Egypt The Crucible The Unfinished Revolution Of The Arab World:

Egypt, the crucible : the unfinished revolution of the Arab world Harry Hopkins,1969 **Egypt, the Crucible** Harry Hopkins,1969 **The Quest for Hegemony in the Arab World** Podeh,2022-02-22 The struggle between Egypt and Iraq over Arab hegemony constitutes the main theme of this study Focussing on the struggle over Middle Eastern defense between 1945 58 and culminating in the conflict over the Baghdad Pact 1955 58 it sheds new light on Arab politics during the period under review This research concentrates predominantly on the regional actors The underlying assumption is that policies were not necessarily formulated in Washington and London and that often enough major decisions taken in Ankara Cairo Baghdad Damascus Amman and other Arab capitals affected decision makers in Western capitals The Quest for Hegemony in the Arab World is based on newly released British American and Israeli documents as well as on all available Arab sources The study s value rests upon its discussion of the Baghdad Pact a significant event which was hitherto neglected yet marked a watershed in modern Arab history This study s approach offers an analytical framework with which the present struggle for hegemony in the Arab world may be examined Nasser's Egypt, Arab Nationalism, and the United Arab Republic James P. Jankowski,2002 During the crucial decade of the 1950s in Egypt both Gamal Abdel Nasser and the idea of Arab nationalism were assuming more and more influence in Egypt and the greater Arab world Exploring this phenomenon James Jankowski also offers important insights into the political context in which Nasser maneuvered Jankowski focuses on the period from the 1952 Revolution in Egypt to the dissolution of the short lived union of Egypt and Syria in 1961 and on the outlook and actions of Nasser the dominant figure in Egypt s new revolutionary regime Concisely and convincingly he identifies the unique blend of ideological and practical considerations that led Egypt to a progressively deeper involvement in Arab nationalism He draws on newly available materials from the U S and British archives and on the memoir literature now available in Arabic to present a detailed reconstruction of this formative period in Egyptian political history Jankowski traces Egypt s and Nasser s movement from a peripheral to a central position in Arab nationalist politics

Understanding the Volatile and Dangerous Middle East Steven Carol,2019-09-26 The Middle East can be bewildering which is why we need to connect the dots that pull together the political economic diplomatic military cultural and religious pieces of the puzzle Professor Steven Carol slashes through the confusion with a topical approach focusing on key issues such as the geographic features of the Middle East demographics of the region the influence of Islam political processes shifting alliances war in the region and the need for security He also takes a careful look at perpetual negotiations attempts to secure peace and the role that the media play in how we view the region His goal to clarify the confusing nature of Middle East affairs and to combat the mistaken beliefs misrepresentations and outright fabrications about the region In a bid to reclaim the truth he shares basic principles relying on factual supporting evidence to prove their validity Seventy eight maps and numerous tables make understanding complex topics easier Whether you re a student educator bureaucrat or politician you ll find insights based on facts in *Understanding the Volatile and Dangerous Middle East* *The Politics of Egypt* Ninette S. Fahmy,2012-10-12 This book addresses two important matters of current concern to Middle East scholars firstly the nature of the Egyptian state and society and the interactive process between them and secondly how change which would finally lead to development can be initiated The book argues that the Egyptian case represents a weak authoritarian state which through its coercive and repressive policies towards various societal forces political parties professional associations and organisations and individuals creates a weak society Individual behaviour in urban and rural communities

sometimes viewed as signs of the strength of societal forces is seen here as a symptom of a weak and fragmented society The existence of a weak society in turn impedes government objectives and hinders the implementation of developmental policies and programmes further weakening the state This being the case change has to be initiated externally in both the political and economic spheres **Middle East, the Strategic Hub, and North Africa** Army Library (U.S.),1973 *Sociology of the Middle East* Nieuwenhuijze,2022-09-12 *Background Notes, Egypt* ,1987 Middle East Rules of Thumb Steven Carol,2008-07 Middle East Rules of Thumb is of interest to anyone that seeks a better understanding of the complexities of the Middle East its history politics diplomacy and culture Through the 50 rules and their appendices Professor Steven Carol offers a realistic historical perspective on this important region As has been constantly pointed out by such media monitors as Honest Reporting Palestine Media Watch and CAMERA Middle East issues can often become muddled and confusing particularly since the mainstream media often commits sins of biased omission leaving out important information that can help the public comprehend the entire picture The highly reliable information presented in Middle East Rules of Thumb seeks to counteract these inaccuracies Readers will gain insight by applying these rules when hearing or reading news or commentaries on these subjects Middle East Rules of Thumb is the product of many years of academic research It will not be readily dated like many other books in the field because the underlying principles compiled here are valid and immutable It belongs in the reference category for anyone concerned with war and peace in the Middle East *Constitutions of Nations* Amos Jenkins Peaslee,Dorothy Peaslee Xydis,1974-09 Compilation of texts of the constitutions of Algeria Botswana Burundi Cameroon the Central African Republic Chad Congo Benin Egypt Equatorial Guinea Ethiopia Gabon Gambia Ghana Guinea Cote d Ivoire Kenya Lesotho Liberia Libyan Arab Jamahiriya Madagascar Malawi Mali Mauritania Mauritius Morocco Niger Nigeria Rhodesia Zimbabwe Rwanda Senegal Sierra Leone Somalia South Africa R Sudan Tanzania Togo Tunisia Uganda Burkina Faso Zaire and Zambia Bibliographys **Elusive Peace in the Middle East** Malcolm H. biography in its second edition and featuring a new introduction from the author delves into the life of Nasser charting his rise to power his nationalization of the Suez Canal and his turbulent years as president Many in the Arab World celebrate Nasser for his defiance of colonial rule and his dream of Arab unity However his legacy is not without its contradictions Critics have alluded for instance to his autocratic rule and unfulfilled promises In Nasser Anne Alexander explores this tension between Nasser s revolutionary ideas and the reality of his governance *Social Change, Charism and International Behaviour* B.
