McNally,2005-06-02 The Egyptologist acclaimed for re dating the Great Sphinx at Giza sets his sights on one of the true mysteries of antiquity the Great Pyramid of Giza What is the Great Pyramid of Giza Ask that basic question of a traditional Egyptologist and you get the basic traditional answer a fancy tombstone for a self important pharaoh of the Old Kingdom This Egyptologists argue is the sole finding based on the data and the only deduction supported by science By implication anyone who dissents from this point of view is unscientific and woolly minded a believer in magic and ghosts Indeed some of the unconventional ideas about the Great Pyramid do have a spectacularly fabulous ring to them Yet from beneath the obvious terms of this controversy a deeper more significant question arises how is it that the Great Pyramid exercises such a gripping hold on the human psyche adding cryptic grace to the back of the one dollar bill and framing myriad claims of New Age pyramid power In Pyramid Quest Robert M Schoch and Robert Aquinas McNally use the rigorous intellectual analysis of scientific inquiry to investigate what we know about the Great Pyramid and develop a stunning hypothesis This ancient monument is the strongest proof yet that civilization began thousands of years earlier than is generally thought extending far

back into a little known time In tracing that story we come to understand not only the Great Pyramid but also our own origins as civilized beings

Found in Translation - Genesis One J. Roland Kent, 2016-02-23 J R Kent has solved a 2 500 year old mystery that defies both religion and science Hidden in the thirty one verses of Genesis One is a message so powerful it could ultimately change the course of global events Our hi tech world is barely a century old and already life altering environmental terrorist political economic and health threats pose potentially dire consequences for our future However many of the ancient advanced civilizations such as the Egyptians the Greeks the Romans and the Mayans of Central America endured for thousands of years So what was their secret and how is it revealed in the Genesis verses Genesis One is an ancient creation account for the earth plants animals and humankind However when reading these verses they may seem bewildering and out of the natural order The premise of this book illustrates in startling detail that this amazing story in fact perfectly correlates with the theories of modern science There are several reasons why this mystery has not been revealed until now First an ancient author wrote this account in the original Hebrew language but the actual evolutionary sequence of the Earth that he so accurately revealed has been lost in translation by the many biblical versions that followed Second the discoveries of modern science now put us at a point in time when this correlation has now been found in translation This revelation then begs two questions How was this knowledge possible in ancient times and who wrote it

The Pyramid Age Emmet John Sweeney, 2007 Ages in Alignment **The Secret Chamber of Osiris** Scott Creighton, 2014-12-15 Reveals the true purpose behind the pyramids of Giza and the location of the secret vault of Egyptian treasures hidden on the Giza plateau Details how the first 16 pyramids represent the allegorical dismembered body of Osiris and the legendary missing part is a secret underground chamber Explains how the pyramids were built as recovery vaults and with the secret chamber contained everything needed to rebuild civilization after the Deluge Examines the technology used to build the pyramids and fly the stones into place After nearly 200 years of the pyramid as tomb theory a growing body of evidence suggests the first 16 pyramids of ancient Egypt were not royal tombs but nearly indestructible recovery vaults designed to revive civilization after an anticipated major catastrophe the Deluge of Thoth Scott Creighton examines the prophecy of catastrophe and the ancient Egyptians massive undertaking to ensure the survival of their civilization He

explains how the pyramids acted as easily located storehouses for seeds tools and civilizing knowledge yet they would have been too visible to house the precious treasures necessary to restore the rich culture of ancient Egypt For this the ancients created a secret chamber whose existence was hidden in myth and whose location was encoded in the Giza pyramids Creighton shows how collectively the first 16 pyramids represent the allegorical dismembered body of Osiris the Egyptian god of agriculture and rebirth and as in the myth of Osiris one part is missing or hidden a secret chamber under the sands of the Giza plateau Creighton reveals how the 3 great pyramids of Giza point to the secret location and how they were built with technology akin to modern hot air balloons used to fly the stones into place as cited in Egyptian legends and shown in ancient art Offering a new understanding of this remarkable civilization the author concludes with a startling revelation shortly after he revealed the location of the secret chamber of Osiris a location never before explored it became the site of a major excavation by the Egyptian authorities the results of which have yet to be made public

Conspiracy A.M. Cornford, 2012-02-24 The book that you are holding is not intended to be prophetic but will expose the nature of an approaching delusion that was prophesied about 2000 years ago The delusion itself will be of such power that it will affect all mankind and will quite likely be the catalyst that will unite the different faiths to a greater or lesser degree This book will answer some difficult questions and explain how a very timely biblical Truth has been subtly hidden over the years which will result in causing great confusion for many Christians of all denominations in perhaps the not too distant future If what I am presenting in these pages is correct then this is a book that needs to be read by every Christian If I am wrong then I expect to spend the rest of my life with egg on my face However the conviction that I have had that has caused me to write this in the first place is deep enough for me to take that chance

Volume II J. Marc. Merrill, 2012-06-28 From Chapter 5 By a quirk of fate says Darcie Conner Johnston the eruption of Mt Vesuvius in 79 AD caught Pompeii at a time of great spiritual change As a gateway south and east to Greece and Egypt and the Eurasian landmass beyond the city was heir to a panoply of faiths A host of foreign gods had begun to usurp the positions of the venerable Olympian deities and the imperial Roman pantheon Christians were likely to have been here as well though the evidence of their presence is sketchy Page 71 of Pompeii The Vanished City Besides the evidence that has already been presented more remains to demonstrate that once again the accepted historical point of view is incorrect For example This second volume of Building Bridges of Time Places and People presents the overwhelming evidence that some of the most prominent leaders of the New Testament Church left the lands of Judea and Galilee when war between Rome and the Jews seemed certain and they settled in Pompeii and Herculaneum These leaders included Simon Peter Paul Luke and John Mark the author of The Gospel of Mark They were accompanied by converts such as Cornelius the centurion who was the first Gentile to be baptized and by the mother of Christ This volume also investigates the town of Sepphoris in Galilee and makes a compelling case for the claim that the Messiah of the New Testament grew up there rather than in Nazareth his identity

The Dunciad in Four Books Valerie

Rumbold, 2014-06-11 The Dunciad in Four Books of 1743 was the culmination of the series of Dunciads which Alexander Pope produced over the last decade and a half of his life It comprises not only a poem but also a mass of authorial annotation and appendices and this authoritative edition is the only one available which gives all the verse and the prose in a clearly laid out form with a full modern commentary Accessibly presented on the same page as Pope's text are explanatory notes written in a style adapted to the needs of undergraduate readers but still comprehensive enough to address the interests of scholars The many books and pamphlets to which Pope refers have been examined in detail and the commentary takes advantage of the fifty years scholarship on literary bibliographical cultural and political aspects of the period which has accumulated since James Sutherland's The Dunciad volume five of the Twickenham Edition A substantial introduction offers a stimulating and helpful approach to the work and the bibliography includes extensive suggestions for further reading
