**Rediscovering Discipleship** Robby Gallaty, 2015-10-20 Discipleship is the buzzword today Many believers are contemplating in a fresh way what it means to take the Great Commission seriously Rediscovering Discipleship takes the guesswork out of Christian maturity Based on insights gained from a decade of personally making disciples author and pastor Robby Gallaty tackles the two hindrances that keep believers from getting involved in making disciples ignorance and uncertainty Since many believers have never been personally disciple they have no model to guide them in discipling others Their ignorance of the process fuels their uncertainty which leaves them crippled from the start With simple principles that are easy to apply Rediscovering Discipleship provides readers with the tools to follow the Great Commission to go and actually make disciples who multiply and make disciples Gallaty begins with a brief historical overview of the discipleship ministries of influential theologians preachers and pastors from years past and then identifies roadblocks that hinder believers from becoming disciples before offering a step by step process for readers to immediately get started on the path to effective disciple making

Preparing the Pastors We Need George A. Mason, 2012-11-06 Amid the widespread discussion about the future of the church an important point is sometimes overlooked tomorrow s church will depend to a great extent on the new pastors of today who will serve and guide our churches in the years ahead George Mason s Preparing the Pastors We Need Reclaiming the Congregation s Role in Training Clergy makes a timely intervention asking us to redefine pastoral leadership by analyzing how in fact pastors are made in the first place The book highlights an exciting development in the training of pastors pastoral residency programs and mentoring Mason demonstrates that these programs work best when the congregations themselves not just leadership or staff are an active participant in the training In this way churches begin to reclaim their rightful role in the formation of the ministers that will serve them And at the same time they become healthier and more effective churches Mason gives us the analogy of physician training Medical school produces graduates with extensive knowledge of the body but a practicing doctor will require several more years of internship and residency Similarly our seminaries and divinity schools produce men and women with good biblical knowledge but they might not prepare a graduate for the task of helping a bereaved parishioner cope with the sudden loss of a loved one Moreover such areas as finances budgets personnel management and vocational identity are also not well suited to seminary study Mason shows that congregation based mentoring and residency are excellent ways to bridge this gap

encourage you to share with other pastors the 101 things every pastor should know      **The Oxford History of Protestant Dissenting Traditions, Volume III** Timothy Larsen, Michael Ledger-Lomas, 2017-04-28 The five volume Oxford History of Dissenting Protestant Traditions series is governed by a motif of migration out of England. It first traces organized church traditions that arose in England as Dissenters distanced themselves from a state church defined by diocesan episcopacy, the Book of Common Prayer, the Thirty Nine Articles, and royal supremacy, but then follows those traditions as they spread beyond England and also traces newer traditions that emerged downstream in other parts of the world from earlier forms of Dissent. Secondly, it does the same for the doctrines, church practices, stances toward state and society, attitudes toward Scripture, and characteristic patterns of organization that also originated in earlier English Dissent but that have often defined a trajectory of influence independent ecclesiastical organizations. The Oxford History of Protestant Dissenting Traditions, Volume III considers the Dissenting traditions of the United Kingdom, the British Empire, and the United States in the nineteenth century. It provides an overview of the historiography on Dissent while making the case for seeing Dissenters in different Anglophone connections as interconnected and conscious of their genealogical connections. The nineteenth century saw the creation of a vast Anglo world which also brought Anglophone Dissent to its apogee. Featuring contributions from a team of leading scholars, the volume illustrates that in most parts of the world, the later nineteenth century was marked by a growing enthusiasm for the moral and educational activism of the state, which plays against the idea of Dissent as a static, purely negative identity. This collection shows that Dissent was a political and constitutional identity which was often only strong where a dominant Church of England existed to dissent against.

**The Pastor's Ministry** Brian Croft, 2015-03-31 Every pastor struggles with demands for his time and how to determine priorities in ministry. Some choose to respond to the most urgent needs, while others seek a more balanced and intentional approach. But what determines these priorities? Where should a busy pastor look for wisdom in making decisions? In *The Pastor's Ministry*, pastor and author Brian Croft looks to the Scriptures to determine the top ten priorities for a faithful pastoral ministry. These biblically rooted responsibilities help pastors determine how to spend their time and with greater discernment respond to the demands of the church. Each of these priorities is rooted in a direct command of God's Word, including: Guarding the Truth, Preaching and Teaching the Word, Praying for the Flock, Setting an Example, Visiting the Sick, Comforting the Grieving, Caring for Widows, Confronting Sin, Encouraging the Faint Hearted, Identifying and Training Other Leaders. To be successful and faithful in pastoral ministry, every pastor needs to understand these core callings and make them part of his regular practice. These ten responsibilities guide how a pastor schedules his
