Egypt Under Nasir A Study In Political Dynamics:

Egypt Under Nasir R. Hrair Dekmejian, 1972 **Nasser's Egypt, Arab Nationalism, and the United Arab Republic** James P. Jankowski, 2002 During the crucial decade of the 1950s in Egypt both Gamal Abdel Nasser and the idea of Arab nationalism were assuming more and more influence in Egypt and the greater Arab world Exploring this phenomenon James Jankowski also offers important insights into the political context in which Nasser maneuvered Jankowski focuses on the period from the 1952 Revolution in Egypt to the dissolution of the short lived union of Egypt and Syria in 1961 and on the outlook and actions of Nasser the dominant figure in Egypt's new revolutionary regime Concisely and convincingly he identifies the unique blend of ideological and practical considerations that led Egypt to a progressively deeper involvement in Arab nationalism He draws on newly available materials from the U S and British archives and on the memoir literature now available in Arabic to present a detailed reconstruction of this formative period in Egyptian political history Jankowski traces Egypt's and Nasser's movement from a peripheral to a central position in Arab nationalist politics *Egypt, a Country Study* Richard F. Nyrop, 1983 General study of Egypt covers history demographic aspects and geographical aspects social structure minority groups religious practices education health the economy agricultural sector agrarian reform industrial sector banking trade government politics international relations military service defence administration of justice includes texts of peace treaties with Israel Bibliography glossary maps organigram photographs statistical tables *Historians, State and Politics in Twentieth Century Egypt* Anthony Gorman, 2012-11-12 This book deals with the relationship between historical scholarship and politics in twentieth century Egypt It examines the changing roles of the academic historian the university system the state and non academic scholarship and the tension between them in contesting the modern history of Egypt In a detailed discussion of the literature the study analyzes the political nature of competing interpretations and uses the examples of Copts and resident foreigners to demonstrate the dissonant challenges to the national discourse that testify to its limitations deficiencies and silences *Red Star on the Nile* Alvin Z. Rubinstein, 2015-03-08 The Soviet Egyptian relationship after the June War of 1967 was a new one for both countries and its consequences were of global importance Drawing on all available Soviet and Arab materials Alvin Rubinstein develops the concept of influence as an analytical tool and explores in comprehensive fashion the diplomatic military political and economic aspects of the influence relationship between the two nations in recent years The author's approach is chronological analytical and oriented toward the issues He finds that the relationship has been fundamentally asymmetrical in aims and accomplishments Egypt's remarkable comeback after the June War would not have been possible without Soviet aid but Moscow benefited primarily in the context of the Soviet American strategic rivalry in the Middle East and only peripherally in terms of influence over Egypt Considering broader Soviet Third World relationships the author shows that there is no demonstrable correlation between intensified interactions and influence that an extensive presence is no assurance of influence and that Soviet influence can seldom be exercised at will in

the absence of an ability to project Soviet military power directly Originally published in 1977 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Lyndon Johnson and the Postwar Order in the Middle East, 1962-1967 Alexander M. Shelby, 2021-03-25 This book examines Cold War relations between Egypt and the United States The author argues that Nasser's responses to security and political threats in the Middle East and North Africa conflicted with America's postwar strategy in those regions The author focuses on how the failure of American Egyptian diplomacy endangered the Postwar Petroleum Order and facilitated the outbreak of the Six Day War

Nasser's Gamble Jesse Ferris, 2013 Nasser's Gamble draws on declassified documents from six countries and original material in Arabic German Hebrew and Russian to present a new understanding of Egypt's disastrous five year intervention in Yemen which Egyptian president Gamal Abdel Nasser later referred to as my Vietnam Jesse Ferris argues that Nasser's attempt to export the Egyptian revolution to Yemen played a decisive role in destabilizing Egypt's relations with the Cold War powers tarnishing its image in the Arab world ruining its economy and driving its rulers to instigate the fatal series of missteps that led to war with Israel in 1967 Viewing the Six Day War as an unintended consequence of the Saudi Egyptian struggle over Yemen Ferris demonstrates that the most important Cold War conflict in the Middle East was not the clash between Israel and its neighbors It was the inter Arab struggle between monarchies and republics over power and legitimacy Egypt's defeat in the Arab Cold War set the stage for the rise of Saudi Arabia and political Islam Bold and provocative Nasser's Gamble brings to life a critical phase in the modern history of the Middle East Its compelling analysis of Egypt's fall from power in the 1960s offers new insights into the decline of Arab nationalism exposing the deep historical roots of the Arab Spring of 2011

The Quest for Hegemony in the Arab World PODEH, 2022-02-22 The struggle between Egypt and Iraq over Arab hegemony constitutes the main theme of this study Focussing on the struggle over Middle Eastern defense between 1945-58 and culminating in the conflict over the Baghdad Pact 1955-58 it sheds new light on Arab politics during the period under review This research concentrates predominantly on the regional actors The underlying assumption is that policies were not necessarily formulated in Washington and London and that often enough major decisions taken in Ankara Cairo Baghdad Damascus Amman and other Arab capitals affected decision makers in Western capitals The Quest for Hegemony in the Arab World is based on newly released British American and Israeli documents as well as on all available Arab sources The study's value rests upon its discussion of the Baghdad Pact a significant event which was hitherto neglected yet marked a watershed in modern Arab history This study's approach offers an analytical framework with which the present struggle for hegemony in the Arab world may be examined

