DEVELOPMENT – ECONOMIC AND SOCIAL ISSUES Dr. Sharda Gangwar, 2015-01-01 An entrepreneur is one of the important segments of economic growth as well as social growth Basically an entrepreneur is a person who is responsible for setting up a business or an enterprise in a society for social growth Infact he is one who has the initiative skill for innovation and who looks for high achievements He is a catalytic agent of change and works for the good of the society According to Peter F Ducker Effective entrepreneurship is not making speeches or being liked entrepreneurship is defined by results not attributes That means he puts up new Greenfield projects that actually creates wealth opens up employment opportunities and fosters other sectors An entrepreneur is one of the most important inputs in the economic development of a country or regions within the country Entrepreneurship development is getting a position of great importance for tackling ever growing problem of unemployment due to rapid population growth

Loose-Leaf for Economics of Social Issues Paul W Grimes, Charles A Register, 2015-09-01 Register and Grimes Economics of Social Issues originated the social issues approach to teaching basic economic principles and has garnered a loyal user following for its timely and impartial handling of current social issues that dominate the news The primary objectives of the book are to create student interest in the study of economics and provide a framework of basic analytical tools useful in the understanding of social issues This edition provides fresh perspectives on current societal trends and public debates to stimulate classroom discussion and help students learn the important basic principles of economics Each chapter presents economic concepts then places them within the context of current issues facing society

Economics, Social Responsibility and Consumers Giuseppe Torluccio, 2012-11-18 The current economic framework increasingly requires verifying the ethical values of the foundations of the economic behaviours of individual consumers and organizations Even on a historical level the financial crisis dramatically brought to light a perception of the behaviour of the link between ethics consumers and enterprises that differs from previous years Rediscovering the importance of ethics in economic choices first requires a focused historical analysis then the capability to represent it and thereafter verifying how its manifestations change over time The proposed historical analysis is developed by addressing the ethics of consumers of corporate social responsibility and microcredit An overview of the key contributions allows structuring the scale in support of empirical research aimed at over two thousand university students

The Nordic Economic, Social and Political Model Anu Koivunen, Jari Ojala, Janne Holmén, 2021-04-22 The Nordic Model is the 20th century Scandinavian recipe for combining stable democracies individual freedom economic growth and comprehensive systems for social security But what happens when Sweden and Finland two countries topping global indexes for competitiveness productivity growth quality of life prosperity and equality start doubting themselves and their future Is the Nordic Model at a crossroads Historically consensus continuity social cohesion and broad social trust have been hailed as key components for the success and for the self images of Sweden and Finland In the contemporary however political debates in both countries are increasingly focused on risks threats and worry Social disintegration political polarization geopolitical

anxieties and threat of terrorism are often dominant themes This book focuses on what appears to be a paradox countries with low income differences high faith in social institutions and relatively high cultural homogeneity becoming fixated on the fear of polarization disintegration and diminished social trust Unpacking the presentist discourse of worry and a sense of interregnum at the face of geopolitical tensions digitalization and globalization as well as challenges to democracy the chapters take steps back in time and explore the current conjecture through the eyes of historians and social scientists addressing key aspects of and challenges to both the contemporary and future Nordic Model In addition the functioning and efficacy of the participatory democracy and current protocols of decision making are debated This work is essential reading for students and scholars of the welfare state social reforms and populism as well as Nordic and Scandinavian studies The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license
