Edward Schillebeeckx Erik Borgman, 2004-01-01 This is the first full biography of one of the greatest Roman Catholic theologians of the last century Schillebeeckx is alive and still writing important work He is a Dutch Dominican and theological genius whose influence on the Second Vatican Council was profound He was regarded as the theological voice of progressive Catholicism But in 1968 the Vatican Authorities started an investigation into his orthodoxy and a great many Catholics also felt that this was an attack on them Borgman puts Schillebeeckx in his context creating a new perspective on his ultimate significance for the church and for the development of theology **Edward Schillebeeckx** Erik

Borgman, 2006-02-01 This is the first full biography of one of the greatest Roman Catholic theologians of the last century Schillebeeckx is alive and still writing important work He is a Dutch Dominican and theological genius whose influence on the Second Vatican Council was very profound He was regarded as the theological voice of progressive Catholicism But in 1968 the Vatican Authorities started an investigation into his orthodoxy and a great many Catholics also felt that this was an attack on them This is above all an intellectual biography a work in which changes which are perceptible in his published work have been connected with the contemporary changes in the social cultural theological and ecclesiastical landscape So this is a study of Schillebeeckx which puts him in his history it is a new perspective of his ultimate significance for the church and for the development of theology The aim of Erik Borgman in this book is to increase the knowledge of Schillebeeckx's theology by fully explaining its context **The Collected Works of Edward Schillebeeckx Volume 10** Edward

Schillebeeckx, 2014-09-25 This book was originally planned as the ecclesiological third part of Schillebeeckx's Jesus trilogy It indeed concludes his thinking about the relevance of the living Jesus through history but with a different approach than originally intended By the end of the 20th century many believers have left the unworldly supernaturalistic preconciliar church behind Those who leave the church often leave a church that claims to be the direct mediator of God's will However the church is not a flawless gift from heaven It is the vulnerable work of human beings which tries to find accurate ways to comply to the heart of the gospel message In a time that is characterized by polarization in the church Schillebeeckx does not forget to look at the unprecedented and authentic flourishing of the gospel This book therefore contains the testimony of a theologian who tried during the course of his life to describe what God can mean for people today Edward Schillebeeckx

Edward Schillebeeckx Volume 2 Edward Schillebeeckx, 2014-09-25 In effect Revelation and Theology is Schillebeeckx's general introduction to theology Its fifteen chapters were originally published separately between 1954 and 1962 but the thematic collection offers a vivid picture of the theological renewal in the wake of World War II Schillebeeckx's erudition and broad scholarly orientation are clearly demonstrated in this volume Throughout there are pointers to the at that time new ecumenical approach to Scripture and tradition The problem concerning the function of the scholastic tradition is highlighted

Although Schillebeeckx draws extensively on Thomas Aquinas's thinking this early work already shows that he is not a neo Thomist in the narrow sense of the word Unlike the single Dutch volume the English version was published in two volumes In the Collected works of Edward Schillebeeckx however here they are published together in the sequence that the author envisaged *The Collected Works of Edward Schillebeeckx Volume 11* Edward Schillebeeckx, 2014-09-25 This is a unique selection of Edward Schillebeeckx's collection translated into English here for the first time This is a collection of essays from one of the most eminent Catholic theologians of the late 20th century Edward Schillebeeckx's Collected Works bring together the most important and influential works of the Dutch Dominican and theologian Edward Schillebeeckx 1914-2009 in a reliable edition All translations have been carefully checked or revised some texts are presented in English for the first time The page numbers of earlier editions are included Each volume carries a foreword by an internationally renowned Schillebeeckx expert This edition makes Schillebeeckx available for a new generation of scholars and students [The Collected Works of Edward Schillebeeckx Volume 1](#) Edward Schillebeeckx, 2014-09-25 This is a new edition of the 1963 classic which gave Christological thought a new direction As far back as his first major book Schillebeeckx propounded an anthropological approach to the sacraments In *Christ the Sacrament of the Encounter with God* he draws on theologically fruitful work by phenomenological anthropologists like Merleau-Ponty, Buytendijk and Binswanger That makes Schillebeeckx's distinctive idiom and modern approach appealing even today He rediscovers as it were from within the notions forged by scholastic theology and thus restores to us a theology of the sacraments rooted in the biblical and patristic soil from which they first sprang Schillebeeckx's speculative synthesis of this quest still has a fresh ring to it He describes Christ as the primordial sacrament in a reflection on his public ministry, death and resurrection inspired by the universal human search for such a sacrament He concludes that the church's sacraments have to be an earthly extension of the liberation brought by Christ's story Schillebeeckx ends by describing sacraments as grace made visible that gives crowning moments in Christian life a mystical quality Edward Schillebeeckx's Collected Works bring together the most important and influential works of the Dutch Dominican and theologian Edward Schillebeeckx 1914-2009 in a reliable edition All translations have been carefully checked or revised some texts are presented in English for the first time The page numbers of earlier editions are included Each volume carries a foreword by an internationally renowned Schillebeeckx expert This edition makes Schillebeeckx available for a new generation of scholars and students *God is New Each Moment* Edward Schillebeeckx, Huub Oosterhuis, Piet Hoogeveen, 2004-12-30 Edward Schillebeeckx 1914-2009 is a prominent Catholic theologian remarkable for having survived three inquiries into his possible heresy by the Vatican He explores traditional Catholic concepts in the light of twentieth century understanding and is committed to working out a satisfactory statement of the relationship between the Church and the world *God is New Each Moment* presents a series of interviews at once inspiring, provocative and illuminating between Schillebeeckx and fellow theologians Huub Oosterhuis and Piet Hoogeveen **The Collected Works**