Strong

Societies and Weak States Joel S. Migdal, 2020-05-05 Why do many Asian African and Latin American states have such difficulty in directing the behavior of their populations in spite of the resources at their disposal And why do a small number of other states succeed in such control What effect do failing laws and social policies have on the state itself In answering these questions Joel Migdal takes a new look at the role of the state in the third world Strong Societies and Weak States offers a fresh approach to the study of state society relations and to the possibilities for economic and political reforms in the third world In Asia Africa and Latin America state institutions have established a permanent presence among the populations of even the most remote villages A close look at the performance of these agencies however reveals that often they operate on principles radically different from those conceived by their founders and creators in the capital city Migdal proposes an answer to this paradox a model of state society relations that highlights the state's struggle with other social organizations and a theory that explains the differing abilities of states to predominate in those struggles Doria Shafik Egyptian Feminist Cynthia Nelson, 1996-10-15 Cynthia Nelson brings to life a bold and gifted Egyptian of the mid twentieth century who helped define what it means to be a modern Arab woman Doria Shafik 1908-1975 an Egyptian feminist poet publisher and political activist participated in one of her country's most explosive periods of social and political transformation During the 40s she burst onto the public stage in Egypt openly challenging every social cultural and legal barrier that she viewed as oppressive to the full equality of women As the founder of the Daughters of the Nile Union in 1948 she catalyzed a movement that fought for suffrage and set up programs to combat illiteracy provide economic opportunities for lower class urban women and raise the consciousness of middle class university students She also founded and edited two prominent women's journals wrote books in both French and Arabic lectured throughout the world married and raised two children For a decade she ignited the imagination of the press where she was variously described as the perfumed leader a danger to the Muslim nation a traitor to the revolution and the only man in Egypt Then in 1957 following her hunger strike in protest against the populist regime of Gamal Abdul Nasser she was placed under house arrest Within months her magazines folded her name was officially banned from the press and she entered a long period of seclusion that ended with her suicide in 1975 With the cooperation of Shafik's daughters who made available her three impressionistic unpublished and sometimes contradictory memoirs Nelson has uncovered Shafik's story and brings the life and achievements of this remarkable woman to a Western audience Brilliantly re-creates the untold story of Doria Shafik the most impressive exponent of liberal Egyptian feminism Magically the delicately sketched background gives the reader a wonderful sense of the sweep of modern Egyptian history The effect is mesmerizing Raymond W Baker Williams College A compelling story beautifully written Jacqueline S Ismail University of Calgary State, Labor, and the Transition to a Market Economy Paczyńska, Agnieszka, 2010-11-01 **Egypt After Mubarak** Bruce K. Rutherford, 2008-12-14 Egypt's autocratic regime is being weakened by economic crises growing political opposition and the pressures of globalization Observers now wonder which way Egypt will go when the country's

aging president Husni Mubarak passes from the scene will it embrace Western style liberalism and democracy Or will it become an Islamic theocracy similar to Iran Egypt after Mubarak demonstrates that both secular and Islamist opponents of the regime are navigating a middle path that may result in a uniquely Islamic form of liberalism and perhaps democracy Bruce Rutherford examines the political and ideological battles that drive Egyptian politics and shape the prospects for democracy throughout the region He argues that secularists and Islamists are converging around a reform agenda that supports key elements of liberalism including constraints on state power the rule of law and protection of some civil and political rights But will this deepening liberalism lead to democracy And what can the United States do to see that it does In answering these questions Rutherford shows that Egypt s reformers are reluctant to expand the public s role in politics This suggests that while liberalism is likely to progress steadily in the future democracy s advance will be slow and uneven Essential reading on a subject of global importance Egypt after Mubarak draws upon in depth interviews with Egyptian judges lawyers Islamic activists politicians and businesspeople It also utilizes major court rulings political documents of the Muslim Brotherhood and the writings of Egypt s leading contemporary Islamic thinkers

Nasser's Peace Michael Sharnoff, 2017-05-23 Gamal Abdel Nasser was arguably one of the most influential Arab leaders in history As President of Egypt from 1956 to 1970 he could have achieved a peace agreement with Israel yet he preferred to maintain his unique leadership role by affirming pan Arab nationalism and championing the liberation of Palestine a common euphemism for the destruction of Israel In that era of Cold War politics Nasser brilliantly played Moscow Washington and the United Nations to maximize his bargaining position and sustain his rule without compromising his core beliefs of Arab unity and solidarity Surprisingly little analysis is found regarding Nasser s public and private perspectives on peace in the weeks and months immediately after the 1967 War Nasser s Peace is a close examination of how a developing country can rival world powers and how fluid the definition of peace can be Drawing on recently declassified primary sources Michael Sharnoff

thoroughly inspects Nasser's post war strategy which he claims was a four tiered diplomatic and media effort consisting of his public declarations his private diplomatic consultations the Egyptian media's propaganda machine and Egyptian diplomatic efforts Sharnoff reveals that Nasser manipulated each tier masterfully providing the answers they desired to hear rather than stating the truth that he wished to maintain control of his dictatorship and of his foothold in the Arab world

Habib, 2016-03-16 What have the concepts of modernity and secularization meant for Islamic tradition culture and society How have the discourses which surround all of these issues influenced Muslim self perception and individual identity There have been many attempts to describe and analyse the encounter between Islam and modernity in the Middle East but few have been able so effectively to explore the impact this has on the idea and reality of religious identity and individual religiosity Maha F Habib examines modernity from this angle offering socio cultural philosophical and literary perspectives She assesses how this is played out in Egypt analysing cultural changes in the country through its intellectual thought and literature from the nineteenth century to the present day Her references to the works of Muhammad Abdu Muhammad Husayn Haykal Abbas Mahmud al Aqqad Naguib Mahfouz Alaa al Aswany and Salwa Bakr reveal contemporary issues and concerns which will interest those researching the cultural and social milieu of modern Egypt **Propaganda and Mass**
