Elton,2009-12-10 The twenty five year period following the Second World War saw an enormous expansion of activity in the writing of the history of modern Britain and with that expansion a major transformation of the state of knowledge in many parts of the area First published in 1970 this Revivals reissue which includes an extensive coverage of books and a reasonable selection of articles endeavours both to survey the work done and to reduce it to some comprehensible order It indicates achievements and probable lines of development and collects the materials that have grown around the main controversies Omitted are local history in the main and the history of empire and commonwealth except where the latter really arises out of the affairs of the mother country There are special sections on social history the history of ideas Scotland and Ireland      **The Literary History of England** Donald F. Bureau of

the Census, United States. Bureau of the Census. Statistical Research Division, 1964      **Religious Rivalries in the Early Roman Empire and the Rise of Christianity** Leif E. Vaage, 2010-10-30 Religious Rivalries in the Early Roman Empire and the Rise of Christianity discusses the diverse cultural destinies of early Christianity early Judaism and other ancient religious groups as a question of social rivalry The book is divided into three main sections The first section debates the degree to which the category of rivalry adequately names the issue s that must be addressed when comparing and contrasting the social success of different religious groups in antiquity The second is a critical assessment of the common modern category of mission to describe the inner dynamic of such a process it discusses the early Christian apostle Paul the early Jewish historian Josephus and ancient Mithraism The third section of the book is devoted to the rise of Christianity primarily in response to the similarly titled work of the American sociologist of religion Rodney Stark While it is not clear that any of these groups imagined its own success necessarily entailing the elimination of others it does seem that early Christianity had certain habits both of speech and practice which made it particularly apt to succeed in the Roman Empire      Bibliography of Social Science Periodicals and Monograph Series United States. Bureau of the Census, 1962      Bibliography of Social Science Periodicals and Monograph Series: Norway United States. Bureau of the Census, 1961      **Foreign Social Science Bibliographies** , 1964      **Formation of English Neo-Classical Thought** James William Johnson, 2015-12-08 This book reexamines some of the prevalent critical assumptions about English Neo Classical thought and literature and tests them by viewing Neo Classicism within its intellectual tradition and its self defined limits Originally published in 1967 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905      Montesquieu and Social Theory John Alan Baum, 2013-10-02 Montesquieu and Social Theory details Montesquieu s contribution to sociology The title chronicles Montesquieu s work that led to establishing the fundamentals and principles of sociology The text first details Montesquieu s biographical account and then proceeds to discussing the Montesquieu s motivation in his works The next chapters encompass Montesquieu s works which include Persian Letter Considerations on the Causes of the Greatness of the Romans and their Decline and On The Spirit of the Laws The last chapter details Montesquieu s influence in the late 18th and early 19th centuries The book will be of great interest to anyone who has a keen interest in the development of social science      **The Source: the Self and Its Contradictions in the Eighteenth Century Autobiography** Alda Blanco, 1983      *Foreign Social Science Bibliographies* United States.
