Munich Marco Polo Guide Karl Forster, Amadeus Danesitz, Astrid Dobmeier, Alex Wulkow, 2013-01-02 Marco Polo Guides are packed with unique insider tips Straightforward information is presented in an engaging format which will appeal to the young and the young at heart Includes a street atlas and a separate pull out map
Marco Polo's Journey to China. 2nd Edition Diana Childress, 2013-01-01 Can one book really change the world A handwritten manuscript by Marco Polo in 1288 did Polo son of a wealthy Italian merchant wrote about his incredible experiences traveling to China with his father and uncle on a trade expedition and also about his adventures as an envoy of Kublai Khan the ruler of most of China Polo's book became a bestseller in Europe in the fourteenth century It was copied over and over by hand translated into fourteen languages and became one of the first books to be printed after the invention of moveable type The tales inspired others including Christopher Columbus in the fifteenth century to seek new sea routes for trade Polo's adventures and manuscript are one of world history's most pivotal moments
Marco Polo's Book John Critchley, 2017-07-05 Marco Polo and his book may seem to have been well served by scholars yet the majority have been concerned to write about his travels in Asia what he did or did not see and how useful he is as a source on the East John Critchley's subject on the other hand is the text of Polo's book itself and the political and ideological context the crusades the Mongol missions the French presence in Italy in which it was put together by its author's and read by its audience The

homogeneity of the original Franco Italian text and the accepted relationship between this text and the Latin recensions is tested by computer analysis An examination of vocabulary and other textual features draws out the different attitudes and contributions of Polo himself and his various editors and translators Critchley s book will be of interest not only to those concerned with the history of later medieval Europe but also to specialists in medieval Asia who will find it useful to know about the background and composition of so famous and frequently cited a work On pourrait penser que Marco Polo et son livre ont t amplement d battus par les sp cialistes en la mati re cependant la majorit a surtout crit propos de ses voyages en Asie ce qu il avait ou n avait pas vu et sur son utilit en tant que source de r f rrences sur l Orient Le sujet trait par John Critchley par contre est le texte m me du livre de Polo ainsi que le contexte politique et ideologique les croisades les missions mongoles la pr sence fran aise en Italie dans lequel il a t compos par son ou ses auteurs et dans lequel ses lecteurs ont pu le lire L homogene t du texte franco italien d origine et le rapport accept entre celui ci et les r visions latines ont t analys s par ordinateur Un examen du vocabulaire et d autres caract ristiques litt raires fait transpara tre les diff rrences d attitudes et de contributions entre Polo

The Book of Marvels Larisa Grollemond,Kelin Michael,Elizabeth Morrison,Joshua O'Driscoll,2024-07-16 This fascinating volume explores an important fifteenth century illustrated manuscript tradition that provides a revealing glimpse of how western Europeans conceptualized the world From the classical encyclopedias of Pliny to famous tales such as The Travels of Marco Polo historical travel writing has had a lasting impact despite the fact that it was based on a curious mixture of truth legend and outright superstition One foundational medieval source that expands on the ancient idea of the wonders of the world is the

fifteenth century French Book of the Marvels of the World an illustrated guide to the globe filled with oddities curiosities and wonders tales of fantasy and reality intended for the medieval armchair traveler The fifty six locales featured in the manuscript are presented in a manner that suggests authority and objectivity but are rife with stereotypes and mischaracterizations meant to simultaneously instill a sense of wonder and fear in readers In The Book of Marvels the authors explore the tradition of encyclopedias and travel writing examining the various sources for geographic knowledge in the Middle Ages They look closely at the manuscript copies of the French text and its complex images delving into their origins style content and meaning Ultimately this volume seeks to unpack how medieval white Christian Europeans saw their world and how the fear of difference so pervasive in society today is part of a long tradition stretching back millennia This volume is published to accompany an exhibition on view at the J Paul Getty Museum at the Getty Center from June 11 to September 1 2024 and at the Morgan Library Museum from January 24 to May 25 2025

Premodern Travel in World History Stephen Gosch, Peter Stearns, 2007-12-12 Featuring some of the greatest travellers in human history this survey uses succinct accounts of the most epic journeys in the premodern world as lenses through which to examine the development of early travel trade and cultural interchange
