Mahoney, 1980 **A Companion to Eighteenth-Century Poetry** Christine Gerrard, 2014-02-10 A COMPANION TO EIGHTEENTH CENTURY POETRY A COMPANION TO EIGHTEENTH CENTURY POETRY Edited by Christine Gerrard This wide ranging Companion reflects the dramatic transformation that has taken place in the study of eighteenth century poetry over the past two decades New essays by leading scholars in the field address an expanded poetic canon that now incorporates verse by many women poets and other formerly marginalized poetic voices The volume engages with topical critical debates such as the production and consumption of literary texts the constructions of femininity sentiment and sensibility enthusiasm politics and aesthetics and the growth of imperialism The Companion opens with a section on contexts considering eighteenth century poetry's relationships with such topics as party politics religion science the visual arts and the literary marketplace A series of close readings of specific poems follows ranging from familiar texts such as Pope's *The Rape of the Lock* to slightly less well known works such as Swift's *Stella* poems and Lady Mary Wortley Montagu's *Town Eclogues* Essays on forms and genres and a series of more provocative contributions on significant themes and debates complete the volume The Companion gives readers a thorough grounding in both the background and the substance of eighteenth century poetry and is designed to be used alongside David Fairer and Christine Gerrard's *Eighteenth Century Poetry An Annotated Anthology* 3rd edition 2014 **Restoration and 18th-century Prose and Poetry** Pat Rogers, 1983 **Eighteenth Century English Literature and Its Cultural Background** James Edward Tobin, 1967 *Annotation in Eighteenth-Century Poetry* Michael Edson, 2017-10-18 Recent

years have witnessed a growing fascination with the printed annotations accompanying eighteenth century texts Previous studies of annotation have revealed the margins as dynamic textual spaces both shaping and shaped by diverse aesthetic historical and political sensibilities Yet previous studies have also been restricted to notes by or for canonical figures they have neglected annotation's relation to developments in reading audiences and the book trade and they have overlooked the interaction even tension between prose notes and poetry a tension reflecting eighteenth century views of poetry as aesthetically superior to prose Annotation in Eighteenth Century Poetry addresses these oversights through a substantial introduction and eleven essays analyzing the printed endnotes and footnotes accompanying poems written or annotated between 1700 and 1830 Drawing on methods and critical developments in book history and print culture studies this collection explores the functions that annotation performed on and through the printed page By analyzing the annotation specific to poetry these essays clarify the functions of notes among the other paratexts including illustrations by which scholars have mapped poetry's relation to the expanding book trade and the class specific production of different formats Because the reading and writing of poetry boasted social and pedagogical functions that predate the rise of the note as a print technology studying the relation of notes to poetry also reveals how the evolving layout of the eighteenth century book wrought significant changes not only on reading practices and reception but on the techniques that booksellers used to make new poems steady sellers and antiquarian discoveries legible to new readers Above all analyzing notes in poetry volumes contributes to larger inquiries into canon formation and the rise of literary studies as a discipline in the eighteenth century

Patriotism and Poetry in Eighteenth-Century Britain Dustin Griffin, 2005-11-17 The poetry of the mid and late eighteenth century has long been regarded as primarily private and apolitical in this wide ranging study Dustin Griffin argues that in fact the poets of the period were addressing the great issues of national life rebellion at home imperial wars abroad an expanding commercial empire an emerging new British national identity Taking up the topic of patriotic verse Griffin shows that poets such as Thomas Gray Christopher Smart Oliver Goldsmith and William Cowper were engaged in the century long debate about the nature of true patriotism

Restoration and Eighteenth-Century Poetry 1660-1780 (Routledge Revivals) Eric Rothstein, 2014-10-10 Restoration and Eighteenth Century Poetry 1660 1780 originally published in 1981 considers poetry written between 1660 and 1780 a period which although largely recovered from its nineteenth century reputation still attracts widely varying critical responses Abandoning the old labels such as neoclassicism romanticism and sensibility the author focuses on descriptions of genres and their formal elements and traces the broader patterns of literary and historical change running through the period Eric Rothstein describes different poetic modes panegyric satire pastoral

and topographical poetry the epistle and the ode to suggest their aesthetical possibilities as well as their process of change. He also considers style and the uses of the past topics which have often caused particular problems for the students of the period. What becomes clear is the extraordinary originality, flexibility and power with which Restoration and eighteenth-century poets handle the stylistic assumptions and the body of poems they inherited and employed in their own works.
