Tax Aspects of the President's Economic Program United States. Congress. House. Committee on Ways and Means, 1981

Public Economics in the United States Steven Payson, 2014-06-11 This comprehensive explanation of the U S government s role in economics will be an eye opener for anyone who wants to understand exactly what the government does and doesn t do in this most critical area Most people including many economists are not aware of

the great variety of crucial tasks and invaluable analyses undertaken by government economists This three volume set will fill that gap with an all encompassing overview of the major economics related work the government performs across all of its agencies and offices With 45 chapters written by 61 leading experts the work covers every major topic in government economics including such diverse areas as monetary policy defense spending social assistance international trade antitrust and environmental protection In addition to entries by those who teach economics the compendium also features candid observations from government insiders to help readers grasp how things really work But readers will not only gain insight into specific fields and topics they will also be able to better understand the big picture and how its pieces fit together This unique and far reaching set often challenges conventional wisdom even as it presents a novel synthesis of the government s research analysis and actions     *Hearings, Reports and Prints of the Senate Committee on Banking and Currency* United States.
