilds in a variety of industries in Italy Austria Germany Switzerland France Belgium the Netherlands and Britain helped to create an institutional environment conducive to technological and marketing innovations

Manors and Markets Bas van Bavel, 2010-03-25 Exploring the Low Countries at a regional level van Bavel highlights the importance of localized structures for determining the nature of social transitions and economic growth

Britain and the

German Zollverein, 1848-66 John R. Davis, 2015-12-30 Between 1848 and 1866 the Zollverein went through a series of momentous crises and the issue of commercial organization became increasingly politicized Austro Prussian rivalry industrialization and liberalism created a tense atmosphere in which Britain had enormous influence Using a wide range of German and British sources this study shows how Britain blindfolded by doctrinaire Free Trade and institutional inadequacy failed to grasp the connotations of its own actions in the German states and how misinterpretation began to sour Anglo German relations

The Industrial Geography of Italy Russell King, 2015-03-27 At the time this book was originally published in 1985 Italy was one of Europe's leading industrial nations This volume provides a comprehensive overview of Italian industry during the 1980s It introduces Italy's physical and human resources and outlines the historical development of the industry It then examines the major sectors of Italian industry and then describes the different regions of the country and the striking differences between them are explored and discussed

A History of European Economic Thought Antonio Magliulo, 2022-05-11 A History of European Economic Thought grafts the history of economic thought onto Global History by showing how significant economic ideas have influenced the process of Europe's formation from the very beginning to the present day This work combines two classical stories that until today have followed parallel paths On the one hand there is the political history of Europe which is often limited to a few fleeting references to the ideas of the great economists of the past On the other hand there is the history of economic thought which examines Europe as a whole as a distinct supranational community only with reference to the institutions created after World War II The volume sheds light on the constitutive values of Europe which also stem from a particular economic culture and provides essential reading for students and scholars of the history of economic thought
