G. H. James, 1998-07-07 Protected on two sides by wide deserts and on another by the sea the narrow strip of land watered and fertilized by the Nile was an ideal location for the development of the great civilization of Egypt From its beginnings below the first cataract of the Nile to its long and legendary magnificence at the Nile Delta ancient Egypt grew ever more prosperous and powerful first as two kingdoms then as one A Short History of Ancient Egypt provides a concise authoritative and richly illustrated overview of ancient Egypt from its rise from the marshes to its submission to Rome T G H James describes how in about 3100 B C the Egyptians first forged a unified administration and established a dynasty of kings He follows the development of Egypt s greatest achievements the organization of a national irrigation system learning to write and the construction of cities and tombs out of mud brick As their art became more distinctive and expressive and their

beliefs were shaped into religion Greek philosophers came to Egypt to study Tourists came to gape At first James explains the chief adversaries of Egyptians were themselves Civil strife could arise from floods or famines or from ambitious factions of the royal family But in time the bounty of Egyptian agriculture the grandeur of Egyptian art and buildings and the ostentation of Egyptian wealth excited the envy and aggression of other nations Although Egypt fought to retain its independence it succumbed at last under the conquests of Persia Greece and Rome *A Short History of Egypt* Marjory Veronica Seton-Williams,1989 Egypt enclosed as it is within desert borders and reliant on the River Nile is in many ways unique and its geographical isolation has presented a great opportunity for the country to develop along its own lines without invasion or outside influence In ancient times a strong central government a divine king and the part played by religion made Egypt an outstanding civilization Introducing the reader to different aspects of Egyptian history and describing the everyday life and religion of its people this book covers Egypt s fluctuating fortunes during the past 6000 years including Ancient Egypt the Ptolemaic period Muhammad Ali and the present day The author s numerous publications include *The Blue Guide to Egypt* *Egyptian Legends and Stories* and *Ptolemaic Temples* *A Short History of the Egyptian People* Sir Ernest Alfred Wallis Budge,1914 *A Short History of Ancient Egypt* Percy Newberry,2015-06-18 A Short History of Ancient Egypt is a concise but thorough overview of Ancient Egypt **A Brief History of Egypt** Arthur Goldschmidt,2008 Chronicles the history of Egyptian politics economics social and cultural developments from ancient times to the present **A Short History of the Egyptian People** E. [A Short History of Ancient Egypt \[Didactic Press Paperbacks\]](#) Percy Newberry, 2017-05-10 The purpose of these pages is to present a short history of Ancient Egypt from the founding of the monarchy until the disintegration of the empire 3 000 years afterwards The material for such a work has for many years been accumulating and we therefore venture to lay before those interested in Egypt and the students of allied subjects this attempt at an interpretation of the existing material upon historical principles The progress which research has made both in Egypt upon the ancient sites and in the study of the original language and literature has seemed to us sufficient authority for setting aside the traditions of later historians and accepting instead the evidence of the monuments as the ground for the opinions we have expressed It has been our aim to make no statement which does not rest upon the substantial basis of a fact Many of our opinions are new and they express our mutual explanation of the real meaning of the monuments arrived at often only after prolonged consideration Opinions of others may naturally differ from these interpretations and in this respect criticism which aims in scientific spirit at unravelling the real history will be welcomed Believing the general course of Egyptian history to be continuous we have avoided in the following pages so far as possible any use of those terms and arbitrary divisions of periods which tend to suggest repeated breaks in the sequence of events Chronology is certain only as far back as 1600 B C for dates before that time the latest possible year has been appended
