Veteran in Contemporary Society ,1972 **Public Health Service Publication** United States. Public Health Service,1968 *Partial Hospitalization* Raymond F. Luber,2013-03-13 There was a time not long ago when the only treatment options considered to be worthwhile for patients requiring psychiatric care were the 50 minute hour on the one hand or full time hospitalization on the other Most of us were convinced in those days that treatment could and indeed should take place with a minimum of involvement by the patient s family Nor did we really consider that the community in which a patient lived was a significant contributor to either his illness or its cure These naive assumptions were strongly challenged of course be ginning with the questions of social psychiatrists in the 50s and con tinuing with the quiet growth of the patients rights movement Thus it is no mere coincidence that when the community psychiatry movement emerged in the mid 60s as a powerful force for profound change in our traditional practice the concept of partial hospitalization which can be traced back at least 30 years became a symbol of the new social psychiatry Partial hospitalization had singular advantages well attuned to the times it did not force a separation between the patient and his family it cost far less to deliver than inpatient care and it avoided the stigma of institutionalization while still providing far more care than the traditional psychotherapeutic hour In a few years time several well controlled studies documented that virtually all patients who were cus tomarily treated on an inpatient basis could be effectively managed and treated in a day hospital **National Library of Medicine Catalog** National Library of Medicine (U.S.),1966 **A Quarter Century of Community Psychology** Tracey A. Revenson,Anthony R. D'Augelli,Sabine E. French,Diane Hughes,David E. Livert,Edward Seidman,Marybeth Shinn,Hirokazu Yoshikawa,2011-06-27 This work contains original research from the first 25 years of the American Journal of Community Psychology selected to reflect community psychology s rich tradition of theory empirical research action and innovative methods This volume will be of interest to community mental health workers social science and social work researchers health care professionals policymakers and educators in the fields of community and preventative psychology **Intensive Family Therapy** Ivan Boszormenyi-Nagy,James L. Framo,2013-06-17 The chapters of this volume were written for the purpose of surveying the field of intensive family therapy The book is not a compilation of previously published articles all of the chapters are original contributions written at the request of the editors The structure of the volume was determined by the editors experience with family therapy and their continuous exchange with other workers in the field through symposia personal discussions and in most cases direct observation of their work **Group Psychotherapy for Students and Teachers (RLE: Group Therapy)** Jerald Grobman,2014-09-19 Originally published in 1981 this is a carefully selected bibliography of group psychotherapy for both students and teachers The book is divided into three useful parts containing relevant journal articles and book chapters on a variety of topics The first part includes topics that would be useful for a seminar in basic analytic group psychotherapy Topics in the second part include group therapy with special patient populations group therapy in special settings special types of group therapy and research and outcome studies in group

therapy The third part covers group therapy with children All the articles can be used to develop specialized and specific literature seminars or to elucidate issues that arise in the clinical supervision of group psychotherapy
