**London** Jan Bondeson,2015-06-28 Which of Greater London s most gruesome murders happened in your street And were they committed by Graham Frederick Young the poisoner of the North Circular Road by the murderous Donald Hume or by that monster Dennis Nilsen Sometimes quiet suburban terraces hide the most terrible secrets Read about the Hampstead Triangle home to a surprising number of celebrated murders as well as another triangle of violent deaths in Kensal Rise and ponder some very mysterious unsolved murders Armed with this book and a good London map you will be able to do some murder house detection work of your own      *Modern Murders* Lee Michael-Berger,2023-05-03 Modern Murders is the first comprehensive study of murder representations during the turn of the century drawing on previously neglected archival material to explore the intellectual cultural and artistic contexts of the period Most studies view the abundance of murder representations throughout the nineteenth century as an indicator of a supposedly typical Victorian appetite for sensation and melodrama Modern Murders however demonstrates the turn of the century s backlash against melodramatic and sensational representations of murder and reads them as an important component in the struggles for better aesthetic standards in art and entertainment and as a dominant feature in the debates on mass culture Through a plethora of visual and written texts representations of fictional and actual real life murders and high and popular forms of writing the volume considers the importance of murder in the elite claim to cultural authority versus its perception of plebian taste in the context of the democratization of culture This book will be of value to scholars and graduate students in a variety of research

areas as well as general readers interested in the role of murder as a central trope in modern art and culture **The Murders in Great Diddling** Katarina Bivald, 2024-08-13 2024 Lillian Jackson Braun Edgar Award Nominee The best stories are the ones we didn't know needed to be told The small rundown village of Great Diddling is full of stories author Berit Gardner can feel it The way the villagers avoid outsiders the furtive stares and whispers in the presence of newcomers Berit can sense the edge of a story waiting to be unraveled and she's just the person to do it In fact with a book deadline looming over her and no manuscript not even the idea for a manuscript truth be told Berit doesn't just want this story She needs it Then while attending a village tea party Berit becomes part of the action herself An explosion in the library of the village's grand manor kills a local man and the resulting investigation and influx of outsiders sends the quiet rundown community into chaos The residents of Great Diddling each one more eccentric and interesting than any character Berit could have invented rewrite their own narrative and transform the death of one of their own from a tragedy into a new beginning Taking advantage of Great Diddling's new notoriety the villagers band together to start a book and murder festival designed to bring desperately needed tourists to their town What they couldn't have predicted is how the new story they've begun to tell will change all their lives forever Uplifting charming and laugh out loud funny *The Murders in Great Diddling* by New York Times bestselling author Katarina Bivald is a celebration of the life-changing magic of books and the people who love them

*Unsolved Murders In and Around Derbyshire* Scott Lomax, 2009-10-15 There is no such thing as the perfect crime Yet within these pages are thirteen twentieth century murders whose perpetrators have so far escaped justice Some may still be alive cold cases awaiting new forensic leads but others have taken their chilling secrets to the grave Read about the strange theatrical vagrant found brutally murdered in a brick works Also about the unfortunate girl strangled to death in a derelict building at Christmas a taxi driver killed by his passenger on a lonely road a police officer's girl friend who was sexually assaulted and murdered on moorland the dreadful killing of a servant girl two men shot dead on a quiet highway the discovery of mysterious and suspicious skeletal remains and not least the callous murderers who allowed innocent men to be stand trial Famous modern cases are also explored based on new research The Barbara Mayo murder is still in the memory of many Derbyshire people as is the Stephen Downing miscarriage of justice A compelling read for anyone interested in true crime *Unsolved London Murders* Jonathan Oates, 2009-03-19 The real life murder mysteries that rocked London between two world wars from the author of *Unsolved Murders of Victorian and Edwardian London* Unsolved crimes have a special fascination none more so than unsolved murders The shock of the crime itself and the mystery surrounding it the fear generated by the awareness a killer on the loose the insight the cases give into outdated police methods and the chance to speculate about the identity of the killer after so many years have passed all these aspects of unsolved murder cases make them compelling reading In this companion volume to his bestselling *Unsolved Murders of Victorian and Edwardian London* Jonathan Oates has selected over twenty haunting sometimes shocking cases from the period between the two world wars

Included are the shooting of PC James Kelly in Gunnersbury violent deaths associated with Irish Republican Army conspiracies the stabbing of the French acrobat Martial Lechevalier in Piccadilly the strychnine poisoning of egg seller Kusel Behr the killing by arsenic of three members of a Croydon family and perhaps most gruesome of all the case of the unidentified body parts found at Waterloo Station Jonathan Oates describes each of these crimes in precise forensic detail His case studies shed light on the lives of the victims and summon up the ruthless sometimes lethal character of London itself

Unsolved Murders in South Yorkshire Scott Lomax, 2013-05-02 Whilst the passage of time can and has uncovered many secrets killers could get away with their crimes in 1596 when Shakespeare penned these words and this is certainly the case in more recent times as Unsolved Murders in South Yorkshire clearly demonstrate The early chapters include cases of historic interest where killers certainly went to the grave in the knowledge they had got away with murder Cases include suspicious deaths which left detectives in South Yorkshire baffled but which were it would seem acts of callous murder which were not recognised as such due to dubious police opinions and practices There are also cases of clear murder such as a man shot in the head during the Victorian period whose killer was never identified The later chapters however feature more recent cold cases where there is still the possibility that the wicked men or women who were responsible for such acts of inhumanity may remain within our society Cases include a man murdered for less than 70 in a city centre multi storey car park a teenage girl abducted sexually assaulted and left dead on a dung hill a young mother who entered prostitution and died at the hands of a man with more than sex on his mind a pregnant woman who left home one day to go shopping but was found days later dead in a ditch with her throat cut and a disabled woman who was strangled in her home which was then set ablaze For some of these cases there is the chance that someone has information which despite the passage of decades could lead to one or more individuals standing trial for murder Justice can still prevail Sick of Shadows M. C.