of Edward Schillebeeckx Volume 9 Edward Schillebeeckx, 2014-09-25 *The Church with a Human Face* A New Expanded Theology of Ministry elaborates historically and theologically the main line of his argument It further includes reactions and reflections on criticism he received The work outlines the evolution of ecclesiastical office starting with Jesus Christ and his messianic community followed by a description of the practice and theology of ministry in the early Christian communities and tracing different forms of ministry in the history of the Church Of particular interest is the section on the Complaints of the People which deals with the discontent of many connected with the position of women and married priests As long as women are not allowed to participate fully in the decisions of the Church Schillebeeckx argues they will not be liberated and their complaints will remain a fundamental charge that challenges the church *The Collected Works of Edward Schillebeeckx Volume 4* Edward Schillebeeckx, 2014-09-25 *World and Church* deals with the conflict between religiosity and life in the world Deliberately Schillebeeckx turns around the order of the words in the idiom church and world thereby stressing the embedding of faith and church life in particular contexts In the first three chapters he reflects on this tension as he experienced it in burgeoning existentialism and debates between Catholics and Marxists in those turbulent years in Paris where he was living immediately after World War II It includes thoughts on pastoral work among the working class and the then popular pretres ouvriers movement He looks at some social problems and the mutual interrogation of believers and non believers also in light of the ideological compartmentalisation pillarization evident in diverse spheres of European society education social work and health care Schillebeeckx concludes by considering the responsibility of Catholic intellectuals and academics for the future of the world and the church including the possible significance of a Catholic university *The Collected Works of Edward Schillebeeckx Volume 6* Edward Schillebeeckx, 2014-09-25 The existence of the historical Jesus cannot be doubted But who was Jesus of Nazareth And who is he for us today In this controversial work Schillebeeckx offers his experiment an informative and sustained hermeneutical reflection on the story of Jesus It became a bestseller and would become the first volume of Schillebeeckx trilogy on Jesus Christ He presents a Christology from below rooted in the synoptic gospels but especially in Mark and in the Q tradition At the same time he is clearly interested in portraying the historical Jesus as both Proclaimer and Proclaimed In this major work Schillebeeckx tries to answer questions such as Is the promise of salvation only to be found in Jesus Christ because he was a gift from God as the Gospels tell us What can we say about the inspiration of so many who do not attend church or adhere to any believe they find in Jesus Christ Schillebeeckx takes us into his promising quest that leads to the ultimate question of what religious truth actually is *The Collected Works of Edward Schillebeeckx Volume 8* Edward Schillebeeckx, 2014-09-25 As a result of the publication of *Jesus An Experiment* in Christology volume 6 and *Christ The Christian Experience in the Modern World* volume 7 Schillebeeckx was accused of denying the divinity of Jesus and the resurrection as objective reality In this interim report he responds to these criticisms Schillebeeckx argues that the interpretation of his publications depends to a large extent on what the reader takes as a

starting point This book therefore is about presuppositions and methods of interpretation Schillebeeckx begins by looking once again at the nature of revelation at the ways in which religious faith is experienced and expressed in the modern world and at sources of authority He then discusses specific criticisms Can he be called a neo liberal Does he devalue the church s tradition Is his Christology inadequate What does he really believe concerning the resurrection Then towards the end in some poetically powerful passages he turns once again to the nature of the Kingdom of God creation and salvation

Simut, 2010-02-18 This book presents the main teachings of Edward Schillebeeckx widely considered one of the most important Catholic thinkers of the twentieth century Schillebeeckx is known for his radical departure from traditional theology which he saw as no longer relevant to the modern world Because today s world has been shaped by a process of secularization heavily based on reason and progress in science technology economics urbanism etc modern people seek relevant answers to their deep existential questions that can be explained rationally In his quest to foster relevant and meaningful answers for today s world Schillebeeckx changed the traditional metaphysical content of Christian theology into explanations that radically reinterpret traditional Christian doctrines Primarily the supernatural essence of Christianity is given up as irrelevant and is replaced by a natural perspective on the world In Schillebeeckx s thoroughly historical and truly immanent theology God is man s terrestrial future Christ the symbol of universal human values and the Church is identified with the world as those communities which share these universal human values Schillebeeckx is convinced that these explanations emptied of metaphysical content can help today s people understand their existence in a new relevant and meaningful way
