Book in America offer a sweeping chronicle of our country's print production and culture from colonial times to the end of the twentieth century. This interdisciplinary collaborative work of scholarship examines the book trades as they have developed and spread throughout the United States, provides a history of U.S. literary cultures, investigates the practice of reading and more broadly the uses of literacy, and links literary culture with larger themes in American history. Now available for the first time, this complete Omnibus ebook contains all 5 volumes of this landmark work.

American Rococo, 1750-1775 Morrison H. Heckscher, Leslie Greene Bowman, 1992. Published in conjunction with an exhibition organized by and held at the Metropolitan Museum of Art, New York and the Los Angeles County Museum of Art, this volume examines the American and British colonial manifestations of the European rococo style. Following an introductory chapter, separate chapters are devoted to architecture, engravings, silver, and furniture, plus iron, glass, and porcelain grouped together as factory products. Illustrated are 173 objects, many in color that are part of the exhibition, and some 50 related objects. Annotation copyrighted by Book News, Inc., Portland, OR.

From Sacred to Secular Barbara E. Lacey, 2007. This examination of illustrations in early American books, pamphlets, magazines, almanacs, and broadsides provides a new perspective on the social, cultural, and political environment of the late colonial period and the early republic. American printers and engravers drew upon a rich tradition of Christian visual imagery, used first to inculcate Protestant doctrines, regional symbolism, later served to promote reverence for the new republic. The chapters are devoted to *momento mori* imagery, children's readers, visionary literature, and illustrated Bibles. One chapter shows the demonization of the Indians, even as the Indian was being adopted as a symbol of America. Other chapters deal with propaganda for the American Revolution, canonization of leaders, secularized roles for women, and socialization of sites in the new nation. Throughout, analysis of image and text shows how the religious and the secular contrasted, coexisted, and intermingled in eighteenth-century America. Illustrated imprints. Barbara E. Lacey is a Professor of History at St. Joseph College. It includes more than 110 illustrations.

Art in a Season of Revolution Margaretta M. Lovell, 2007-02-13. Lovell delights, astonishes, and challenges us with her insightful new readings of early American paintings and material culture objects. *Journal of the Early Republic*.

Studies in Ephemera Kevin Murphy, Sally O'Driscoll, 2013-01-30. *Studies in Ephemera: Text and Image in Eighteenth-Century Print* brings together established and emerging scholars of early modern print culture to explore the dynamic relationships between words and illustrations in a wide variety of popular, cheap print.

from the seventeenth to the early nineteenth century While ephemera was ubiquitous in the period it is scarcely visible to us now because only a handful of the thousands of examples once in existence have been preserved Nonetheless single sheet printed works as well as pamphlets and chapbooks constituted a central part of visual and literary culture and were eagerly consumed by rich and poor alike in Great Britain North America and on the Continent Displayed in homes posted in taverns and other public spaces or visible in shop windows on city streets ephemeral works used sensational means to address themes of great topicality The English broadside ballad of central concern in this volume grew out of oral culture the genre addressed issues of nationality history gender and sexuality economics and more Richly illustrated and well researched Studies in Ephemera offers interdisciplinary perspectives into how ephemeral works reached their audiences through visual and textual means It also includes essays that describe how collections of ephemera are categorized in digital and conventional archives and how our understanding of these works is shaped by their organization into collections This timely and fascinating book will appeal to archivists and students and scholars in many fields including art history comparative literature social and economic history and English literature Contributors Georgia Barnhill Theodore Barrow Tara Burk Adam Fox Alexandra Franklin Patricia Fumerton Paula McDowell Kevin D Murphy Sally O Driscoll Ruth Perry **Reading**
