Een optimist in Andalusië

Het is een prachtige plek, met een prachtig uitzicht op de Middellandse Zee. Het is een plek waar de tijd stilstaat, waar de natuur haar pracht laat zien. Het is een plek waar de geschiedenis leeft, waar de cultuur zich uitstrekt over de eeuwen. Het is een plek waar de natuur en de mens samenleven in harmonie. Het is een plek waar de toekomst wordt geschreven.

Tourism and Migration C.M. Hall, A.M. Williams, 2013-06-29 The origins of this book lie in a project of the International Geographical Union Study Group on the Geography of Sustainable Tourism The theme Tourism and migration reflects the growing interests of tourism geographers in common with other geographers and social scientists to reach across traditional cleavages in the way research is undertaken and knowledge is formed In this instance the aim was to connect the largely discrete research domains of tourism studies and migration This was informed not only by awareness of the limitations of disciplinary barriers but also by the growing need to respond to the emergence of new forms of mobility and circulation which fitted uncomfortably into many of the analytical categories of tourism and migration studies The extension of property rights across boundaries e g second homes vacation homes and time shares space time convergence changing approaches to work and leisure and structural changes in economies and the demographic profiles of societies are only some of the factors which have generated these new forms of mobility These serve to bind places and individuals in new and challenging ways with implication for both movers and stayers The various chapters of this volume bring together a range of dimensions and locations within which to study the relationships between tourism and migration **Genesis on track** Stuart
