*Ancient Egyptian Portraiture* Alessio Delli Castelli, 2024-12-09 Ancient Egyptian Portraiture History of an Idea concerns the origin nature and removal the unravelling and explanation of the impasse pertaining to the definition assessment and judgement of Ancient Egyptian portraiture Condensed in the syntagm different from ours this impasse arises from the polarisation and dichotomy of idealism and realism which characterise the three main Egyptological definitions of portraiture In offering a transcendental definition of art and portraiture that is anthropologically valid the overarching aim of this book is to challenge assessments of Egyptian art and portraiture based on historically particularistic concepts that are foreign to its cultural premises and development

*The Egyptian Elite as Roman Citizens* Giorgia Cafici, 2021-07-19 In The Egyptian Elite as Roman Citizens Giorgia Cafici offers the analysis of private male portrait sculptures as attested in Egypt between the end of the Ptolemaic and the beginning of the Roman Period Ptolemaic Early Roman portraits are examined using a combination of detailed stylistic evaluation philological analysis of the inscriptions and historical and prosopographical investigation of the individuals portrayed The emergence of this type of sculpture has been contextualised both geographically and chronologically as it belongs to a wider Mediterranean horizon The analysis has revealed that eminent members of the Egyptian elite decided to be represented in an innovative way echoing the portraits of eminent Romans of the Late Republic whose identity was surely known in Egypt

*Offerings to the Discerning Eye* Sue D'Auria, 2010 Egyptologist Jack A Josephson a writer and researcher in the tradition of the gentleman scholar has achieved broad recognition as an authority in Egyptian art history His lucid investigative analyses have probed and redefined the limits of inquiry expanded research parameters and broadened perspectives emphasizing the undeniable contributions of art history in an intra disciplinary framework This volume of collected essays is dedicated to Josephson by distinguished friends and colleagues a select roster including eminent established scholars in the field of Egyptology and rising stars of the younger generation Josephson views

Egyptian art history as a critical but neglected area of study and is a strong proponent of its reinstatement in the academic curriculum as an essential component in the formation of new cadres. The quality of the articles in this Egyptological medley is a tribute to the honoree and an affirmation of the esteem of his peers while the range of subjects and variety of themes addressed reflect the degree to which he has in his own scholarship undertaken to implement his ideal.

**Thebes in the First Millennium BC** Julia Budka, Kenneth Griffin, Elena Pischikova, 2014-04-23 Thebes in the First Millennium BC is a collection of articles based mostly but not entirely on the talks given at the conference of the same name organised by the team of the South Asasif Conservation Project an Egyptian American Mission working under the auspices of the Ministry of State for Antiquities Egypt in Luxor in 2012. The organisers of the conference and editors of the volume Elena Pischikova, Julia Budka and Kenneth Griffin brought together a group of prominent scholars to share and discuss the results of their recent field research in the tombs and temples of the Twenty fifth Twenty sixth Dynasties in Thebes Abydos and Saqqara. This volume assembles current studies on royal and elite monuments of the Libyan Kushite and Saite Periods and places them in a wider context. This volume investigates such aspects of research as tomb and temple architecture burial assemblages religious texts paleography artistic styles iconography local workshops and archaism providing a new perspective to the current scholarship and future exploration of these topics. The volume is further enriched by the inclusion of chapters on the conservation and preservation of monuments representing the present day approach to the development of archaeological sites.

**Wonderful Things: A History of Egyptology, Volume 3** Jason Thompson, 2018-10-16 The discovery of ancient Egypt and the development of Egyptology are momentous events in intellectual and cultural history. The history of Egyptology is the story of the people famous and obscure who constructed the picture of ancient Egypt that we have today recovered the Egyptian past while inventing it anew and made a lost civilization comprehensible to generations of enchanted readers and viewers thousands of years later. This the third of a three volume history of Egyptology follows the progress of the discipline from the trauma of the First World War through the vicissitudes of the twentieth century and into Egyptology's new horizons at the beginning of the twenty first century. Wonderful Things affirms that the history of ancient Egypt has proved continually fascinating but it also demonstrates that the history of Egyptology is no less so. Only by understanding how Egyptology has developed can we truly understand the Egyptian past.

**Sesostris - Scheschongq - Sesonchosis**, 2024-07-29 Why Sesostris? Why does the classical antiquity tell stories about this Egyptian hero king of the second millennium BC? On which basis? The contributions of this conference volume try to systematically answer the question how these narratives come into being and grow. It is not a single historical king Sesostris. Rather the literary tradition of two millennia augments the story with the later Sheshonq kings makes Sesostris the international hero of demotic narratives and finally leads to the Greek Sesonchosis Romance which itself is widely received. All this takes place in an international cultural context. Warum gerade Sesostris? Warum werden ausgerechnet bei diesen ägyptischen Königen des frühen zweiten Jahrtausends v. Chr. in der klassischen

Antike Heldengeschichten erzählt auf welcher Grundlage die Beiträge dieses Tagungsbandes gehen systematisch der Frage nach wie diese Erzählungen entstehen und wachsen Es ist nicht ein einziger literarischer König Sesostrius Vielmehr reichert die literarische Tradition über zwei Jahrtausende den Stoff um die späteren Scheschonq Könige an macht Sesostrius zu einem internationalen Helden demotischer Erzählungen und führt zum griechischen Sesonchosis Roman All dies geschieht in einem internationalen kulturellen Rahmen A Brief History of Egypt Arthur Goldschmidt, 2008 Chronicles the history of Egyptian politics economics social and cultural developments from ancient times to the present **The Art of Medicine in Ancient Egypt** James P. Bolshakov, 2005 The book is the first complete publication of a relatively small but interesting collection of Old Kingdom monuments in the State Hermitage Museum St Petersburg Twenty two pieces are reproduced as black and white photographs and line drawings Among them are two statues fourteen reliefs and relief fragments five offering stones and a fragment of an ointment tablet several objects in museums of Cairo Copenhagen and Cambridge belonging to the same people are published as well Most of these monuments were never published or are known only through books and periodicals in Russian that usually are not available in Egyptological libraries Although the Hermitage pieces were acquired at antiquities dealers without any documentation their modern history is traced and in a half of cases either their provenance is reconstructed or related monuments are found A limited number of monuments allowed the author to discuss them to a much greater extent than it is common in museum publications and thus the book in spite of its structure of a catalogue virtually is a detailed study of various problems of Old Kingdom history and ideology
